increased coverage of key issues such as the standardisation of English a wider range of activities plus answers to exercises new readings of well known authors such as Manfred Krug Colette Moore Merja Stenroos and David Crystal a timeline of important external events in the history of English structured to reflect the chronological development of the English language history of English describes and explains the changes in the language over a span of 1500 years covering all aspects from phonology and grammar to register and discourse in doing so it incorporates examples from a wide variety of texts and provides an interactive and structured textbook that will be essential reading for all students of English language and linguistics

The Story of English 2002-12-31 excerpt from English grammar the English language in its elements and forms with a history of its origin and development i in the addition of a large amount of new and valuable matter with the omission of certain portions of the old not deemed so important ii in the annexation of questions to most of the chapters for the aid both of the pupil and the teacher about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at forgottenbooks.com this book is a reproduction of an important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

History of English 2020-08-25 this historic book may have numerous typos and missing text purchasers can usually download a free scanned copy of the original book without typos from the publisher not indexed not illustrated 1841 edition excerpt it treats as two and that lines as long as where virtue wants and vice abounds and wealth is but a baited hook it reduces to a single verse 312 in metres of measure ax the number of syllables is double the number of accents unless the final rhyme be single in which case the syllables are the fewest in metres of measure x a the number of syllables is double the number of accents unless the rhyme be double or treble in which case the syllables are the most numerous now this view which may be carried throughout the whole five measures of the proportion between the accents and the syllables taken with the fact that it is determined by the nature of the final syllable indicates a division of our metres into symmetrical where the number of the syllables is the multiple of the number of accents and unsymmetrical where it is not so for practical purposes however the length of the last measure may be considered as indifferent and the terms indicated may be reserved for the forthcoming class of metres 313 of the metres in question Coleridge's *Christabel* and Byron's *Siege of Corinth* are the current specimens in the latter we have the couplet he sat him down at a pillar's base and threw his hand athwart his face in the second of these lines the accents and the syllables are symmetrical which is not the case with the first now to every or any accent in the second line an additional unaccented syllable may be added and the movement be still preserved it is the fact of the accents and syllables

irrespective of the latitude allowed to the final 384 the prosody of the english language measure being here not symmetrical or if symmetrical only so by accident that gives to the metres in question

English Grammar 2017-12-20 english in the world history diversity change examines the english language as it has developed through history and is used across the globe today the first half of the book outlines the history of the language from its fifth century roots through its development as a national a colonial and now a global language in the second half the focus shifts to the diversity of the language today the book explores varieties of english across the english speaking world as well as english related varieties such as pidgins and creoles it also examines complex processes of variation hybridity and change in english and in the shifting styles of individual speakers throughout the focus is on the international nature of english and its use alongside other languages in a diverse range of communities drawing on the latest research and the open university's wide experience of writing accessible and innovative texts this book explains basic concepts and assumes no previous study of english or linguistics contains a range of source material and commissioned readings to supplement chapters includes contributions from leading experts in their fields including joan beal suresh canagarajah david crystal jonathan hope kay mccormick miriam meyerhoff rajend mesthrie robert podesva and jennifer smith has a truly international scope encompassing examples and case studies from the uk and north america australia and new zealand europe asia and africa is illustrated in full colour to bring the fascinating study of the english language alive includes a comprehensive index as well as useful appendices showing the historical timeline of english and a brief introduction to the description of linguistic features english in the world history diversity change is essential reading for all students of english language studies

The Mother Tongue 2015-06-02 this is the fully revised and expanded second edition of *English: One Tongue, Many Voices* a book by three internationally distinguished English language scholars who tell the fascinating improbable saga of English in time and space chapters trace the history of the language from its obscure beginnings over 1500 years ago as a collection of dialects spoken by marauding illiterate tribes they show how the geographical spread of the language in its increasing diversity has made English into an international language of unprecedented range and variety the authors examine the present state of English as a global language and the problems pressures and uncertainties of its future online and offline they argue that in spite of the amazing variety and plurality of English it remains a single language

