The Economies of Latin America 2015-10-06 the economic backwardness of latin america and the caribbean has long been discussed but seldom been the subject of such a wide ranging quantitative study the twelve essays in this collection present a twenty first century analysis of a long term issue providing extensive geographical coverage and allowing reinterpretations of the past

Polacos in Argentina 2019-12-03 an examination of the social and cultural repercussions of jewish emigration from poland to argentina in the 1920s and 1930s between the 1890s and 1930s argentina following the united states and palestine became the main destination for eastern european ashkenazi jews seeking safety civil rights and better economic prospects in the period between 1918 and 1939 sixty thousand polish jews established new homes in argentina they formed a strong ethnic community that quickly embraced argentine culture while still maintaining their unique jewish polish character this mass migration caused the transformation of cultural social and political milieus in both poland and argentina forever shaping the cultural landscape of both lands in polacos in argentina polish jews interwar migration and the emergence of transatlantic jewish culture mariusz kalczewiak has constructed a multifaceted and in depth narrative that sheds light on marginalized aspects of jewish migration and enriches the dialogue between latin american jewish studies and polish jewish studies based on archival research yiddish travelogues on argentina and the yiddish and spanish language press this study recreates a mosaic of entanglements that jewish migration wove between poland and argentina most studies on mass migration fail to acknowledge the role of the country of origin but this innovative work approaches jewish migration to argentina as a continuous process that took place on both sides of the atlantic taken as a whole polacos in argentina enlightens the heterogeneous and complex issue of immigrant commitments belongings and expectations jewish emigration from poland to argentina serves as a case study of how ethnicity evolves among migrants and their children and the dynamics that emerge between putting down roots in a new country and maintaining commitments to the country of origin

Immigration and Acculturation in Brazil and Argentina 2016-02-05 an exploration of questions of nationality in brazil and argentina at the time when the cities were flooded with impoverished european immigrants the author argues that processes of representation and identity formation between national and immigrant groups have to be examined within the historical context of the host nations

Global Liberalism and Elite Schooling in Argentina 2017-07-20 a response to argentina s shifting political climate global liberalism and elite schooling in argentina reveals how elite schooling encourages the

hoarding of educational advantage and reinforces social inequalities presenting buenos aires s caledonian school as part of the growing scholarly discussion on elite education in the global south howard prosser situates the school s history in concert with that of the state the region and the globe the book applies new methodologies for the study of elite schools in globalizing circumstances by fusing ethnographic fieldwork with archival research and a wealth of secondary sources this transdisciplinary approach focuses on the nature of liberalism as a global ideal positing that eliteness is sustained by an economy with its own culture of value and exchange that ironically the scholarship on elites may help perpetuate

On the Other Shore 2022 on the other shore explores the social history of italian communities in south america and the transnational networks in which they were situated during and after world war i from 1915 to 1921 italy s conflict against austria hungary and its aftermath shook italian immigrants and their children in the metropolitan areas of buenos aires montevideo and são paulo the war led portions of these communities to mobilize resources patriotic support young men who could enlist in the italian army goods like wool from argentina and limes from brazil and lots of money to support italy in the face of total war yet other portions of these communities simultaneously organized a strident movement against the war inspired especially by anarchism and revolutionary socialism both of these factions sought to extend their influence and ambitions into the immediate postwar period on the other shore demonstrates patterns of social cohesion and division within the italian communities of south america reconstructs varying transatlantic and inter american networks of interaction exchange and mobility in an italian atlantic interrogates how authorities in italy viewed their south american colonies and uncovers ways that italians in latin america balanced and blended relationships and loyalties to their countries of residence and origin on the other shore s position at the intersection of latin american history atlantic history and the histories of world war i and italian immigration thereby engages with and informs each of these subject areas in distinctive ways

The Oligarchy and the Old Regime in Latin America, 1880-1970 2017-02-22 dennis gilbert provides a systematic comparative history of the rise and ultimate demise of the oligarchies that dominated latin america for nearly a century focusing on five key countries he tells the compelling story of the sugar planters coffee growers cattle barons miners and bankers who grew rich in a rapidly expanding global economy

