how the legalization of assisted dying is changing our lives over the past five years medical aid in dying also

known as assisted suicide has expanded rapidly in the united states and is now legally available to one in five americans this growing social and political movement heralds the possibility of a new era of choice in dying yet very little is publicly known about how medical aid in dying laws affect ordinary citizens once they are put into practice sociological studies of new health policies have repeatedly demonstrated that the realities often fall short of advocacy visions raising questions about how much choice and control aid in dying actually affords scripting death chronicles two years of ethnographic research documenting the implementation of vermont s 2013 patient choice and control at end of life act author mara buchbinder weaves together stories collected from patients caregivers health care providers activists and legislators to illustrate how they navigate aid in dying as a new medical frontier in the aftermath of legalization scripting death explains how medical aid in dying works what motivates people to pursue it and ultimately why upholding the right to die is very different from ensuring access to this life ending procedure this unprecedented in depth account uses the case of assisted death as an entry point into ongoing cultural conversations about the changing landscape of death and dying in the united states
