Copy

by assembling the largest collection of kpis in a single book the kpi institute provides a powerful practice based learning tool the kpi compendium lists over 20 000 key performance indicators kpis examples listed by the smartkpis com team of researchers on the website with the same name main features each example has an identification number assigned to it that can be used to look up additional kpi documentation on the website all examples are grouped in a taxonomy structured around 3 contexts global organizational and personal contexts are grouped in further categories such as functional areas and industries functional areas covered accounting accounts payable accounts receivable corporate services administration office support corporate travel facilities property management legal services csr sustainability environmental care corporate social responsibility environmental care finance asset portfolio management financial stability forecasts valuation liquidity profitability governance compliance and risk compliance and audit management governance risk management human resources information technology application development data center enterprise architecture it general it security network management service management knowledge and innovation innovation knowledge management r d management marketing communications advertising marketing public relations online presence ecommerce ecommerce email marketing online advertising online publishing weblogs search engine optimization seo analytics portfolio and project management benefits realization management portfolio management project management production quality management maintenance production quality management sales and customer service customer service sales supply chain procurement distribution contract management inventory management logistics distribution procurement purchasing supply chain management industries covered agriculture arts and culture construction capital works education training financial institutions government local government state federal healthcare emergency response ambulance services healthcare support services hospitals medical laboratory medical practice preventive healthcare veterinary medicine hospitality tourism food and beverage service hotel accommodation tour operator travel agency infrastructure operations airports ports railways roads manufacturing media non profit non governmental postal and courier services professional services accounting services business consulting engineering legal practice recruitment employment activities publishing real estate property property management real estate development real estate transactions resources coal and minerals mining oil and gas sustainability green energy retail sport management coaching training sport club management sport event organization telecommunications call center call center telecommunications transportation airlines land transport road rail local public transport marine transport shipping utilities electricity natural gas water and sewage a comprehensive collection of professionally validated comparative data on the most widely used plastics materials the plastics compendium covers thermoplastics thermosets composites and thermoplastic elastomers volume 1 of the plastics compendium contains clearly presented data on 351 generic and modified material types in the following main sections property and commercial data sheets an alphabetical trade name index a listing of suppliers or their agents and a detailed alphabetical index to the materials for which data are listed about the book with the rapid change in statutory environment corporate law has also been evolving at faster pace from past several decades the complexities in the laws have also been rising which poses constant challenge to practising professionals there also exist a lot of issues which perhaps may not be addressed by legislation and delegated legislation some of which are addressed by the judiciary the present book is a compendium of key issues under corporate laws covering a wide spectrum of subjects in corporate laws in five volumes this book brings out issues in corporate law covering aspects that professionals face in practice it also brings out a lot of aspects that readers should be aware of legislation and case laws from other jurisdictions have been analysed to provide insight into the issues key features topic wise detailed analysis of various corporate law issues various issues organised under topic heads addressing the key issues concerning the topic detailed analysis of statutory provisions along with relevant judicial pronouncements and provisions of allied laws

wherever applicable for each topic has been provided e g sebi act and various regulations issued by the sebi analysis of certain landmark judicial pronouncements comparative position of various topics between companies act 2013 and companies act 1956 certain new concepts of companies act 2013 explained in detail rules of interpretation of statutes have been discussed wherever necessary this compendium contains key official documents on peace and security in africa covering period between 1963 and the end of 2005 if you are in search of real world practical scenarios of it performance management practices with a desire to obtain examples of strategic directives accountabilities outcomes and performance measures for managing it services with an interest toward how performance management integrates with strategic and operational management then integrat corporate social responsibility csr has become an important concept in the last few decades although it originated in the developed countries of the west the concept has been embraced and adapted by corporations and policy making agencies in many developing countries not surprisingly given the importance of growth and development as policy objectives in these countries csr has had a significant impact on sustainable development sustainable development and corporate social responsibility explores the evolution of csr across the developed and developing world with a particular focus on china and sustainable development through an extensive review of the literature and relevant case studies the book examines whether csr can make a contribution to sustainable development how the patterns of csr in developed western economies compare to that in the rapidly growing economy of china what trade offs take place between csr and economic growth as well as the future of csr and its possible impact on the global sustainable development agenda this book is a valuable resource for academics and upper level undergraduate and postgraduate students in the fields of human social geography economics business studies sustainable development development studies and environmental studies this book describes approaches opinions and concepts for new and emerging solutions and technologies that could be successfully applied in the configuration optimization and management of supply networks in the highly volatile environment of today s global economy it features numerous case studies and quantitative research from different sectors and different countries the authors which include academics and managers alike present tips on technical organizational financial and social aspects of implementing the new smart solution dynamic and changing market conditions have made it necessary for companies to act in networks to maintain their competitive position accordingly they have to adapt their own actions to those of other market players which requires a smart attitude today s supply networks need to be sustainable modern adaptive robust and innovative technology oriented for example this concerns making decisions about the extent to which a business model should be green or lean in turn these decisions impact logistics it environmental issues and co operation between suppliers customers competitors and complementors larger 12pt font includes part three this will challenge the conservative carried out in 2006 2007 and announced at the special function for the csi nihilent e governance awards and presented during the 42nd annual convention of the computer society of india this report presents a comprehensive overview of recent and longer term trends in productivity levels and growth in oecd countries accession countries key partners and some g20 countries renowned experts in the neuro oncological field bring their expertise together for neuro oncology compendium for the boards and clinical practice this volume reviews the core topics of neuro oncology including adult and pediatric neuro oncology management central nervous system tumor complications genetic considerations and more with a focus on updated treatments and terminology this volume is designed to comprehensively review all major facets of neuro oncology so that physicians in training may prepare for the board review and practicing specialists can stay up to date in their treatment of patients this essential text includes hundreds of figures and tables succinct review flashcards end of chapter questions and answers as well as end of volume exams so readers can review and test their own comprehension each chapter has been reviewed by the editors to ensure cohesive board level verbiage emphasizing practical clinical knowledge neuro oncology compendium for the boards and clinical practice is up to date and comprehensive eliminating the need for multiple sources of study key features of this volume include end of chapter flashcards to summarize key content end of chapter questions and answers for review practice exams to simulate board questions updated terminology and practices complimentary images and tables to support learning trevor kletz has had a huge impact on the way people viewed accidents and safety particularly in the process industries his ideas were developed from nearly 40 years working in the chemical industry when he retired from the field he shared his experience and ideas widely in more than 15 books trevor kletz compendium his process safety wisdom updated for a new generation introduces kletz s stories and ideas and brings them up to date in this valuable resource that equips readers to manage process safety in every workplace topics covered in this book include inherent safety safety studies human factors and design learn the lessons from past accidents to make sure they don t happen again focuses on understanding systems and learning from past accidents describes approaches to safety that are practical and effective provides an engineer s perspective on safety sustainability compendium is an informative sourcebook that holds a detailed description of hundred sustainable textile companies filtered from different categories of the textile value chain it will be a guiding tool for companies who are seeking to turn their business sustainable as well as be an inspiration for others to turn towards ecological business this compendium will give the featured companies a voice to narrate their sustainable story to the corporate world each participant would have a space in this feature to present their sustainable activities setting an example that would lead others to join the sustainable drive fashion in itself is a dynamic industry and if you choose to look at fashion solely from the sustainability point of view then keeping track of developments is simply not easy inventions innovations and ideas have already changed the narrative and the axioms of the business of fashion that dominated the discourse at the turn of the century today sound hopelessly outdated and out of place sustainable fashion was just another segment of the industry till even in the early half of this decade but not anymore thought leaders are unanimous about one thing sustainable fashion can no more be a niche and many of them agree that if it ain t sustainable then it ain t fashion by and by many brands are lending credence to that idea while for many others the idea is just beginning to sink in this is where this compendium comes in with ideas there are many articles in this volume that discuss different aspects threadbare fashionable sustainable is that even possible argues that there is more to sustainable fashion than meets the eye the article asserts that the relationship between fashion and sustainability is active and complex and each time we look at the key ideas or issues at stake different aspects seem to come to light it looks at sustainability in manufacturing working conditions of garment workers and the role of the fashion designer in the entire process therein

