modern japan offers us a view of a highly developed society with its own internal logic eiko Ikegami makes this logic accessible to us through a sweeping investigation into the roots of japanese organizational structures she accomplishes this by focusing on the diverse roles that the samurai have played in japanese history from their rise in ancient japan through their dominance as warrior lords in the medieval period and their subsequent transformation to quasi bureaucrats at the beginning of the tokugawa era the samurai held center stage in japan until their abolishment after the opening up of japan in the mid nineteenth century this book demonstrates how japan s so called harmonious collective culture is paradoxically connected with a history of conflict ikegami contends that contemporary japanese culture is based upon two remarkably complementary ingredients honorable competition and honorable collaboration the historical roots of this situation can be found in the process of state formation along very different lines from that seen in europe at around the same time the solution that emerged out of the turbulent beginnings of the tokugawa state was a transformation of the samurai into a hereditary class of vassal bureaucrats a solution that would have many unexpected ramifications for subsequent centuries ikegami s approach while sociological draws on anthropological and historical methods to provide an answer to the question of how the japanese managed to achieve modernity without traveling the route taken by western countries the result is a work of enormous depth and sensitivity that will facilitate a better understanding of and appreciation for japanese society

## **Game On, Hollywood! 2013-02-06**

i don t blame my executioners i will pray god bless them so said general tomoyuki yamashita japan s most accomplished military commander as he stood on the scaffold in manila in 1946 his stoic dignity typified the man his u s army defense lawyers had come to deeply respect in the first war crimes trial of world war ii moments later he was dead but had justice been served allan a ryan reopens the case against yamashita to illuminate crucial questions and controversies that have surrounded his trial and conviction but also to deepen our understanding of broader contemporary issues especially the limits of command accountability the atrocities of 1944 and 1945 in the philippines rape murder torture beheadings and starvation the victims often women and children were horrific they were committed by japanese troops as general douglas macarthur s army tried to recapture the islands yamashita commanded japan s dispersed and besieged philippine forces in that final year of the war but the prosecution conceded that he had neither ordered nor committed these crimes macarthur charged him instead with the crime if it was one of having failed to control his troops and convened a military commission of five american generals none of them trained in the law it was the first prosecution in history of a military commander on such a charge in a turbulent and disturbing trial marked by disregard of the

like coins inscriptions paintings and fictional literature in so doing the book fills a historiographical gap in scholarship on military thought which marginalises asia to the part of cameo and historicises the evolution of theory and the praxis of warfare the volume shows that the east has a long unbroken tradition of conceptualising war and its place in society from the classical era to the information age it is essential reading for those interested in the evolution of military thought throughout history particularly in asia

## **The Complete Small Truck Cost Guide, 1993** **1993-02**

in taiho jutsu law and order in the age of the samurai author and judo second dan don cunningham provides a fascinating introduction to the civil society of edo period 1603 1867 japan particularly the role played by the well known warrior class the samurai cunningham shows that the samurai were not as commonly portrayed always all powerful mediators ruling the chonin through the power of their swords during this period the samurai became a part of the complex system of japanese law enforcement made up of samurai as well as machi bugyo sho town magistrates yoriki assistant samurai doshin samurai patrol officers komono assistants goyokiki part time police assistants and okappiki informants and spies this intricate structure mirrored the japanese society of the day taiho jutsu offers a detailed look at the weapons these law enforcement officers used including the jutte iron truncheon tesson iron fan yori bo wooden staff sodegarami sleeve entangler sasumata spear fork and torinawa arresting ropes as well as a fascinating illustrated look at the techniques used to apprehend criminals from kamae stances to parrying and striking and throwing techniques these explanations demonstrate the practical techniques in edo period japan

martial art business related aspects are found at the base level in individual schools and mushroom to a global level in international organizations this anthology includes writings by professionals who offer information and insights into the financial side of the martial arts chapters focus on related practical matters as profit politics and investment in the first chapter dr richard friman asks if the martial arts are supposed to offer paths to personal growth and enlightenment why are they in practice plagued with displays of rampant egos politics and battles over turf by their practitioners the experience of instruction in the united states suggests that the pursuit of the arts is becoming lost in the pursuit of profit the next chapter by dr yong jae ko presents the evolution of the martial arts industry into a global consumer products industry and examines the application of modern business techniques on this industry with a particular focus on marketing strategy it also discusses future opportunities and challenges facing the martial arts industry and offers helpful suggestions in the following chapter dr ko and coauthor dr jin bin yang discuss the global expansion and integration of asian martial arts such factors as sportification and standardization are closely examined as significant driving forces for the growth of the martial arts industry this chapter also examines important issues influencing the development and the martial arts industry future growth the next chapter by dr yong jae ko presents the evolution of the martial arts industry into a global consumer products industry and examines the application of modern business techniques on this industry with a particular focus on marketing strategy it also discusses future opportunities and challenges facing the martial arts industry and offers helpful suggestions in the following chapter dr ko and coauthor dr jin bin yang discuss the global expansion and integration of asian martial arts such factors as sportification and standardization are closely examined as significant driving forces for the growth of the martial arts industry this chapter also examines important issues influencing the development and the martial arts industry

future growth the final chapter by andrew tharp presents the history that influenced the value of japanese swords as works of art the japanese have created a legal system that has preserved their historical weapons in a way no other society has done historical sources and current statutes will show how the japanese created a monopoly that successfully conserved their culture for future generations although this japanese phenomenon is extraordinary it also serves to show possibilities for those interested in investing in weaponry from other cultures and augments our appreciation of militaria for their aesthetics reading this anthology will help martial art students better understand differences between traditional schools and those that focus solely on profit owners can deepen their business acumen and utilize information provided in these chapters to shape their schools program of course many are influenced by martial art organizations that may be established on a local level national or international as an addition to your regular studies of martial art techniques and traditions the information you ll find here can certainly broaden one s view of the martial arts as a business arena
