school teacher kim jocelyn dickson believes every child begins kindergarten with a lunchbox in one hand and an invisible toolbox in the other in this book she shares with parents the single most important thing they can do to foster their child s future learning potential and nurture the parent child bond that is the foundation for a child s motivation to learn drawing on both neuroscientific research and her own experience as an educator she concludes that the simple act of reading aloud has a far reaching impact that few of us fully understand and our recent nearly universal saturation in technology has further clouded its importance in the invisible toolbox parents educators and early literacy advocates will discover ten priceless tools that fill their child s toolbox when they read aloud to their childtools parents can give themselves to foster these gifts in their childrenpractical tips for how and what to read aloud to children through their developmental stagesdos and don ts and recommended resources that round out all the practical tools a parent will need to prepare their child for kindergarten and beyondhow parents can build their own toolboxes so they can help their children build theirs as an often insecure mum of two children herself and a clinical psychologist dr tanya byron knows about parenting from both a professional and personal perspective rather than separate the two tanya infuses her professional knowledge with personal insight and the result is advice that really does work she offers the practical tools to deal with any situation or behaviour and also helps parents to understand the whys and have the confidence to handle anything life as a parent throws their way this is the ultimate guide to positive parenting tanya s hope is that once a parent has read her book they won t need her or anyone else s advice again because they will trust and believe in their own instincts and follow the signs their child gives them seasoned child psychologist and author ellen b braaten offers clear and expert guidance to help anxious parents navigate the complexities of mental health care includes an overview of the issues involved in diagnosing and treating children detailed information on common childhood disorders and an in depth discussion of primary treatment approaches this is an explanation of why babies toddlers and pre school children behave the way they do and how to deal with them it examines issues such as why toddlers act in a self centred way the author discusses the five key stages of a child s development and the key to

behaviour at each in this endearing collection the guru of mommies offers a wealth of ways to remind children that they are loved the book s imaginative hands on activities and projects help prove the adage that actions speak louder than words they all can be implemented with little preparation and at little or no cost making the book a boon for today s busy families when lorelei burk adopted her twins when they were just a few days old she only had 9 days to prepare to bring her babies home from the hospital she had to learn quick how to put her babies on a schedule to survive whether you are a parent of one child or multiples this book will teach you how to put your baby or toddler on a feeding and sleeping schedule she will explain the rules of attachment give advice on sleep training how to do time ins instead of time outs how to be prepared for hospital emergencies how to deal with the big emotions of toddlers how to survive the holidays and travelling and how to color code everything she will also give you advice on how to get your child working in film and television this book is for all parents who are trying to make their days more manageable and would rather have them filled with wonderful positive memories instead of melt downs and tantrums with a schedule you can learn how to anticipate your child s needs and be proactive which results in children who are happier calmer well behaved and have no trouble with transitioning to different activities throughout the day if you are looking for some hot tips a bit of advice and a few laughs this is a fantastic survival guide that is a fast read that will hopefully make your most important job in the world of parenting a little bit easier linda and richard eyre stress that it s never too soon or too late to start discussing sex and values with your children and they ve got proven strategies to make it easier for parents who want to go beyond the birds and the bees talk how to talk to your child about sex provides thoughtful clear specific guidance on when and most important how to help children begin to learn and understand sex love and commitment from the most positive viewpoint possible preliminary as needed talks with three to eight year olds the age eight big talk follow up talks with eight to thirteen year olds behavior discussions and guidelines with eleven to sixteen year olds discussions of perspective and personal standards with fifteen to nineteen year olds a practical guide to inspiring children toddlers to teenagers to read for pleasure life is hectic for the modern family a