revitalising a lifestyle is an interview with edric ong an award winning malaysian designer of natural textiles fashion and crafts currently senior vice president of the world crafts council asia pacific he set up the world eco fibre and textile weft network to further the cause of natural fibres and dyes in a freewheeling interview ong talks about sustainable fashion and where it is going globally and how it can be made a more permanent mode of retail fashion he also talks about his well known experiments with ikat and points out that eco lifestyle is about going back to the basics the true cost of fast fashion goes ahead to underline the fact that it is indeed possible to improve and impact almost every aspect of the production process and factors such as scale technical viability and global supply chains are no longer limiting as long as businesses are committed to paying the true cost of production and no fast is not sustainable takes a deep dive into the entire gamut of fashion right from the birth of the concept to the explosive growth of the segment and finally the backlash i hope this fourth edition will give you thoughts to mull over and even implement some in your day to day business case study is an important pedagogical tool not only to facilitate classroom teaching but is also a research tool used widely in academia and industry every workplace situation calls for decision making and managerial skill while some situations are more complex and far reaching than the others all decisions are equally important for the businesses in the overall landscape on one hand strategic decisions call for sharp business acumen and experience on the other hand operational decisions call for tact and eye for detail businesses employ unique solutions to solve their problem which is often recorded as a case study these case studies are an effective tool to enhance learning it stimulates the students to integrate classroom learning with application orientation to solve real live problems the growth in case writers coupled with availability of good cases has made industry and academia to embrace case methods an initiative to support and encourage build indigenous case studies this book is a compilation of the cases presented at the management case conference organised by psg institute of management in 2021 the two broad categories of mammalian stem cells exist embryonic stem cells derived from blastocysts and adult stem cells which are found in adult tissues in a developing embryo stem cells are able to differentiate into all of the specialised embryonic tissues in adult organisms stem cells and progenitor cells act as a repair system for the body replenishing specialised cells as stem cells can be readily grown and transformed into specialised tissues such as muscles or nerves through cell culture their use in medical therapies has been proposed in particular embryonic cell lines autologous embryonic stem cells generated therapeutic cloning and highly plastic adult stem cells from the umbilical cord blood or bone marrow are touted as promising candidates among the many applications of stem cell research are nervous system diseases diabetes heart disease autoimmune diseases as well as parkinson s disease end stage kidney disease liver failure cancer spinal cord injury multiple sclerosis and alzheimer s disease stem cells are self renewing unspecialised cells that can give rise to multiple types all of specialised cells of the body stem cell research also involves complex ethical and legal considerations since they involve adult foetal tissue and embryonic sources this book presents leading research from around the world in this field which is of interest to so many and presents so many hopes fibre2fashion s initiative sustainability compendium 5th edition titled going circular this book presents selected articles from india smart grid week isgw 2017 which is the third edition of the conference cum exhibition on smart grids and smart cities organized by india smart grid forum from 07 10 march 2017 at manekshaw centre dhaula kuan new delhi india isgf is a public private partnership initiative of the ministry of power govt of india with the mandate of accelerating smart grid deployments across the country this book gives current scenario updates of indian power sector business it also highlights various disruptive technologies for power sector business reprint of the original first published in 1869
