**A House Divided** 2013-05-07 in a country torn between left and right two politicians are about to make history how by working together in a nutshell that s the premise of this book house divided is a political satire but it s really a political fantasy because it takes two opposing candidates who wouldn t normally be caught dead together and challenges them to spend a weekend in the remote oregon desert hiking

together camping together even getting wasted together having lived in rural oregon for over twenty years i can assure you that the characters presented in this fictional book are almost all based on actual people in the oregon backcountry almost anything goes so the idea that a far right veteran and a far out hippie might run for the same county commissioner seat is not as absurd as you might think while this book was not written to solve the country s political problems i do think we need to have a laugh at both sides and everything in between it s time to put the party back into politics
