## **A Strange Stirring 2011-01-04**

in 1963 betty friedan unleashed a storm of controversy with her bestselling book the feminine mystique hundreds of women wrote to her to say that the book had transformed even saved their lives nearly half a century later many women still recall where they were when they first read it in a strange stirring historian stephanie coontz examines the dawn of the 1960s when the sexual revolution had barely begun newspapers advertised for perky attractive gal typists but married women were told to stay home and husbands controlled almost every aspect of family life based on exhaustive research and interviews and challenging both conservative and liberal myths about friedan a strange stirring brilliantly illuminates how a generation of women came to realize that their dissatisfaction with domestic life didn't reflect their personal weakness but rather a social and political injustice

## **Summary of Stephanie Coontz's *The Way We Never Were* 2022-05-13T22:59:00Z**

please note this is a companion version not the original book sample book insights 1 the traditional family is an ahistorical amalgam of structures values and behaviors that never existed in the same place at the same time the notion that traditional families fostered intense intimacy between husbands and wives while creating mothers who were totally available to their children for example is an idea that combines some characteristics of the white middle class family in the mid nineteenth century and some of a rival family ideal first articulated in the 1920s 2 the family structures of the cleavers and the college educated title figure of father knows best represent a conscious rejection of the waltons model 3 when people ask us to go back to the traditional family i always suggest they pick a date for the family they want to have once pinned down they are invariably unwilling to accept the package deal that comes with their chosen model 4 people who lived in these periods were rarely enamored of their family arrangements colonial americans lamented the great neglect in many parents and masters in training their children and observers began to worry that children were becoming too sheltered in the late nineteenth century

## **Summary of Stephanie Coontz's *Marriage, a History***

**2022-09-12T22:59:00Z**

please note this is a companion version not the original book sample book insights 1 people have always been in love and in many cultures love was considered a valid reason for getting married but in most societies love was not seen as the main reason for getting married and it was often seen as incompatible with marriage 2 in many cultures love was not seen as the main reason for getting married and it was often seen as incompatible with marriage in europe the aristocracy idealized adultery as the highest form of love 3 love is not the main reason for getting married and it is often seen as incompatible with marriage in many cultures love was not seen as the main reason for getting married and it was often seen as incompatible with marriage 4 love is not the main reason for getting married and it is often seen as incompatible with marriage in many cultures love was not seen as the main reason for getting married and it was often seen as incompatible with marriage

**Hard To Do 2018-05-22**

from jane austen to taylor swift a look at the surprising politics of romantic love and its dissolution whatever the underlying motives be they love financial security or mere masochism the fact is that getting involved in a romantic partnership is emotionally morally and even politically fraught in hard to do kelli maría korducki turns a marxist lens on the relatively short history of romantic partnership tracing how the socio economic dynamics between men and women have transformed the ways women conceive of domestic partnership with perceptive reported insights on the ways marriage and divorce are legislated the rituals of twentieth century courtship and contemporary practices for calling it off korducki reveals that for all women choosing to end a relationship is a radical action with very limited cultural precedent

**Family Diversity 2001-09-11**

this nonjudgmental inclusive and far reaching text focuses on the diverse patterns of family structure prevalent in our society today family diversity presents empirical research on the internal dynamics social environments support factors prevalence of discrimination and common stereotypes that account for the issues surrounding current family relations by examining the history and nature of foster and adoptive single parent lesbian gay step and grandparent family units pauline irit erera is able to challenge both the idealized family prototype and the hegemony of the traditional structure

## **Family Values 2023-10-02**

clashes over the american family and its values have always implicitly or explicitly addressed issues of gender and highlighted the significance of present and future families to american society this is the insight underpinning isabel heinemann s groundbreaking study which traces over the course of the twentieth century debates on the family and its role the relationship between the individual and society and individual decision making rights as well as their denial or curtailment unpacking these issues in a vivid and innovative analysis the book recounts the prehistory of current conflicts over the family and gender while illuminating the relationship between social change normative shifts and the counter movements spawned in response to them

