spiritism when no many through the loss of loved ones in the great world war are longing to communicate with the dead and are sorting to forbidden means to that end a day in which science is trying to discover whether there is another world than this and whether men live after death and if so they can they communicate with the living it seems timely that a book should be written to show what the holy scriptures have revealed of the world of spirits the bible has much to say about the spirit world and if we will carefully search its pages we shall know all there is to be known in this life of the world to come for if men will not listen to moses and the prophets they will not be persuaded though one rose or came back from the dead luk 16 31 this book covers all phases of the spirit world it treats of the powers of good and evil of the under world of satan the fallen angels demonism the intermediate state and of heaven and hell as well as the resurrection of the body and the judgments of the righteous and wicked the prayer of the author is that the holy spirit will use the book to free those who are entrapped in the net of spiritism and cause the curious and sorrowing to turn to the word of god for help and the answer to their questioning this classic includes the following chapters i the spirit world ii the tri unity of god iii satan iv the fallen angels v demonism vi the underworld vii the spirits in prison viii natural law in the spirit world ix the relation of the spirit world to the natural world x man's relation to the spirit world xi soul sleep xii the intermediate state xiii recognition and relationship in the spirit world xiv the final state xv the abolition of death xvi spirit transformation xvii the resurrection xviii the resurrection body xix the judgments the bible speaks differently of the transference of spirits from the secular world it speaks of the transference of the anointing of the holy spirit from one person to another person or people this will result in the person or people to whom the spirit has been transferred walking in similar or even greater manifestation of the spirit than the person from whom it was transferred we see this in elisha who did twice as much miracles as his spiritual father elijah after he received the mantle or transference of his twain spirit the bible records that exactly twice as much miracles were done in the ministry of elisha to that of elijah elijah's last miracle the parting of river jordan was elisha's first consequently he took off from where his spiritual father had stopped and advanced further beyond him excerpt from voices of the spirit ever that moments of devotion are moments of mental vacancy the wings on which the spirit soars must always be wings of thought there fore in every one of these meditations i have tried to express a distinct idea i have endeavoured to exhibit in their fulness and in their variety the different phases of the spiritual life and the which has been mingled with the divine spirit rom 8 16 1 cor 6 17 in the new testament age god is doing a specific work in his son and through the holy spirit he is entering into people that they may be filled with the element of god and he is bringing these people who are filled with his element into himself this is the mingling of god with man this is the building of god the believers who have been mingled with god are built up together in him the builded church is not composed of only human beings rather the building of the church is accomplished by building god into man when god is in all of us and we are in god we are one body this is the way that we are built together this building depends on the new testament priests these priests are not a special class of believers but rather the believers who are in spirit and can be built together in god in order for the church to be built up it is necessary for every believer to enter into the holy of holies and carry out their priestly service that is to pray in their spirit only by praying in our spirit can we become living stones that are being built together 1 pet 2 5 the present need is for the believers to be built together in spirit to become a living spiritual temple as the body of christ for him to obtain rest to be expressed and to be glorified we the elders have done our best to represent our red nation as ojibway cree and dakota we present this story knowing it is an attempt to capture the richness and beauty of the red nation a people of the heart and the land we are an oral people we cannot transfer our way of life through written words alone sacred law must be spoken and heard our way of life is meant to be lived and experienced our words are meant to inspire and guide our fellow human beings to follow the path of the heart we believe that there is one creator for all that there is one mother earth that sustains all of us we do not own the earth how can anyone own their mother we owe our existence to mother earth we believe that the spirit of the original red man was lowered to mother earth and our spirit chose to be born on turtle island this story tells of our human life and journey until our return back to the spirit world we believe the creator has always been within our reach and that we have to return to the earth to be guided to our true purpose when the spirit enters the scene people change the fallen find redemption the fearful find freedom the broken find hope and healing for a new beginning but how do we trust a spirit we struggle to know and understand story of the spirit breaks down barriers of confusion and controversy by exploring his partnerships with real people in the old testament through the eyes of leaders like mooses and gideon and lesser known heroes like jephthah and bezalel we discover a spirit who champions second chances emboldens the insecure restores lost peace and purpose transforms places of wounding into places of worship it s time to turn the page in our perception of the holy spirit and awaken his powerful presence in our lives he is more than a riddle to unravel or mystery to solve he is a person we were always meant to know knowing him inspires trust trusting him transforms the unfolding chapters of our own story with potential made possible only in relationship with the whole of who god is father son and spirit this is a new offered as a means of extending that conversation inspired by loder s interdisciplinary practical theological science and his discernment of the logic of the spirit they are offered with confidence that the same spirit continues to work in all persons who hope for the spirit s redemptive transformation of all creation beginning with children the theme of the testimony of the spirit of god is found in various biblical writings but it has received inadequate attention in recent theology biblical studies and the philosophy of religion this book corrects that inadequacy from an interdisciplinary perspective including theology biblical studies philosophy of religion ethics psychology aesthetics and apologetics the book includes previously unpublished work on the topic of the testimony of the spirit in connection with its role in biblical literature an ontology of the spirit conscience and the voice of god moral knowledge religious diversity and spiritual testimony The Way of the Spirit 1906 what would the church look like if Christians saw their lives as constituted by the Spirit's presence to live as Jesus lived in a time when being led by the Spirit is defined more by achieving the American dream than by Jesus's life answering this question rightly seems all the more critical for the church to survive in a culture increasingly hostile to Christianity building upon the work of post-Constantinians John Howard Yoder and Stanley Hauerwas and upon the Trinitarian Spirit Christology of Leopoldo Sanchez this account of the Christian life provides a framework for seeing one's Christian life as one transformed by the Spirit to live in the resurrection reality of Jesus's sonship with the Father in the Spirit in the process one will discover that for Jesus being led by the Spirit meant trusting his Father to the point of death on a cross trusting God to resurrect him even if he did not save him should it mean the same for Christians today if so this would require the church to reimagine its ministries for the Spirit to work repentance and faith rather than simple agreement for Christians living in the Spirit their lives might look very different
