Situationsplan über die Batterien, Schützengräben etc. vor Neubreisach im Oktober 1870, aufgenommen durch das Personal des Grossh. militairisch topogr. Bureaus 2011-01-16 nils eikermann describes the framework conditions for the application of value based performance measures and critically analyses selected ones the disclosure of value based performance indicators is important in order to demonstrate the successful management of a company and to satisfy the increasing information needs of investors however companies adapt the developed theoretical concepts of value based performance measures to their practical needs and thus investors are no longer able to compare the performance of companies in addition there is a variety of different metrics from which companies can choose the empirical study aims to reduce existing research gaps and is divided into three parts the analysis of annual reports of selected european companies the calculation of a standardised value based performance measure and a value relevance study in the form of an association study

EBOOK: Financial Accounting Theory: European Edition 2011-10-27 beginning with first principles then discussing the origin and evolution of the debate over depreciation capital and income several related topics are addressed in this volume originally published in 1993 these include the allocation problem interest rate approximations issues concerning financial reporting and analysis and the meaning and economic impact of accounting error the underlying themes concern the importance of history and the need for an appreciation of basic concepts and relationships in accounting

Basic Accounting 1995 this book examines the conceptual development of control in the literature of both management and accounting disciplines from 1900 to 1980 in order to portray the development of control concepts over time the chapters are organized into sections relating to the schools of thought from which they emanated and a model of control is constructed to represent each group of concepts and their hypothesised inter relationships having traced the development of control models a comparative analysis of historical development in the two streams of management and accounting literature is undertaken this analysis reveals a pronounced lag of accounting development behind that of management literature the reasons for this are then discussed

Intermediate Accounting 1993 many enquiries into the state of accounting education training undertaken in several countries over the past 40 years have warned that it must change if it is to be made more relevant to students to the accounting profession and to stakeholders in the wider community this book's overriding aim is to provide a comprehensive and authoritative source of reference which defines the domain of accounting education training and which provides a critical overview of the state of this domain including emerging and cutting edge issues as a foundation for facilitating improved accounting education training scholarship and research in order to enhance the educational base of accounting practice the routledge companion to accounting education highlights the key drivers of change whether in the field of practice on the one hand e.g. increased regulation globalisation risk and complexity or from developments in the academy on the other e.g. pressures to embed technology within the classroom or to meet accreditation criteria on the other thirty chapters written by leading scholars from around the world are grouped into seven themed sections which focus on different facets of their respective themes including student curriculum pedagogic and assessment considerations

Accounting Information Systems 1993 now in its twenty first edition advances in accounting continues to provide an important forum for discourse among and between academic and practicing accountants on issues of significance to the future of the discipline emphasis continues to be placed on original commentary critical analysis and creative research research that promises to substantively advance our understanding of financial markets behavioral phenomenon and regulatory policy technology and aggressive global competition have propelled tremendous changes

over the two decades since aia was founded a wide array of unsolved questions continues to plague a profession under fire in the aftermath of one financial debacle after another and grabbling with the advent of international accounting standards this volume of advances in accounting not surprisingly includes articles reflective of recent focus on corporate governance earnings management and the influence of the ceo the accuracy of earnings forecasts and the value relevance or voluntary and mandated disclosures this volume also looks at challenges facing the academic community with respect to technology and addresses pedagogical advances holding promise aia continues its commitment to the global arena by publishing research with an international perspective in the international section inaugurated in volume 20 as never before the accounting profession is seeking ways to reinvent itself and recapture relevance and credibility aia likewise continues to champion forward thinking research
