teachers who teach english as a foreign language in countries where a language other than english is the official language this range of educators teaches english to children adolescents and adults in primary secondary post secondary popular education and language academies or tutoring centers the diversity of learners and contexts within the tesol field presents a unique opportunity for educators to address varied educational and societal needs this opportunity calls for tesol educators who can support the whole learner in a range of contexts for the greater social good there is an urgent need for readily reproducible and step by step research based practices and current standards in tesol that bridge the gap between critical scholarship and equitable teaching practices this book would serve as a critical addition to current literature in tesol tesol guide for critical praxis in teaching inquiry and advocacy is an essential reference that provides practical and equitable step by step guides for tesol educators through the current best practices and methods for effective and equity minded teaching critical inquiry and transformative advocacy this book is of particular value as it bridges theories to practices with a critical look at racial and social justice in english language teaching which will lead to the integration of social justice focused practice across the new curriculum covering topics such as integrated language instruction equity and inclusivity critical consciousness and online learning this text is essential for in service and pre service tesol educators education students researchers administrators teacher educators and academicians theorizing equity in the museum integrates the perspectives of learning researchers and museum practitioners to shed light on the deep seated structures that must be accounted for if the field is to move past aspirations and rhetoric and

towards more inclusive practices written during a time when museums around the world were being forced to reckon with their institutional practices of exclusion their histories of colonization both cultural and intellectual and for many their tenuous business models the chapters leverage a range of theoretical perspectives to explore lived experiences of working in the museum towards changing the museum theories of spatial justice critical pedagogy culturally relevant pedagogy critical race theory and others are used to consider how the museum s dominant cultural structures and norms collide with museum professionals aspirations for inclusive practices the chapters present a mix of empirical research and reflections which collectively operate to theorize the museum as a potential force for enriching empowering and transforming an inclusive public s relationship with some of our most powerful ideas and aspirations but first they must change from the inside out grounded in practice and practical problems theorizing equity in the museum demonstrates how theory can be used as a practical tool for change as a result the book will be of interest to academics and students engaged in the study of museums education learning and culture as well as to museum practitioners with an interest in equity and inclusion double revenge in yellowstone is the third novel in the student organisations and public libraries truscott was one of the really tough generals soldier cartoonist bill mauldin of the 45th infantry division once wrote he could have eaten a ham like patton for breakfast any morning and picked his teeth with the man s pearl handled pistols not one merely to act the part of commander mauldin remembered truscott spent half his time at the front the real front with nobody in attendance but a nervous jeep driver and a worried aide in this biography of lucian k truscott jr author harvey ferguson tells the story of how truscott despite his hardscrabble beginnings patchy education and questionable luck not only made the rank of army lieutenant general earning a reputation as one of world war ii s most effective officers along the way but was also given an honorary promotion to four star general seven years after his retirement for all his accomplishments and celebrated heroic action truscott was not one for self aggrandizement which may explain in part why historians have neglected him until now the last cavalryman drawing on personal papers only recently made available gives the first full picture of this singular man s extraordinary life and career ferguson describes truscott s near accidental entry into the u s cavalry propelled by pancho villa s 1916 raids and his somewhat halting rise through the ranks aided by fellow cavalryman george s patton jr who steered him into the nascent armored force at the right time the author takes us through truscott s service in the second world war from creating the u s army rangers to engineering the breakout from anzio and leading the masterpiece invasion of southern france ferguson finishes his narrative by detailing the general s postwar work with the cia where he acted as president dwight eisenhower s eyes and ears within the agency a compelling story in itself this biography of lucian k truscott jr a cavalryman to the last fills out an important chapter in american military history an intriguing true story decide for yourself what to believe following world war i the happy mentoring vocational school operated by one mr charles mentor was on the cutting
