midst may your experience be enlightening empowering and affirming let spirit be your guide and may you arrive safely to in the midst this mission movement is laid out some in the book this is a spiritual journey that seek empowerment for the people the have nots can have alot apples for all is the slogan that is like occupy wall street and other cause that want equeal life for all not 1 over 99 please be apart of this movement to up lift people we seek to come up without knocking others down apples for all rise and be wise devil desprise and love is the prize this movement will move mountains and our goal is high enough its time to get tough knowing life has been rough on us its a time its our time the exercises in this book are carefully graded to take readers step by step through an actual out of body experience words are your identity your road traveled the foundation of your thoughts and your relationships words describe your past present and future all of your being is translated into words once put into motion words cannot turn back words impact on your life and form history the words you choose to use are your signature what words you use and how do you use them lead us not into temptation is a spiritual book as given to me by god this book is different from other spiritual books in that it connects man with his sole link to god and that is through his own soul regardless of one s religion or persuasion this book is for all people to find their way back to god for secularism religion and intellectualism have failed miserably in bringing true peace and love into this world be it in the past our present and probably in our future also jesus once said truly truly you must be born again of the spirit for that which is of water is water the body and that which is of spirit is spirit for the father is spirit and for us to worship him we must worship in spirit and in truth this is a universal law the same for all people all over the world regardless of their religious beliefs for we all worship the same one god and he must be worshipped in spirit and in truth the purpose of this book is to help people change from their secular life to a spiritual life and to develop a closer walk with god in their daily lives by which we then begin to worship god the father in spirit and in truth this is the one pathway never chosen by man and is the pathway to peace on earth and good will towards all men it is the pathway to the salvation for all mankind part one lead us not into temptation explores the history of man back to the garden of eden and the first temptation where man falls from grace man after that incident embarks on a journey of secularism worldliness and materiality which only separates him more and more from god although man has had the opportunity to live in the time of the great prophets of god and with jesus himself he has still maintained a steady course in his secular worldly lifestyle constantly refusing to follow the spiritual path of god this stubbornness of man has brought him to where we find our

world today in the grips of a huge recession and probably a depression and world tensions and terrorism threatening the peace of the world part two deliver us from evil teaches how one can develop a life of spirituality and redemption from both god and from oneself i begin with the prophecies of god as given to us in the holy bible and in the bible codes i explain how these prophecies line up with our generation living on earth right now and are 100 accurate and have all been fulfilled to date they are god s warning to us that we cannot go on living worldly secularly lives for we are reaching the end of the road the end times as predicted in the bible it is a warning meaning we can change the future from doom and gloom to eternal bliss but it is up to each of us that unless we are willing to make some very fundamental changes in our lives towards one another and to god we won t survive as a civilization that without faith hope and love in god we are doomed to repeat our mistakes i teach the power of prayer and how that through prayer with god one will find the answer and changes for their lives i show how a prayer life is the only link we have to god the father through daily prayer one will begin the process of recreating a life of spirituality i teach the principles of a spiritual life and the fruits of god s holy spirit how god works the fruits into your life changing you from your former self imperfections and dislikes into the new person filled with the wonderful fruits of god s holy spirit i explain that the key of life is love for without love there could be no god no universe no us this book is for all people of all races all religions to find the cure to life that has escaped them all through the years it will unite the reader to a one to one relation with god and a healing and rebirth for their souls this is a great time to be a girl growing up in the world in total package girl author kristi hoffman captures the moment with wonderful tips and ideas for girls everywhere have fun with it christine brennan usa today sports columnist television commentator and best selling author meet the total package girl she s got it all going on she stays confident fun and real she brilliantly navigates the 24 7 cyber popularity world she s unstoppable when it comes to pursuing her dreams and best of all she truly knows and loves herself how does the amazing total package girl do it truth is she knows something other girls don t the secret weapons for being strong real and successful life s not always going to be easy when things get bumpy and the path gets tricky total package girl is here to provide the intelligence skills and tools girls need to navigate the tech driven 21st century world this go to book uses hashtags me quizzes and power quotes to help girls tackle such issues as confidence struggles cyber bullying body image and peer pressure in total package girl author kristi k hoffman reveals a master plan for every girl to be her ultimate self in body brain and spirit to live the total package lifestyle this book is for every girl

lead us not into temptation is a spiritual book as given to me by god this book is different from other spiritual books in that it connects man with his sole link to god and that is through his own soul regardless of one s religion or persuasion this book is for all people to find their way back to god for secularism religion and intellectualism have failed miserably in bringing true peace and love into this world be it in the past our present and probably in our future also jesus once said truly truly you must be born again of the spirit for that which is of water is water the body and that which is of spirit is spirit for the father is spirit

and for us to worship him we must worship in spirit and in truth this is a universal law the same for all people all over the world regardless of their religious beliefs for we all worship the same one god and he must be worshipped in spirit and in truth the purpose of this book is to help people change from their secular life to a spiritual life and to develop a closer walk with god in their daily lives by which we then begin to worship god the father in spirit and in truth this is the one pathway never chosen by man and is the pathway to peace on earth and good will towards all men it is the pathway to the salvation for all mankind part one lead us not into temptation explores the history of man back to the garden of eden and the first temptation where man falls from grace man after that incident embarks on a journey of secularism worldliness and materiality which only separates him more and more from god although man has had the opportunity to live in the time of the great prophets of god and with jesus himself he has still maintained a steady course in his secular worldly lifestyle constantly refusing to follow the spiritual path of god this stubbornness of man has brought him to where we find our world today in the grips of a huge recession and probably a depression and world tensions and terrorism threatening the peace of the world part two deliver us from evil teaches how one can develop a life of spirituality and redemption from both god and from oneself i begin with the prophecies of god as given to us in the holy bible and in the bible codes i explain how these prophecies line up with our generation living on earth right now and are 100 accurate and have all been fulfilled to date they are god s warning to us that we cannot go on living worldly secularly lives for we are reaching the end of the road the end times as predicted in the bible it is a warning meaning we can change the future from doom and gloom to eternal bliss but it is up to each of us that unless we are willing to make some very fundamental changes in our lives towards one another and to god we won t survive as a civilization that without faith hope and love in god we are doomed to repeat our mistakes i teach the power of prayer and how that through prayer with god one will find the answer and changes for their lives i show how a prayer life is the only link we have to god the father through daily prayer one will begin the process of recreating a life of spirituality i teach the principles of a spiritual life and the fruits of god s holy spirit how god works the fruits into your life changing you from your former self imperfections and dislikes into the new person filled with the wonderful fruits of god s holy spirit i explain that the key of life is love for without love there could be no god no universe no us this book is for all people of all races all religions to find the cure to life that has escaped them all through the years it will unite the reader to a one to one relation with god and a healing and rebirth for their souls
