Black Cat Weekly #48 2023-12-22 a black cat who only ever goes out during the day and a white cat who only goes out at night meet in the middle and start a beautiful relationship together

LIFE Vampires 2020-12-08 the story of modernist architects in east central Europe the first half of the twentieth century witnessed the rise of modernist architects brokers of modernity reveals how east central Europe turned into one of the pre eminent testing grounds of the new belief system of modernism by combining the internationalism of the CIAM organization and the modernising aspirations of the new states built after 1918 the reach of modernist architects extended far beyond their established fields yet these architects paid a price when Europe's age of extremes intensified mainly drawing on Polish but also wider central and eastern European cases this book delivers a pioneering study of the dynamics of modernist architects as a group including how they became qualified how they organized communicated and attempted to live the modernist lifestyle themselves in doing so brokers of modernity raises questions concerning collective work in general and also invites us to examine the social role of architects today ebook available in open access this publication is GPRC labeled guaranteed peer reviewed content

Language, creoles, varieties 2015-06 a teenage girl who owns a black cat and dances naked in the moonlight becomes the object of a witch hunt in a small town in Virginia led by the local minister who

blames her for various ills the town council meets to banish her but journalist john charles poe rises to her defense

Black Cat, White Cat 2019-03-11 intentionality is one of the most frequently discussed topics in contemporary phenomenology and analytic philosophy this book investigates intentionality from the point of view of intentional objects according to the classical approach to this concept whatever can be consciously experienced is regarded as an intentional object thus not only ordinary existing individuals but also various kinds of non existents and non individuals are considered as intentional including such bizarre entities as quantifier objects some dog every dog alexius meinong an austrian philosopher is particularly well known as the inventor of an abundant ontology of objects among which even incomplete and impossible ones like the round square find their place drawing inspirations from meinong s ideas the author develops a simple logic of intentional objects m logic m logic closely resembles classical first order logic and as opposed to the formally complicated contemporary theories of non existent objects it is much more friendly in apprehending and applications however despite this resemblance the ontological content of m logic far exceeds that of classical logic in this book formal investigations are intertwined with philosophical analyses on the one hand m logic is used as a tool for investigating formal features of intentional objects on the other hand the study of intentionality phenomena suggests further ways of extending and modifying m logic audience the book is addressed to logicians cognitive scientists philosophers of language and metaphysics with either a phenomenological or an analytic background
