purchase one of 1st world library s classic books and help support our free internet library of downloadable ebooks visit us online at 1stworldlibrary org hilda wade s gift was so unique so extraordinary that i must illustrate it i think before i attempt to describe it but first let me say a word of explanation about the master i have never met anyone who impressed me so much with a sense of greatness as professor sebastian and this was not due to his scientific eminence alone the man s strength and keenness struck me quite as forcibly as his vast attain ments when he first came to st nathaniel s hospital an eager fiery eyed physiologist well past the prime of life and began to preach with all the electric force of his vivid personality that the one thing on earth worth a young man s doing was to work in his laboratory attend his lectures study disease and be a scientific doctor dozens of us were infected by his contagious enthusiasm he proclaimed the gospel of germs and the germ of his own zeal flew abroad in the hospital it ran through the wards as if it were typhoid fever within a few months half the students were converted from lukewarm observers of medical routine into flaming apostles of the new methods we are delighted to publish this classic book as part of our extensive classic library collection many of the books in our collection have been out of print for decades and therefore have not been accessible to the general public the aim of our publishing program is to facilitate rapid access to this vast reservoir of literature and our view is that this is a significant literary work which deserves to be brought back into print after many decades the contents of the vast majority of titles in the classic library have been scanned from the original works to ensure a high quality product each title has been meticulously hand curated by our staff our philosophy has been guided by a desire to provide the reader with a book that is as close as possible to ownership of the original work we hope that you will enjoy this wonderful classic work and that for you it becomes an enriching experience