## **Sociology of Education 2015-09-26**

an essential student friendly text for education studies dr gillian forrester subject head for education early childhood studies liverpool john moores university introducing students to the complexities of education studies is a difficult task and this book will go a long way to making it easier i will definitely be recommending this to all my students kevin brain programme leader education studies leeds trinity university this textbook explains the basic principles of sociology and relates these concepts to today s society and education system in order to deepen your understanding of how these issues affect our lives and the world we live in encouraging you to think critically and to develop a sociological imagination coverage includes the wider political and economic context for education in the uk including an analysis of the reforms of the 2010 coalition government childhood schooling and pupil voice non traditional consideration of critical pedagogy race and gender the role of education in a multicultural society inequalities in educational opportunity in terms of class ethnicity and disability this is essential reading for students on undergraduate education studies degrees and for sociology courses covering educational issues

## **Baby Boomers and Popular Culture 2014-11-25**

the boomers are the generation that changed everything from economics to politics to popular culture this book examines the myriad ways and long reaching consequences of the now fully grown up baby boomer generation on america once upon a time the members of the baby boomer generation were young idealistic and hungry to change the world and they did create sweeping irreversible changes throughout american society but probably not in the ways their younger selves imagined they would now that the boomers are in their late adult or retirement years their tremendous legacy can clearly be

perceived in retrospect the paths the members of this generation took to come to power and how they came to terms with that power are also apparent this single volume work supplies a broad yet detailed critical guide to the boomer generation containing essays on key people moments and phenomena not only during the boomers 1960s heyday but also their extensive influences on american culture decades afterward the contributors address key topics such as the rise of feminism civil rights the vietnam war and the anti war movement the beatles the grateful dead and rock n roll gay rights idealism narcissism and materialism the influence of television on america and vice versa and the transition of boomers from being yippies to yuppies this work is an ideal text for students in undergraduate or graduate courses in television studies media studies cultural studies and american studies and is highly appropriate as a supplemental text in literature history and philosophy surveys

### ***Growing Up in a Land Called Honalee 2017-06-01***

this study examines how the multiple social cultural and political changes between john kennedy s inauguration in 1961 and the end of american involvement in vietnam in 1973 manifested themselves in the lives of preadolescent american children because the preadolescent years are according to the child development researchers the most formative joel p rhodes focuses on the cohort born between 1956 and 1970 who have never been quantitatively defined as a generation but whose preadolescent world was nonetheless quite distinct from that of the baby boomers rhodes examines how this group understood the historical forces of the 1960s as children and how they made meaning of these forces based on their developmental age he is concerned not only with the immediate imprint of the 1960s on their young lives but with how their perspective on the era influenced them as adults

### ***Back to the Future of the Body 2013-02-14***

what can the past tell us about the future s of the body the origins of this collection of papers lie in the work of the birkbeck institute for the humanities which has been involved in presenting a series of international workshops and conferences on the theme of the cultural life of the body the rationale for these events was that in concepts as diverse as the cyborg the questioning of mind body dualism the contemporary image of the suicide bomber and the patenting of human genes we can identify ways in which the future of the human body is at stake this volume represents an attempt not so much to speculate about what might happen but to develop strategies for bodily empowerment so as to get back to the future of the body the body it is contended is not to be thought of as an object or a sign but as an active participant in the shaping of cultural formations and this is emphatically not an exercise in digging corpses out of the historical archive the question is rather

what can past lived and thought experiences of the body tell us about what the body can be come the continuing vitality of debate around the body was proven by the range and depth of the papers presented at the workshop on which this volume is based does the body have a future our overall theme required contributors to think through embodiment in the past this they did with considerable interdisciplinary vigour rigorousness and imagination prof donna dickenson director birkbeck institute of the humanities

## **The Way We Really Are 1997-04-03**

some problems associated with these changes coontz explains come from economic and cultural forces beyond the family others exist not because our families have changed too much but because our institutions and values haven t changed enough

