together with the particulars of other yachts which are considered to be of interest illustrates plates of the flags of yacht and sailing clubs together with a list of club officers an illustrated list of the distinguishing flags of yachtsmen a list of the names and addresses of yacht owners and much other information for more information on the lloyd s register of yachts please click here hec.lrfoundation.org.uk/archive/library/lloyds_register_of_yachts_online organizational compliance and ethics is designed to provide the theoretical and practical foundations for a career in global compliance addressing the full range of subject matters that a lawyer may encounter in managing legal risk for a multinational enterprise while the book explores this new field through the prism of the fcpa it imparts a skill set that is broadly applicable to different industries and compliance related functions in particular students learn how to tailor a compliance program to an enterprise s specific operations and business strategy professors and students will benefit from clear and coherent presentation of compliance as a distinct field of practice combination of statutory and regulatory analysis with contextual discussion of history and evolution of the field extensive discussion of organizational culture and the role of corporate leaders in setting the right tone hypotheticals involving real world scenarios that present students with the practical realities of being a compliance lawyer in a global economy test your knowledge sections following each part which provide comprehensive assessment tools detailed treatment of corporate social responsibility and ethical obligations of multinational enterprises operating in emerging markets teaching materials include a comprehensive teacher s manual derived from the author s practical and teaching experience and designed to offer a plug and play teaching experience through the inclusion of a complete set of slides used to teach the included 4 credit course featuring extensive multimedia aids charts graphs illustrations slide by slide guidance including detailed talking points analysis and answers to questions and hypotheticals drawn from 50 hours of transcribed time spent teaching from those same slides a sample course requirements memo sample syllabi for 2 3 and 4 credit course online appendices numerous sample exams with grading rubrics carjacked is an in depth look at our obsession with cars while the automobile s contribution to global warming and the effects of volatile gas prices are is widely known the problems we face every day because of our cars are much more widespread and yet much less known from the surprising 14 000 per year that the average family pays each year for the vehicles it owns to the increase in rates of obesity and asthma to which cars contribute to the 40 000 deaths and 2 5 million crash injuries each and every year carjacked details the complex impact of the automobile on modern society and shows us how to develop a healthier cheaper and greener relationship with cars www.pearson.com/9780130354378 whether its bungee jumping in queenstown or visiting the guinness factory in dublin where we travel and what we do when we get there has changed significantly in the past twenty years this innovative textbook explores what is possibly the most unrecognized of international service industries placing tourism in the context of contemporary gl www.pearson.com/9780130354378 the lloyd s register of shipping records the details of merchant vessels over 100 gross tonnes which are self propelled and sea going regardless of classification before the time only those vessels classed by lloyd s register were listed vessels are listed alphabetically by their current name www.lloydregister.com a comprehensive index to company and industry information in business journals the rapid growth and reliance on cyber systems have permeated our society government and military which is demonstrated in this book the authors discuss how ai powered cyber systems are designed to protect against cyber threats and ensure the security and reliability of digital systems using artificial intelligence ai technologies as ai becomes more integrated into various aspects of our lives the need for reliable and trustworthy ai systems becomes increasingly important this book is an introduction to all of the above mentioned areas in the context of ai embedded assurance for cyber systems this book has three themes first the ai ml for digital forensics theme focuses on developing ai and ml powered forensic tools techniques software and hardware second the ai ml for cyber physical system theme describes that ai ml plays an enabling role to boost the development of cyber physical systems cps especially in strengthening the security and privacy of cps third the ai ml for cyber analysis theme focuses on using ai ml to analyze tons of data in a timely manner and identify many complex threat patterns this book is designed for undergraduates graduate students in computer science and researchers in an interdisciplinary area of cyber forensics and ai embedded security applications it is also useful for practitioners who would like to adopt ais to solve cyber security problems this book contains the proceedings of the the international conference on law social science economics and education iclssee 2021 where held on 6 maret 2021 in salatiga central java this conference was held in collaboration nusantara training and research ntr with borobudur university jakarta and the research and development agency of the ministry of home affairs the papers from these conferences collected in a proceedings book entitled proceedings of the international conference on law social science economics and education iclssee 2021 the presentation of such conference covering multi disciplines will contribute a lot of inspiring inputs and new knowledge on current trending about law social science economics and education thus this will contribute to the next young generation researches to produce innovative research findings hopefully that the scientific attitude and skills through research will promote the development of knowledge generated through research from various scholars in various regions finally we would like to express greatest thankful to all colleagues in the steering

committee for cooperation in administering and arranging the conference hopefully these seminar and conference will be continued in the coming years with many more insight articles from inspiring research we would also like to thank the invited speakers for their invaluable contribution and for sharing their vision in their talks we hope to meet you again for the next conference of iclssee this book offers a novel and interdisciplinary exploration of revolution as situated protest in tunisia larbi sadiki and layla saleh present extensive local evidence to demonstrate that popular resistance has been a mainstay of modern tunisia before during and after colonialism protest makes peoplehood and peoplehood makes protest neither is self contained the book explores the rich history and diversity of insurrectionary politics in tunisia from the onset of protests in the 1960s up to the 2011 arab spring revolution and beyond exploring bottom up activism hirak and revolution thawrah the six protestscapes presented in the volume unions student activists the phosphate uprising the 2010 11 revolution kamour and football ultras offer a novel way of examining partial moving snapshots that are crucial to understanding revolution they counter the prevailing narrative of revolution as leaderless a spontaneous surprise with no historical pedigree or inherited learning and depict instead an active citizenry whose collective memories are stamped by trials of anti colonial and anti dictatorial rebellion
