Notes on Nursing 1859

the following notes are by no means intended as a rule of thought by which nurses can teach themselves to nurse still less as a manual to teach nurses to nurse they are meant simply to give hints for thought to women who have personal charge of the health of others every woman or at least almost every woman in england has at one time or another of her life charge of the personal health of somebody whether child or invalid in other words every woman is a nurse every day sanitary knowledge or the knowledge of nursing or in other words of how to put the constitution in such a state as that it will have no disease or that it can recover from disease takes a higher place it is recognized as the knowledge which every one ought to have distinct from medical knowledge which only a profession can have if then every woman must at some time or other of her life become a nurse i e have charge of somebody s health how immense and how valuable would be the produce of her united experience if every woman would think how to nurse i do not pretend to teach her how i ask her to teach herself and for this purpose i venture to give her some hints

Note on Nursing 2013-07-01

neither in my own nursing education at the b s n nor at the m s n level was it even suggested much less required that i read any of florence nightingale s original writings even as a nurse educator for over 30 years i did not require my students to read her writings either after reading this book i now believe it is a void in the education of a nurse not to read at least some of the writings of the founder of modern day nursing notes on nursing would be an excellent choice this book introduces holistic health home health alternative therapies health prevention and maintenance the role of women in nursing and in everyday life nursing administration leadership communications skills mind body and body mind relationships her theory on the use of light fresh air warmth cleanliness quiet and the proper selection and administration of diet is also well explored anita s kessler r n m s n m ed

Notes on Nursing 1870

first published in 1860 this short work was developed by nursing pioneer florence nightingale for use at her training school in england but it is meant for anyone entrusted with the well being of another and offers commonsense suggestions for all caregivers charged with looking after the sick and injured while some of the information is dated there remains a wealth of timeless advice as well as an intimate peek into a moment in medical history topics covered include ventilation and warming noise bed and bedding light cleanliness and the benefit of variety in a patient s surroundings british nurse and teacher florence nightingale 1820 1910 established the nightingale training school in 1860 and transformed nursing from a profession for poor women into a noble occupation she was awarded the order of merit by the queen of england in 1907 for her contributions to medicine

ICU Nursing Notes and Cheats 2019-07-31

In this work Florence Nightingale set out her principle of care for the sick and the injured the author combined first hand experience in health care with an instinct for organization and creative expression this was the first book the author wrote for general readership

Notes on Nursing 2018-12-07

Notes on Nursing by Florence Nightingale is a classic text in nursing education. It provides a comprehensive overview of nursing practice, from the history of nursing to the role of the nurse in patient care. The book is divided into three main sections: 1. The Art of Nursing, 2. The Science of Nursing, and 3. The Practice of Nursing. Each section is further divided into chapters that cover various aspects of nursing, such as patient assessment, diagnosis, and treatment. The book is written in a clear and concise style, making it an excellent resource for both students and practicing nurses.

Vital Notes for Nurses 2008

florence nightingale remains an inspiration to nurses around the world for her pioneering work treating wounded british soldiers during the crimean war authorship of notes on nursing the foundational text for nursing practice establishment of the world's first nursing school and advocacy for the hygienic treatment of patients and sanitary design of hospitals in notes on nightingale nursing historians and scholars offer their valuable reflections on nightingale and analysis of her role in the profession a century after her death on 13 august 1910 and 150 years since the nightingale school of nursing now the florence nightingale school of nursing and midwifery at king's college london opened its doors to probationers at st thomas hospital there is a great deal of controversy about nightingale opinions about her life and work range from blind worship to blanket denunciation the question of nightingale and her place in nursing history and in contemporary nursing discourse is a topic of continuing interest for nursing students teachers and professional associations this book offers new scholarship on nightingale's work in the crimea and the british colonies and her connection to the emerging science of statistics as well as valuable reevaluations of her evolving legacy and the surrounding myths symbolism and misconceptions

Assess Notes 2017-06-27

designated a doody's core title this beautiful book bound in red leather includes an in depth history about each version and the preparation and publishing of nightingale's works what is very interesting is the editor's commentary on the bibliographical and social history behind the various versions he discusses little known facts about the book such as the one published for the educated professional is the second version whereas the other versions though more widely published and more widely known were written mainly for the masses the editor's research clearly describes nightingale's legacy and the effect it has had on contemporary nursing as well as nursing's future at 40.00 it is a steal score 98.5 stars doody's with the 2010 publication of dr victor skretkowicz's florence nightingale's notes on nursing revised with additions in florence nightingale's 1920 1910 centenary year nurses and others will recognize this extraordinary woman whose dedication and determination helped to shape the course of modern global healthcare and holistic and integral relationship centered care barbara dossey phd rn ahn bc faan international co director nightingale initiative for global health ottawa

ontario canada and arlington virginia simultaneously witty scathing and anecdotal florence nightingale s notes on nursing is perhaps the most influential work on nursing throughout the world for years the varying editions of this seminal work have puzzled scholars as well as readers now dr skretkowicz sets the historical record straight this volume includes the annotated and unabridged july 1860 edition the library standard edition of notes on nursing the 1868 edition of notes on nursing for the labouring classes and additional manuscripts written by nightingale in 1875 that she was never able to publish beautifully bound in faux leather with a decorative ribbon this commemorative volume makes a perfect gift for any nurse and is a must have for all nursing libraries and researchers the new edition presents nightingale s unabridged edition in its original form for the very first time since its publication in july 1860 together with the 1868 edition and the 1875 manuscripts the book provides today s educated readership with the nearest possible authoritative complete and unexpurgated version of one of the best selling globally circulated texts of the nineteenth century key features complete with dr skretkowicz s own expert commentary and annotations describes the variant versions of the texts in the contexts of their social and cultural history presents some of nightingale s original passages that remained unpublished for more than 100 years provides reactions and commentary from nightingale s contemporaries