The Routledge History of Modern Latin American Migration 2022-10-26 the routledge history of modern latin american migration offers a systematic account of population movements to and from the region over the last 150 years spanning from the massive transoceanic migration of the 1870s to contemporary intraregional and transnational movements the volume introduces the migratory trajectories of latin american populations as a complex web of transnational movements linking origin transit and receiving countries it showcases the historical mobility dynamics of different national groups including arab asian african european and indigenous migration and their divergent international trajectories within existing migration systems in the western hemisphere including south america the caribbean and mesoamerica the contributors explore some of the main causes for migration including wars economic dislocation social immobility environmental degradation repression and violence multiple case studies address critical contemporary topics such as the venezuelan exodus central american migrant caravans environmental migration indigenous and gender migration migrant religiosity transit and return migration urban labor markets internal displacement the nexus between organized crime and forced migration the role of social media and new communication technologies and the effects of the covid 19 pandemic on movement these essays provide a comprehensive map of the historical evolution of migration in latin america and contribute to define future challenges in migration studies in the region this book will be of interest to scholars of latin american and migration studies in the disciplines of history sociology political science anthropology and geography

The Routledge Handbook of the History of Settler Colonialism 2016-08-12 the routledge handbook of the history of settler colonialism examines the global history of settler colonialism as a distinct mode of domination from ancient times to the present day it explores the ways in which new polities were established in freshly discovered new worlds and covers the history of many countries including australia new zealand israel japan south africa liberia algeria canada and the usa chronologically as well as

geographically wide reaching this volume focuses on an extensive array of topics and regions ranging from settler colonialism in the neo assyrian and roman empires to relationships between indigenes and newcomers in new spain and the early mexican republic to the settler dominated polities of africa during the twentieth century its twenty nine inter disciplinary chapters focus on single colonies or on regional developments that straddle the borders of present day states on successful settlements that would go on to become powerful settler nations on failed settler colonies and on the historiographies of these experiences taking a fundamentally international approach to the topic this book analyses the varied experiences of settler colonialism in countries around the world with a synthesizing yet original introduction this is a landmark contribution to the emerging field of settler colonial studies and will be a valuable resource for anyone interested in the global history of imperialism and colonialism

The Routledge Handbook of Heritage Language Education 2017-03-03 the routledge handbook of heritage language education provides the rapidly growing and globalizing field of heritage language hl education with a cohesive overview of hl programs and practices relating to language maintenance and development setting the stage for future work in the field driving this effort is the belief that if research and pedagogical advances in the hl field are to have the greatest impact hl programs need to become firmly rooted in educational systems against a background of cultural and linguistic diversity that characterizes the twenty first century the volume outlines key issues in the design and implementation of hl programs across a range of educational sectors institutional settings sociolinguistic conditions and geographical locations specifically north and latin america europe israel australia new zealand japan and cambodia all levels of schooling are included as the teaching of the following languages are discussed albanian arabic armenian eastern and western bengali brazilian portuguese chinese czech french hindi urdu japanese khmer korean pasifika languages persian russian spanish turkish vietnamese and yiddish these discussions contribute to the development and establishment of hl instructional paradigms through the experiences of actors on the ground as they respond to local conditions instantiate current research and pedagogical findings and seek solutions that are workable from an organizational standpoint the routledge handbook of heritage language education is an ideal resource for researchers and graduate students interested in heritage language education at home or abroad

The New Deal 2017-05-09 the first history of the new deal in global context the new deal a global history provides a radically new interpretation of a pivotal period in us history the first comprehensive study of the

new deal in a global context the book compares american responses to the international crisis of capitalism and democracy during the 1930s to responses by other countries around the globe not just in europe but also in latin america asia and other parts of the world work creation agricultural intervention state planning immigration policy the role of mass media forms of political leadership and new ways of ruling america s colonies all had parallels elsewhere and unfolded against a backdrop of intense global debates by avoiding the distortions of american exceptionalism kiran klaus patel shows how america s reaction to the great depression connected it to the wider world among much else the book explains why the new deal had enormous repercussions on china why franklin d roosevelt studied the welfare schemes of nazi germany and why the new dealers were fascinated by cooperatives in sweden but ignored similar schemes in japan ultimately patel argues the new deal provided the institutional scaffolding for the construction of american global hegemony in the postwar era making this history essential for understanding both the new deal and america s rise to global leadership

Globalization in Historical Perspective 2007-11-01 as awareness of the process of globalization grows and the study of its effects becomes increasingly important to governments and businesses as well as to a sizable opposition the need for historical understanding also increases despite the importance of the topic few attempts have been made to present a long term economic analysis of the phenomenon one that frames the issue by examining its place in the long history of international integration this volume collects eleven papers doing exactly that and more the first group of essays explores how the process of globalization can be measured in terms of the long term integration of different markets from the markets for goods and commodities to those for labor and capital and from the sixteenth century to the present the second set of contributions places this knowledge in a wider context examining some of the trends and questions that have emerged as markets converge and diverge the roles of technology and geography are both considered along with the controversial issues of globalization s effects on inequality and social justice and the roles of political institutions in responding to them the final group of essays addresses the international financial systems that play such a large part in guiding the process of globalization considering the influence of exchange rate regimes financial development financial crises and the architecture of the international financial system itself this volume reveals a much larger picture of the process of globalization one that stretches from the establishment of a global economic system during the nineteenth century through the disruptions of two world wars and the great depression into the present

day the keen analysis insight and wisdom in this volume will have something to offer a wide range of readers interested in this important issue

