Queen Victoria's Mysterious Daughter

2015-12-08

the secrets of queen victoria s sixth child princess louise may be destined to remain hidden forever what was so dangerous about this artistic tempestuous royal that her life has been documented more by rumor and gossip than hard facts when lucinda hawksley started to investigate often thwarted by inexplicable secrecy she discovered a fascinating woman modern before her time whose story has been shielded for years from public view louise was a sculptor and painter friend to the pre raphaelites and a keen member of the aesthetic movement the most feisty of the victorian princesses she kicked against her mother s controlling nature and remained fiercely loyal to her brothers especially the sickly leopold and the much maligned bertie she sought out other unconventional women including josephine butler and george eliot and campaigned for education and health reform and for the rights of women she battled with her indomitable mother for permission to practice the masculine art of sculpture and go to art college and in doing so became the first british princess to attend a public school the rumors of louise s colorful love life persist even today with hints of love affairs dating as far back as her teenage years and notable scandals included entanglements with her sculpting tutor joseph edgar boehm and possibly even her sister princess beatrice s handsome husband like true to rebellious form she refused all royal suitors and became the first member of the royal family since the sixteenth century to marry a commoner she moved with him to canada when he was appointed governor general spirited and lively queen victoria s mysterious daughter is richly packed with arguments intrigues scandals and secrets and is a vivid portrait of a princess desperate to escape her inheritance

Queen Victoria's Mysterious Daughter

2015

in queen victoria s mysterious daughter lucinda hawksley delves into artistic and royal secrets to discover the life of princess louise whose true story has either been lost in history or has been deliberately kept secret the sixth child of queen victoria and prince albert had a difficult childhood and troubled adolescence a world away from the usual perception of the life of a privileged princess for such a prominent public figure much of her life story has been hidden away inside impenetrable walls what was so scandalous about this princess that her files in the royal archives and at her husband s home inveraray castle in scotland still need to be locked away can we believe as many do that louise in fact gave birth secretly to an illegitimate royal child an indomitable woman louise lived her life to the full in a manner that few 21st century readers would believe possible for a 19th century woman she lived through wars and revolutions as well as being a prominent member of the aesthetic art world princess louise was a passionate campaigner for women s rights health reform and education for all she travelled widely holidaying in europe africa and north america and she lived in canada for five years as the wife of the governor general here is our best evidence yet that queen victoria s many secrets have yet to be fully disclosed

Queen Victoria After Albert

few british monarchs have fit the time the tone or the energy of an era quite the way queen victoria mastered her reign from her ascension to the throne in 1837 to her death in 1901 her monarchy was one of spectacular advances in the british empire political scientific and industrial wonders were changing the world britain s influence reached all corners of the earth but there was one area that particularly intrigued the queen men keenly aware of the opposite sex her most trusted advisors were men lord melbourne her first prime minister was an avuncular presence then her beloved husband prince albert took the reins until his death in

1861 in a widowhood of forty years her ministers were a varied lot she adored disraeli disliked gladstone and found genuine friendship with lord salisbury then there was mr brown the scottish ghillie who she found wonderfully attractive later there was abdul karim the munshi or teacher with whom she had a motherly relationship she adored her son in law prince henry of battenberg the sunshine of their lives and was devastated when he died she also loved her grandson in law prince louis battenberg who was one of the executors of her will those years without albert were not barren loveless years they were not without happiness and pleasure even if the queen herself might protest

Journal of the Transactions of the Victoria Institute, Or Philosophical Society of Great Britain

1881

this lively biography of bishop edward cridge and his wife mary paints a vivid picture of early victoria as it developed from an isolated hudson s bay company post into the bustling capital of british columbia recruited

from england by governor james douglas in 1854 to be the church of england chaplain of fort victoria edward cridge became an important figure in the spiritual life of the city as the rector of christ church the cridges also became two of victoria s foremost social reformers leaving an indelible mark on british columbia s social institutions living through the terrible smallpox and black measles epidemics the latter taking four of their own children the inseparable pair worked to create the first hospital beginning with a few beds in a rented cottage and living to see it transformed into the royal jubilee as the first superintendent of education cridge played an essential role in b c s early school system when abandoned children were left at the parsonage door mary created victoria s first orphanage the biography also tells of cridge s very public argument with bishop hills a dispute that caused him to break with the church of england to found and build the church of our lord a reformed episcopal church which is today an historic victoria landmark included also are cameos by many of the notable people of the day such as emily carr who as a young girl lived opposite the cridge family
