## **Summary of Karen Brody's Open Her 2022-06-30T22:59:00Z**

please note this is a companion version not the original book sample book insights 1 i met chris at a party and i was instantly attracted to his eyes i was drawn to his intense focus and his openness i felt as if i could tell him anything and he would hear me we made a date for a few days later and he took me to a water reserve set in a dramatic canyon 2 chris took photos of me while i was standing completely naked he then took me on a hike where we met up with some friends when we got back to chris s place he asked if i wanted a hot bubble bath i was nervous but excited 3 it is hard to describe how good it feels for a woman to open to a man it is a form of ecstasy to want so passionately that there is nothing else i had that feeling that night with chris 4 the artist is the easiest archetype for men to identify with because men are typically visual when you see a woman you want to see her appreciate her and enjoy her company when you see a woman but don t see her as a sexual object but as a person with a beautiful soul you have the power to affect how she feels about herself and how she moves and flows in the world
