with marichal's intuition that one of them had to be ascribed to a certain annaeus seneca platinum followed the unpublished intuition by robert marichal as one path of investigation in its own research and work working on the latin p herc 1067 led to confirm marichal's intuitions and to go beyond it p herc 1067 is the only extant direct witness to seneca the elder's historiae bringing a new and important chapter of latin literature arise out of a charred papyrus is significant the present volume is made up of two complementary sections each of which contains seven contributions they are in close dialogue with each other as looking at the same literary matter from several points of view yields undeniable advantages and represents an innovative and fruitful step in latin literary criticism these two sections express the two different but interlinked axes along which the contributions were developed on one side the focus is on the starting point of the debate namely the discovery of the papyrus roll transmitting the historiae of seneca the elder and how such a discovery can be integrated with prior knowledge about this historiographical work on the other side there is a broader view on early imperial roman historiography to which the new perspectives opened by the rediscovery of seneca the elder's historiae greatly contribute the central importance of the actor author is a distinctive feature of italian theatrical life in all its eclectic range of regional cultures and artistic traditions the fascination of the figure is that he or she stands on both sides of one of theatre's most important power relationships between the exhilarating freedom of performance and the austere restriction of authorship and the written text this broad ranging volume brings together critical essays on the role of the actor author spanning the period from the renaissance to the present starting with castiglione ruzante and the commedia dell'arte and surveying the works of dario fo de filippo and bene among others the contributors cast light on a tradition which continues into neapolitan and sicilian theatre
