### The Report: Oman 2014

2014-01-15

the sultanate s economy continues to enjoy the benefits of petroleum wealth which has provided budget surpluses in most years and served as a backbone for growth however planning is well under way for an era in which oil will not be the main economic driver with the twin goals of diversification and creating an increased number of private sector jobs at the top of the government s current agenda indeed in recent years the non opec oil exporter s economy has been undergoing a steady transformation reorienting from oil toward a more diverse set of service and industry based economic activities so far progress has been promising in 2011 oil and gas accounted for 38 8 of gdp with the continuation of higher than expected energy prices in 2012 the

subdued oil prices prompted a trimmed federal budget for 2016 as the uae like other countries in the region tightened its belt in response to falling hydrocarbons revenues however a sustained focus on economic diversification and targeted investment in abu dhabi s key non oil sectors in recent years means the emirate is well positioned to weather the storm looking forward plans for future development are mapped out in abu dhabi economic vision 2030 a comprehensive economic policy document that aims to reduce dependence on oil and gas thereby creating a more sustainable knowledge based economy for the emirate and its inhabitants aided by hydrocarbons reserves that are among the world s largest and substantial financial resources abu dhabi has built up a strong foundation to become a regional leader and an increasingly important global player in a wide variety of sectors including oil and gas financial services health care aviation and renewable energy