Immigration, Ethnicity, and National Identity in Brazil, 1808 to the Present 2013-01-21 this book examines the immigration to brazil of millions of europeans asians and middle easterners beginning in the nineteenth century

Constitutionalism in the Americas 2018 constitutionalism in the americas unites the work of leading scholars of constitutional law comparative law and latin american and u s constitutional law to provide a critical and provocative look at the state of constitutional law across the americas today the diverse chapters employ a variety of methodologies empirical historical philosophical and textual analysis in the effort to provide a comprehensive look at a generation of constitutional change across two continents

Grassroots Pentecostalism in Brazil and the United States 2022-09-27 this book offers an historical and comparative profile of classical pentecostal movements in brazil and the united states in view of their migratory beginnings and transnational expansion pentecostalism s inception in the early twentieth century particularly in its global south permutations was defined by its grassroots character in contrast to the top down hierarchical structure typical of western forms of christianity the emergence of latin american pentecostalism embodied stability from the bottom up among the common people while the rise to prominence of the assemblies of god in brazil the western hemisphere s largest non catholic denomination demanded structure akin to mainline contexts classical pentecostals such as the christian congregation movement cling to their grassroots identity comparing the migratory and missional flow of movements with similar european and us roots this book considers the prospects for classical brazilian pentecostals with an eye on the problems of church growth and polity gender politics and ethnic identity

Domestic Servants in Literature and Testimony in Brazil, 1889-1999 2014-02-05 drawing from a variety of historical sources theory and fictional and non fictional production this book addresses the cultural imaginary of domestic servants in modern brazil and demonstrates maids symbolic centrality to shifting notions of servitude subordination femininity and domesticity

The Cambridge Economic History of Latin America: Volume 2, The Long Twentieth Century 2006-01-23 volume two treats the long twentieth century from the onset of modern economic growth to the present it analyzes the principal dimensions of latin america s first era of sustained economic growth from the last decades of the nineteenth century to 1930 it explores the era of inward looking development from the

1930s to the collapse of import substituting industrialization and the return to strategies of globalization in the 1980s finally it looks at the long term trends in capital flows agriculture and the environment

Industrial Development in a Frontier Economy 2009 industrial development in a frontier economy is pioneering microanalysis of 59 argentinean corporations between 1890 and 1930 that explains argentina s failure to develop an efficient manufacturing sector even as countries in similar circumstances successfully modernized

Mad Flight? 2018-04-30 on 15 september 1896 nearly a thousand people prepared to board a steamer in the port of montreal headed for santos brazil and on to the coffee plantations of são paulo while a crowd of a few thousand pleaded with them to stay families were split as wives boarded without husbands or husbands without wives while many prospective migrants were convinced to get off the boat close to five hundred people departed for south america ultimately the experience was a disaster some died on board the ship others in brazil yet others became indigent labourers on coffee plantations or beggars on the streets of são paulo the vast majority returned to canada many of them helped back by british consular representatives while the story was widely covered in the international press at the time a century later it is virtually unknown in mad flight john zucchi consults a range of primary and secondary sources including archival material in canada brazil france and the united kingdom to recreate the stories of the migrants and open up an important research question why do some people migrate on impulse and begin a journey that will almost inevitably end up in failure historical studies on migration most often account for successful outcomes but rarely consider why some immigrant experiences are destined to fail mad flight uncovers the history of an otherwise little known episode of canadian migration to brazil and provokes further discussion and debate

Defiant Geographies 2020-03-31 defiant geographies examines the destruction of a poor community in the center of rio de janeiro to make way for brazil s first international mega event as the country celebrated the centenary of its independence its postabolition whitening ideology took on material form in the urban development project that staged latin america s first world s fair the book explores official efforts to reorganize space that equated modernization with racial progress it also considers the ways in which black and blackened subjects mobilized their own spatial logics to introduce alternative ways of occupying the city leu unpacks how the spaces of the urban poor are racialized and the impact of this process for those who do not fit the ideal models of urbanity that come to define the national project defiant

geographies puts the mutual production of race and space at the heart of scholarship on brazil s urban development and understands urban reform as a monumental act of forgetting the country s racial past

