the first edition of dvoretzky s endgame manual was immediately recognized by novice and master alike as one of the best books ever published on the endgame the second edition is revised and enlarged now over 400 pages covering all the most important concepts required for endgame mastery i am sure that those who study this work carefully will not only play the endgame better but overall their play will improve one of the secrets of the russian chess school is now before you dear reader from the foreword to the first edition by grandmaster artur yusupov going through this book will certainly improve your endgame knowledge but just as important it will also greatly improve

your ability to calculate variations what really impresses me is the deep level of analysis in the book all i can say is this is a great book i hope it will bring you as much pleasure as it has me from the preface to the first edition by international grandmaster jacob aagaard here s what they had to say about the first edition dvoretzky s endgame manual may well be the chess book of the year it comes close to an ultimate one volume manual on the endgame lubomir kavalek in his chess column of december 1 2003 in the washington post dvoretzky s endgame manual is quite simply a masterpiece of research and insight it is a tremendous contribution to endgame literature certainly the most important one in many years and destined to be a classic of the literature if it isn t already one the famous trainer mark dvoretzky has put together a vast number of examples that he has not only collected but analysed and tested with some of the world s strongest players this is a particularly important book from the standpoint of clarifying correcting and extending the theory of endings most of all dvoretzky s analysis is staggering in its depth and accuracy john watson reviewing dem at the week in chess 2003 book of the year jeremysilman com 2003 book of the year seagaard chess reviews this is an extraordinary good chess book to call this the best book on endgames ever written seems to be an opinion shared by almost all reviewers and commentators and i must say that i am not to disagree erik sobjerg
