the japan led trans pacific partnership cptppa of 2018 is the most far reaching megaregional economic agreement in force with several major countries beyond its eleven negotiating countries also interested still bearing the stamp of the original us involvement before the trump era reversal tpp is the first instance of megaregulation a demanding combination of inter state economic ordering and national regulatory governance on a highly ambitious substantive and trans regional scale its text and ambition have influenced other negotiations ranging from the japan eu

agreement jeepa and the us mexico canada agreement usmca to the projected pan asian regional comprehensive economic partnership rcep this book provides an extensive analysis of tpp as a megaregulatory project for channelling and managing new pressures of globalization and of core critical arguments made against economic megaregulation from standpoints of development inequality labour rights environmental interests corporate capture and elite governance specialized chapters cover supply chains digital economy trade facilitation intellectual property currency levels competition and state owned enterprises government procurement investment prescriptions for national regulation and the tpp institutions country studies include detailed analyses of tpp related politics and approaches in japan mexico brazil china india indonesia and thailand contributors include leading practitioners and scholars in law economics and political science at a time when the wto and other global scale institutions are struggling with economic nationalism and geopolitics and bilateral and regional agreements are pressed by public disagreement and incompatibility with digital and capital and value chain flows the megaregional ambition of tpp is increasingly important as a precedent requiring the close scrutiny this book presents