A History of Modern Latin America 2022-07-12 explores the modern history of latin america using an intersectional approach newly revised and updated a history of modern latin america 1800 to the present third edition offers a lively account of the rich political cultural and social history of the independent nation states of latin america and the caribbean viewing latin american history through the lens of social class gender race and ethnicity this accessible textbook explores the complex set of personalities issues and events that intersect to form the latin american historical landscape written in a clear and engaging narrative style the fully updated third edition examines specific events in different nations and periods to illustrate broader historical trends and interpretations concise chapters feature first hand accounts of the life history of both prominent and ordinary people to contextualize topics such as african slavery in the americas the struggle for haitian independence the patriarchal rules governing marriage in brazil the construction of the panama canal indigenous uprisings in the mexican revolution the impact of immigration on latin american life the opening of diplomatic relations between the united states and cuba and more presents documents and excerpts from fiction to serve as concrete examples of historical ideas examines gender and its influence on political and economic change highlights the role of music art sports movies and other popular culture in the formation of latin american cultural identity includes a summary of european colonialism and an overview of latin america in the 21st century provides end of chapter review questions discussion topics and suggested readings part of the popular wiley blackwell concise history of the modern world series the third edition of a history of modern latin america 1800 to the present is an excellent textbook for introductory and intermediate undergraduate students as well as high school students taking advanced honors latin american history courses

Sphecid Wasps of the World 1976-01-01 since the re democratization of much of latin america in the 1980s and a regional wave of anti austerity protests in the 1990s social movement studies has become an important part of sociological political and anthropological scholarship on the region the subdiscipline has framed debates about formal and informal politics spatial and relational processes as well as economic changes in latin america while there is an abundant literature on particular movements in different countries across the region there is limited coverage of the approaches debates and theoretical understandings of social movement studies applied to latin america in the oxford handbook of latin

american social movements federico m rossi presents a survey of the broad range of theoretical perspectives on social movements in latin america bringing together a wide variety of viewpoints the handbook includes five sections theoretical approaches to social movements as applied to latin america processes and dynamics of social movements major social movements in the region ideational and strategic dimensions of social movements and the relationship between political institutions and social movements covering key social movements and social dynamics in latin america from the late nineteenth century to the twenty first century the oxford handbook of latin american social movements is an indispensable reference for any scholar interested in social movements protest contentious politics and latin american studies

The Oxford Handbook of Latin American Social Movements 2023-03-28 how has human development evolved during the last 150 years of globalization and economic growth how has human development been distributed across countries how do developing countries compare to developed countries do social systems matter for wellbeing are there differences in the performance of developing regions over time employing a capabilities approach human development and the path to freedom addresses these key questions in the context of modern economic growth and globalization from c 1870 to the present leandro prados de la escosura shows that health access to knowledge standards of living and civil and political freedom can substitute for gdp per head as more accurate measures of our wellbeing

Human Development and the Path to Freedom 2022-07-28 collection of incunabula and early medical prints in the library of the surgeon general s office u s army ser 3 v 10 p 1415 1436

External Dependence, Demographic Burdens, and Argentine Economic Decline After the Belle Époque 1992 democracy has always been an especially volatile form of government and efforts to create it in places like iraq need to take into account the historical conditions for its success and sustainability in this book joel horowitz examines its first appearance in a country that appeared to satisfy all the criteria that political development theorists of the 1950s and 1960s identified as crucial this experiment lasted in argentina from 1916 to 1930 when it ended in a military coup that left a troubled political legacy for decades to come what explains the initial success but ultimate failure of democracy during this period horowitz challenges previous interpretations that emphasize the role of clientelism and patronage he argues that they fail to account fully for the radical party government s ability to mobilize widespread popular support instead by comparing the administrations of hipólito yrigoyen and marcelo t de alvear he

shows how much depended on the image that yrigoyen managed to create for himself a secular savior who cared deeply about the less fortunate and the embodiment of the nation but the story is even more complex because while failing to instill personalistic loyalty alvear did succeed in constructing strong ties with unions which played a key role in undergirding the strength of both leaders regimes later successes and failures of argentine democracy from juan perón through the present cannot be fully understood without knowing the story of the radical party in this earlier period

Index to Publications of the United States Department of Agriculture, 1926-1930 1935 what role did the agricultural sector play in the economic crash of 1929 taking evidence from country cases across europe and the americas this edited volume explores short medium and long term perspectives on the primary sector the monograph brings together the voices of an international panel of contributors who examine issues such as falling prices industrial production unemployment and the stagnation of aggregate demand together they frame the interwar period as a pivotal turning point in the decline of subsistence agriculture and the growth of agricultural subsidies which remain a key policy tool in many economies today this illuminating book will be of interest to advanced students and researchers in economic history agricultural history globalization and economic development