## **Going to College in the Sixties 2018-11-15**

the 1960s was the most transformative decade in the history of american higher education but not for the reasons you might think picture going to college in the sixties the protests and marches the teach ins and sit ins the drugs sex and rock n roll hip electric psychedelic not so fast says bestselling historian john r thelin even at radicalized campuses volatile student demonstrations coexisted with the business as usual of a flagship state university athletics fraternities and sororities and student government in going to college in the sixties thelin reinterprets the campus world shaped during one of the most dramatic decades in american history reconstructing all phases of the college experience thelin explores how students competed for admission paid for college in an era before pell grants dealt with crowded classes and dormitories voiced concerns about the curriculum grappled with new tensions in big time college sports and overcame discrimination thelin augments his anecdotal experience with a survey of landmark state and federal policies and programs shaping higher education a chronological look at media coverage of college campuses over the course of the decade and an account of institutional changes in terms of curricula and administration combining student memoirs campus publications oral histories and newsreels along with archival sources and institutional records the book goes beyond facile stereotypes about going to school in the sixties grounded in social and political history with a scope that will appeal both to a new generation of scholars and to alumni of the era this engaging book allows readers to consider going to college in both the past and the present

## **Bureau of Ships Journal 1961**

in the 1960s increasing numbers of african american students entered predominantly white colleges and universities in the northern and western united states too much to ask focuses on the women of this pioneering generation examining their educational strategies and experiences and exploring how social class family upbringing and expectations their own and others prepared them to achieve in an often hostile setting drawing on extensive questionnaires and in depth interviews with black women graduates sociologist elizabeth higinbotham sketches the patterns that connected and divided the women who integrated american higher education before the era of affirmative action although they shared educational goals for example family resources to help achieve those goals varied widely according to their social class across class lines however both the middle and working class women higinbotham studied noted the importance of personal initiative and perseverance in helping them to combat the institutionalized racism of elite institutions and to succeed highlighting the actions black women took to secure their own futures as well as the challenges they faced in achieving their goals too much to ask provides a new perspective for understanding the complexity of racial interactions in the post civil rights era

## **Naval Ship Systems Command Technical News 1961**

this book uses evidence based primary source analysis to provide students with the historical perspective necessary to think critically about the romantic memories stubborn stereotypes misperceptions deliberate falsehoods distorted myths and old grudges that distort our popular perceptions of the 1960s twenty first century americans routinely use the 1960s as a metaphor a sort of convenient shorthand for the cultural wars that continuous clash over differing values beliefs attitudes and lifestyles still bitterly polarizing the nation therefore understanding the 1960s cultural revolution is critical to understanding ourselves what this book contributes to that conversation is needed historical perspective with evidence based primary source analysis ten chapters shed light on ordinarily overlooked aspects of the period challenge stubborn misconceptions and explore the enduring legacy of the 1960s primary source material both written and visual is drawn from archival holdings newspapers published proceedings oral histories and memoirs in order to present a balanced accessible examination of mistaken beliefs and the historical truths

## **Bureau of Ships Journal 1961**

this volume recounts notable episodes of distortion throughout american media history it examines several of the lurid

hoaxes and conspiracy theories that have inspired press coverage as well as some of the political lies promoted by partisan gladiators whether of the eighteenth century or today the book moves beyond the sensational stories to show the enduring and systemic nature of media manipulation that occurs on far more consequential issues it exposes persistent and deeply destructive falsehoods that have been told about women people of color immigrants the lgbtq community unions commercial products highlighting how longstanding bipartisan myths have effectively marginalized certain groups of americans alongside these cases the author carefully dissects the changing nature of institutions technologies and practices of journalism in america attention is given to the evolution of newspapers in the eighteenth and nineteenth centuries the role of broadcasting in the twentieth and the impact of the internet and social media at the dawn of the twenty first this book will appeal to readers interested in american history journalism communication studies political science and sociology

## **Women, Work, and Families 2001**

betty friedan s book the feminine mystique is possibly the best selling of all the titles analysed in the macat library and arguably one of the most important yet it was the product of an apparently minor meaningless assignment undertaking to approach former classmates who had attended smith college with her 10 years after their graduation the high achieving friedan was astonished to discover that the survey she had undertaken for a magazine feature revealed a high proportion of her contemporaries were suffering from a malaise she had thought was unique to her profound dissatisfaction at the ideal lives they had been living as wives mothers and homemakers for friedan this discovery stimulated a remarkable burst of creative thinking as she began to connect the elements of her own life together in new ways the popular idea that men and women were equal but different that men found their greatest fulfilment through work while women were most fulfilled in the home stood revealed as a fallacy and the depression and even despair she and so many other women felt as a result was recast not as a failure to adapt to a role that was the truest expression of femininity but as the natural product of undertaking repetitive unfulfilling and unremunerated labor friedan s seminal expression of these new ideas redefined an issue central to many women s lives so successfully that it fuelled a movement the second wave feminism of the 1960s and 1970s that fundamentally challenged the legal and social framework underpinning an entire society