maelstrom of activity and screen time from which it is hard to carve out a few minutes of peace and calm to read a good book yet that is all that is needed to create a young person who will love reading for the rest of their lives which will increase their confidence encourage their language development and improve their life chances in this practical guide alison david uses her experience and extensive research to show parents how to instill a love of reading that will improve not only their child s life but theirs as well sitting alongside parenting books by the likes of gina ford annabel karmel amy chua and steve biddulph this practical guide to reading will satisfy a real need for many parents the handbook preparing your child for the journey through adolescence makes parents aware of and seeks to help to understand the hardships that await all adolescents in those trying though exciting years it goes further to help parents understand their children in totality to guide parents on how to invest in their children while their children are still young in order to equip them for the trying years that wait ahead for those whose children have already reached the stage of adolescence the handbook offers parents guidance as to how to stay involved in their adolescents lives and how to identify problems the adolescent may be experiencing an interesting list of principles for life and a comprehensive list of south african resources are provided to facilitate access to professional help this book provides all the information needed to teach your children wholesome godly principles it is a fantastic resource i highly recommend this book to all parents it would most definitely assist you during the difficult adolescent years bruce malone american research leader chemical engineer author father of four with today s increasing emphasis on the problems of teenagers this book could hardly have been more timely and important i know indira gilbert personally as a motivated and knowledgeable individual whose qualities could not help but be reflected in her book prof daniel leach ab penn phd ucla formerly department of economic and business sciences university of witwatersrand johannesburg south africa did you know that there are over 800 000 kids books listed on amazon so how do you know which ones are really great in tell me a story 250 great books for kids grace sandford takes the guesswork out of choosing great books for your kids she introduces you and your children to 250 great authors reviewing a selection of classic and

## Ebony

1974-08

mommy i want to fly vernon t bateman this book mommy i want to fly is a story about transformation in life we are all greeted with change here we have an author whose love for his children supersedes the distance of time his story captures the connection of a child and a parent we see an encourager teacher and nurturer in the mother butterfly while witnessing modesty mature and evolve we can find in our own lives moments when we are determined to do something but difficulty stands in our way vernon captures the joy of lovely and modesty for the reading enjoyment of every child this book will engage all parents to help them to continue to lead to care for protect encourage and love while bonding with their children and the characters in mommy i want to fly as a father vernon has desired to be present for his own children but because of the challenges and the difficulties he has been unable to do everything that he desires to be to heaven angel saquan miracle promise jalen jada and mishawn this book is a gift to his children and every other child who has had an absent distant or lost parent it is also an example to those fathers who wonder how i can share something deeper everlasting and more fulfilling than a brief visit a letter a card or a phone call the author vernon t bateman gives each of us an example of redemption as he commits himself to self improvement so that he may be able to help other betterment as you open these pages to go with vernon and each character imagine again or fantasize anew and share a time of bonding with your child your student and your grandchild and find yourself saying i too want to fly vernons growth is a testament to

the power of change the will to improve and the miracle of hope today he too has taken flight and making a positive difference

## Read to Me

2001-11-01

are you a parent grandparent nanny nanny or childminder then this is the book for you children learn more when they are excited there are many learning opportunities throughout your day that are missed this book takes children s stories that we all know and some we don t and love then shows you how to use them as a tool for learning in all areas of the early years foundation stage with direct quotes from children s authors writers and radio television personalities as well as inspirational quotes this book turns school education into the home environment there s more to books than reading shows you how to make the everyday extraordinary

## The Contented Baby Goes to School

2014

bring out the reader in every child this one of a kind guide helps parents raise their kids to be readers for life includes tips for moms and dads even when english isn t their first language along with the other adults in their lives suggests great titles to be read aloud apart and together from birth to high school and much much more the book s great titles to share together lists are broken out by age in appropriate chapters and then gathered together in an appendix for easy cross referencing

## Your Child

2008-11-01

training children in the way they should go involves more than disciplining them there are biblical values to instill and obstacles to help them avoid as parents train their children they can be confident that god will give them strength and guidance to give their children everything they need for success readers can expect nothing less than god s best for their family as they train up your child in the way he should go

## *Mommy I Want 2 Fly*

2012-05-30

this book was written for all the parents who are having difficulty with their young child our children are beautiful active little people and we sometimes experience difficulties when their stubbornness or their behaviour leaves us confused when our children will not listen to us they behave in a manner we feel is not appropriate or they may act out with anger or tantrums at the worst possible times what are we suppose to do by following these simple suggestions your children will behave positively and without arguments are you experiencing regular tantrums from your child do you argue about behaviours do you feel your child does not listen to you is there a problem with your child going to bed or staying in bed then this is the book you need to read now parents can easily learn to get their power back to run their house the way they believe is right for them and their children this book can be used as a simple guide to assist you to make the right rules and boundaries for your children and have them followed it will

help you to guide your children toward better behaviours without too much conflict by using these suggestions you can communicate better with both your partner and children to achieve the outcome you require you run the house not the children get back your control and power easily with little effort both within the home and when out follow these suggestions for a happier life that will be more fulfilling enjoyable and fun
