we also hear it argued that conditions vary so
widely that grave errors occur when an attempt is
made to apply published cost data those who have
not been trained to study the conditions affecting
costs are likely to make serious blunders in any
case but if this book is in even a slight degree
what it aims to be it will be of greatest benefit
to just such men for it will indicate to them how
to analyze costs and how to study methods of
performing work economically about the publisher