## **Women, Work, and Families 2000-12-22**

discover god's view of the successful woman should a woman work can a woman be feminine godly and ambitious is work only for women who need the income is there any sanctified ground between the stay at home mom and the aspiring executive whether you are married or single young or old and whether you work inside the home or in the marketplace carolyn and nora create a rich vision for fulfillment through an understanding of the compelling foundation for the biblical call of productivity far from the stone throwing arguments that often occupy the discussion around women work and the home carolyn and nora show how the redemptive message of the gospel allows the bible's teaching on the role of women to coexist with ambition it creates a fresh vision for the profit we all gain from encouraging female contribution in the home society and church if you've ever wondered whether you're living the life that most glorifies god the measure of success will help you answer that question

## ***Sociology in Action 2017-11-27***

self and other in an age of uncertain meaning explores the nature and origins of widespread problems of self in modern societies it examines the paradoxical interplay between the modern world's many benefits and freedoms and its mounting social challenges and psycho-emotional impacts over time the character of consciousness has shifted in concert with societal trends the experienced world has become more nuanced fragmented and uncertain as well as increasingly personal and intimate reshaping social relationships chapters analyze the interdependence of language mind intimacy the self and culture arguing that as the coevolution of these five factors produced the modern world many features of contemporary culture have become disruptive to security of being the book explores the importance to the vital sense of self in constructing relationships based in mutual recognition of moral and intellectual equality between partners rich with examples from everyday experience this text offers profound insights for those interested in sociology psychoanalysis psychology communication history and culture

## ***An Analysis of Betty Friedan's The Feminine Mystique 2017-07-05***

a new yorker best book of 2022 well researched and readable financial times an absorbing pacy read new statesman canny and informative the new yorker the untold history of women's exercise culture from jogging and jazzercise to jane fonda author of the cut's viral article shared thousands of times unearthing the little known origins of barre workouts danielle

friedman explores the history of women's exercise and how physical strength has been converted into other forms of power only in the 60s thanks to a few forward thinking fitness pioneers did women begin to move en masse in doing so they were pursuing not only physical strength but personal autonomy exploring barre jogging aerobics weight training and yoga danielle friedman tells the story of how with the rise of late 20th century feminism women discovered the joy of physical competence and how going forward we can work to transform fitness from a privilege into a right

## **The Measure of Success 2014-02-01**

home cooking is a multibillion dollar industry that includes cookbooks kitchen gadgets high end appliances specialty ingredients and more cooking themed programming flourishes on television inspiring a wide array of celebrity chef branded goods even as self described foodies seek authenticity by pickling preserving and canning foods in their own home kitchens despite this claims that no one has time to cook anymore are common lamenting the slow extinction of traditional american home cooking in the twenty first century in look who's cooking the rhetoric of american home cooking traditions in the twenty first century author jennifer rachel dutch explores the death of home cooking revealing how modern changes transformed cooking at home from an odious chore into a concept imbued with deep meanings associated with home family and community drawing on a wide array of texts cookbooks advertising youtube videos and more dutch analyzes the many manifestations of traditional cooking in america today she argues that what is missing from the discourse around home cooking is an understanding of skills and recipes as a form of folklore dutch's research reveals that home cooking is a powerful vessel that americans fill with meaning because it represents both the continuity of the past and adaptability to the present home cooking is about much more than what is for dinner it's about forging a connection to the past displaying the self in the present and leaving a lasting legacy for the future

## **Self and Other in an Age of Uncertain Meaning 2021-11-25**

this provocative volume is comprised of psychological socioeconomic and cultural perspectives on couple dynamics particularly gender dynamics and the future of marriage featuring data on married cohabitating male female and same sex couples the authors of the book's chapters analyze the changing impacts of work parenting and the health benefits of marriage for men and women trajectories in the evolution toward gender equality provide the backdrop for discussions of women and men as partners parents and workers in contemporary society contributors also keep a sharp focus on the complexities of gender issues as they intersect with crucial contexts of cohort class race ethnicity and sexual orientation among the topics covered gender equality and economic inequality impacts on marriage expansionist theory expanded

