**Textbooks? Not Yet—We Must Teach Character First!** 2011-01-31 looking for a better way well here it is this book is so practical it is scary really whether you are a first year teacher seasoned teacher an administrator or still in college trying to decide if the education route is for you this book works the author gives clearly detailed ideas guiding you through the first days and weeks of school she provides tables and charts to further articulate ideas about how to make the concepts work she does not leave anything out the title may seem a bit unorthodox but there is a reason for that textbooks and information alone do not engage our children in the classroom or in life when we teach them how to develop their individual and collective sense of character first they become engaged in learning and never look back this book is a must read for any organization on the cutting edge of education today

*English Teaching Forum* 2003 this books offers new ways to think about teaching excellence in higher education and presents a definition of the concept of teaching excellence it offers a fresh interpretation of boyers famous account of scholarship as the foundation of university teaching to fully understand the nature of teaching excellence in higher education the book gives an account of the various dimensions of the domain of university teaching and the core drivers required to bring those domains to life the idea of empowerment underlies the journey to excellence in teaching the book argues that university lecturers aspiring to become excellent should be active agents strongly pursuing the development of their perfectible abilities required for high quality teaching the work draws on recent developments in virtue theory to set out the qualities of character requisite for guiding and driving university lecturers to grow and develop into excellent teachers

*Empowerment for Teaching Excellence Through Virtuous Agency* 2021 this text is designed specifically to meet the needs of preservice teachers who have had little experience working in middle grade classrooms three ideas are central teaching language arts at the middle level is a complex activity that demands expertise in the use of a variety

of strategies reading and writing are key processes of language arts study but so are speaking listening and viewing visually representing and teaching the processes of effective communication is crucial but middle school students must also begin to learn the content of the field literature language and media teaching language arts in middle schools gives balanced attention to various teaching strategies processes and content demonstrating how all of these connect to improve students abilities to communicate in this text research and theory are summarized and applied to practice a non prescriptive approach is integrated with practical information debates in the field are acknowledged additional reading and research are emphasized the author s voice and point of view are explicit