The English and Their History 2016-11-29 David Crystal's classic *English as a Global Language* considers the history present status and future of the English language focusing on its role as the leading international language English has been deemed the most successful language ever with 1500 million speakers internationally presenting a difficult task to those who wish to investigate it in its entirety however Crystal explores the subject in a measured but engaging way always backing up observations with facts and figures written in a detailed and fascinating manner this is a book written by an expert both for specialists in the subject and for general readers interested in the English language

2012-03-30 purchase of this book includes free trial access to million books.com where you can read more than a million books for free this is an OCR edition with typos excerpt from book chapter ii the limitations of the school in dealing with illiteracy so much attention has been drawn by wide discussion in the press to the battle against illiteracy which the movement for the reform of English studies signalizes that we think it necessary to consider carefully what the responsibilities of the school are in the matter of illiteracy this will enable us to indicate our general conception of the scope and aims of English study and to review the limitations that thwart and excuse the school it is as important for the teacher as for the public to recognize these limitations at the outset in no subject do the forces of the social environment against which the school has to strive make themselves so continually felt as they do in English in literary studies the higher ideals and sentiments of the race expressed by its poets and seers clash with the average commercialized ambitions and soiled ideals in whose atmosphere the child is reared while in language work the higher usages of literary English exacted in the school are in perpetual conflict with the barbarisms of the swarming illiterate outside the teacher of English at least in the great majority of our city public schools is involved in unceasing warfare with these retarding forces in arithmetic or science or geography the teacher may sow on virgin soil the English teacher must sow on soil choked with the weeds of bad habit and must ceaselessly ply the hoe against untiring enemies in the discussion of the problem of illiteracy not enough allowance is made for this fact it is one of fundamental importance and our discussion must start with it because it has very practical bearings the schools are held responsible by the

public and by the colleges for linguistic faults that have their root

The English Language and Its Grammar (Classic Reprint) 2017-12-25 at the sales office of an automotive company in Tokyo Yukio Ogawa a 27 year old mechanic is a parasite single who still lives with his parents his mother does everything for him even his lunch box daily the reason is his workplace is within walking distance of his home his life changes when he applies for a green card and finds out he is the most popular among the three women in his colleagues he is perplexed by the approaches of Tomoko Aoki and Erika Yamamoto who have had a one sided love for Yukio for six years still Yukio's monochrome life of shuttling back and forth between work and home begins to take on color Katsuhiko Anzai one of Yukio's five classmates has broken up with his college girlfriend because of his sexual orientation Yukio's older brother Toru was his first love but six years after joining the company he became a bridge between the other classmates and Yukio's close friendship at the same time he was always concerned about the disappearance of Kenta his junior in college who resembled Toru a contemporary romance and BL story are interwoven by six classmates this story is also available in Japanese and bilingual versions English and Japanese

How English Became English 2016 NHK

The English Language 1968 excerpt from a practical grammar of the English language in which the principles established by Lindley Murray are inculcated and his theory of the moods clearly illustrated by diagrams representing the number of the tenses in each mood their signs and the manner in which they are formed tenses in each their signs and the manner in which they are formed the utility of these diagrams has been fully tested and it is confidently believed that if properly used they will be found as useful in acquiring a critical knowledge of the most complicated part of grammar as maps are in the study of geography about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at forgottenbooks.com this book is a reproduction of an important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

A Comprehensive Grammar of the English Language 2015-06-02 excerpt from essentials of English speech and literature an outline of the origin and growth of the language with chapters on the influence of the Bible the value of the dictionary and the use of the grammar in the study of the English tongue to acquire a knowledge of the essentials of English speech and literature is an accomplishment which should commend itself to all who speak the English tongue from the point of view of this book these essentials are indicated by the

following questions 1 how did the language come into being 2 who was responsible for its origin 3 what changes have taken place in its orthographical development 4 to whom is this development due 5 through what media has it been attained 6 what were the refining influences that have brought it through its crude original forms to the plastic medium for expressing thought which we have to day about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at forgottenbooks.com this book is a reproduction of an important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