## **Handbook of Marriage and the Family 1999-01-31**

the view that capitalism is an inherently flawed exploitative crisis prone oppressive system is not new but neoliberal capitalism's flaws are increasingly dangerous in western countries and globally as corporations exert growing influence on governments as the endless pursuit of profits pushes our climate to the breaking point and as far right politics dominate the media solutions are needed fast in we can do better david camfield lays out a theoretical basis for political and social change that fuses critical marxism with insights from anti racist queer feminism this reconstructed historical materialism treats capitalism and class as inextricably interwoven with gender race and sexuality after discussing today's most influential social theories camfield uses this theory to analyze a range of issues that face our world today including climate change growing social insecurity and the persistence of sexism and racism camfield argues that the key to achieving change for the better is social struggle and he offers ideas about moving from social theory to social action

## **The Developmental Course of Romantic Relationships 2013-07-18**

returning to his innovative work of twenty five years ago robert hill once more offers an incisive analysis of five key cultural strengths of african american families with compassion and eloquence he argues that these existing strengths provide a solid foundation upon which to develop the kind of public policies and self help initiatives that will truly promote the interests not only of the african american community but of our diverse nation as a whole

## **Marriage at the Crossroads 2012-10-15**

what do women want the same thing men were promised in the declaration of independence happiness or at least the freedom to pursue it for women though pursuing happiness is a complicated endeavor and if you head out into america and talk to women one on one as jill filipovic has done you'll see that happiness is indelibly shaped by the constraints of gender the expectations of feminine sacrifice and the myriad ways that womanhood itself differs along lines of race class location and identity in the h spot filipovic argues that the main obstacle standing in between women and happiness is a rigged system in this world of unfinished feminism men have long been able to have it all because of free female labor while the bar

of achievement for women has only gotten higher never before have women at every economic level had to work so much whether it s to be an accomplished white collar employee or just make ends meet never before have the standards of feminine perfection been so high and never before have the requirements for being a good mother been so extreme if our laws and policies made women s happiness and fulfillment a goal in and of itself filipovic contends many of our country s most contentious political issues from reproductive rights to equal pay to welfare spending would swiftly be resolved filipovic argues that it is more important than ever to prioritize women s happiness and that doing so will make men s lives better too here she provides an outline for a feminist movement we all need and a blueprint for how policy laws and society can deliver on the promise of the pursuit of happiness for all

## **The Strengths of African American Families 1999-01-14**

child marriage has been given a pre eminent place in agendas addressing harmful practices as defined by the united nations sustainable development goals india leads the world in the number of women who marry below the age of 18 and is therefore of unique interest to international and national forums refusing simplistic labels like harmful practice this book explores the complex history of child marriage as a social and feminist issue in india across different domains it critically reviews a wide range of historical demographic and legal scholarship on the subject major concepts relevant to child marriage such as childhood adolescence the girl and marriage are analysed in a comparative framework that uncovers the unnoticed presence of the practice in the usa and china the volume questions existing approaches analyses the latest data sources and develops a new concept of compulsory marriage a definitive study of child marriage in india in a changing global context this book will interest scholars and students in the fields of women s gender and sexuality studies childhood studies development studies and the social sciences it will also be of great appeal to all those working with civil society organisations ngos states and international agencies in india and globally

## **The H-Spot 2017-05-02**

does anyone date anymore today the authorities tell us that courtship is in crisis but when moira weigel dives into the history of sex and romance in modern america she discovers that authorities have always said this ever since young men and women started to go out together older generations have scolded them that s not the way to find true love the first women who made dates with strangers were often arrested for prostitution long before hookup culture there were petting parties before parents worried about cell phone apps they fretted about joyrides and parking dating is always dying but this does not mean that love is dead it simply changes with the economy dating is and always has been tied to work lines like i ll pick you up at six made sense at a time when people had jobs that started and ended at fixed hours but in an age of contract work and flextime many of us have become sexual freelancers more likely to text a partner u still up weaving together over one hundred years of history with scenes from the contemporary landscape labor of love offers a fresh feminist perspective on how we came to date the ways we do this isn t a guide to getting the guy there are no ridiculous rules to follow instead weigel helps us understand how looking for love shapes who we are and hopefully leads us closer to the happy ending that dating promises
