

# Epub free Obedience to authority an experimental view perennial classics (PDF)

in the 1960s yale university psychologist stanley milgram famously carried out a series of experiments that forever changed our perceptions of morality and free will the subjects or teachers were instructed to administer electroshocks to a human learner with the shocks becoming progressively more powerful and painful controversial but now strongly vindicated by the scientific community these experiments attempted to determine to what extent people will obey orders from authority figures regardless of consequences obedience to authority is milgram s fascinating and troubling chronicle of his classic study and a vivid and persuasive explanation of his conclusions

the book is a study of both how we experience authority and how we might experience it differently sennett explores the bonds that rebellion against authority paradoxically establishes showing how this paradox has been in the making since the french revolution and how today it expresses itself in offices in factories and in government as well as in the family drawing on examples from psychology sociology and literature he eloquently projects how we might reinvigorate the role of authority according to good and rational ideals a master of the interplay between politics and psychology richard sennett here analyzes the nature the role and the faces of authority authority in personal life in the public realm authority as an idea why have we become so afraid of authority what real needs for authority do we have for guidance stability images of strength what happens when our fear of and our need for authority come into conflict in exploring these questions sennett examines traditional forms of authority the father s in the family the lord s in society and the dominant contemporary styles of authority and he shows how our needs for no less than our resistance to authority have been shaped by history and culture as well as by psychological disposition

offering a nuanced and realistic account of the authority of international law this book discusses whether international law is obeyed and the type of duties it imposes on the state through a review of present accounts ranging from the mainstream to extra disciplinary the extent of authority is explored

raz begins by presenting an analysis of the concept of moral authority he then develops a detailed explanation of the nature of law and legal systems within this framework raz then examines the areas of legal thought that have been viewed as impregnated with moral values

about the contributor s peter taylor forsyth 1848 1921 preached and pastored for twenty five years before becoming principal of hackney college in london where he taught systematic theology and preaching forsyth converted from theological liberalism to classical christianity in the mid 1880s the theological transition was in his own words from a lover of love to an object of grace a

theologian of the cross forsyth is well known for his publications the work of christ cruciality of the cross and the person and place of jesus christ  
issues for include annual air transport progress issue this book traces the evolving uses of writing to  
command assent and obedience in early china an evolution that culminated in the establishment of a textual canon as the foundation of imperial authority its central theme is  
the emergence of this body of writings as the textual double of the state and of the text based sage as the double of the ruler the book examines the full range of writings  
employed in early china such as divinatory records written communications with ancestors government documents the collective writings of philosophical and textual traditions  
speeches attributed to historical figures chronicles verse anthologies commentaries and encyclopedic compendia lewis shows how these writings served to administer  
populations control officials form new social groups invent new models of authority and create an artificial language whose master generated power and whose graphs  
became potent objects
