winner of the wesley logan prize in african diaspora history from the american historical association and the benjamin hooks national book award for outstanding scholarly work on the american civil rights movement and its legacy

I Lived Inside the Campus Revolution 1970

this book demonstrates how colleges and universities have played a vital role during times of great crisis in american history responding actively and helpfully to all the major challenges confronting their country the colleges of the land became politicized repeatedly by such momentous developments as the american revolution the civil war between the north and the south the two vast global conflicts of the twentieth century and america s controversial involvement in southeast asia campus life became intensely fractious during these difficult and turbulent periods violence sometimes accompanied the campus activism while there were significant differences in the response of groups on the campuses students and professors reacted differently for example to the crises of earlier times as compared to those in more recent years there is an element of continuity that thread of continuity from the revolutionary era to vietnam was the fact that time after time the members of the academic communities sought to resolve the nation s crises constructively they rallied to the cause of colonial rights and ultimately political independence they supported the aims of their embattled sections north and south they sought to influence their nation s responses to the global crises of the twentieth century and they campaigned to extricate the nation from an increasingly costly military entanglement in southeast asia in all five of these tests of national purpose the colleges and universities while not the ultimate decision makers helped shape the eventual patterns of america s response in an important way

The Campus and a Nation in Crisis 1996

in revolution dr strack equips students to make a difference in their world and teaches them the integral skills needed to be effective in sharing the gospel with others

Revolution 2006-05-28

these are 33 documents of a decade of dissent college and high school writings that mirror disenchantment discontent despair and hope writings that moved students and their allies to further analysis and action they illustrate as the editors note student concerns ranging from the search for personal identity and self fulfillment to the need for revolutionary change in america we believe it is right to see the student rebellion more as affirmation than condemnation more as a faith in the perfectability of man than a denial of this possibility familiar names appear in these pages tom hayden cathy wilkerson mark rudd les coleman bernardine dohrn karen wald and more even more familiar are the issues dealt with war peace and the draft educational relevance black student demands student worker alliance women s liberation violent vs nonviolent action reform vs revolution political action effective or ineffective major statements range from the catalytic and prophetic port huron statement of 1962 to the 1968 70 documents reproduced here from jacket description

Seeds of Anarchy 1969

the howard university protests from the perspective and worldview of its participants we are worth fighting for is the first history of the 1989 howard university protest the three day occupation of the university s administration building was a continuation of the student movements of the sixties and a unique challenge to the politics of the eighties upset at the university s appointment of the republican

strategist lee atwater to the board of trustees students forced the issue by shutting down the operations of the university the protest inspired in part by the emergence of conscious hip hop helped to build support for the idea of student governance and drew upon a resurgent black nationalist ethos at the center of this story is a student organization known as black nia f o r c e co founded by ras baraka the group was at the forefront of organizing the student mobilization at howard during the spring of 1989 and thereafter we are worth fighting for explores how black student activists young men and women helped shape and resist the rightward shift and neoliberal foundations of american politics this history adds to the literature on black campus activism black power studies and the emerging histories of african american life in the 1980s

Campus Aflame; Dynamic of Student Religious Revolution 1972

we once idolized tech entrepreneurs for creating innovations that seemed like modern miracles yet our faith has been shattered we now blame them for spreading lies breaking laws and causing chaos yesterday s silicon valley darlings have become today s big tech villains which is it are they superheroes or scoundrels or is it more complicated some blend of both in the venture alchemists rob lalka demystifies how tech entrepreneurs built empires that made trillions meta started as a cruel halloween prank alphabet began as a master s thesis that warned against corporate deception and palantir came from a campus controversy over hateful speech these largely forgotten origin stories show how ordinary fears and youthful ambitions shaped their ventures making each tech tale relatable both wonderfully and tragically human readers learn about the adversities tech entrepreneurs overcame the troubling tradeoffs they made and the tremendous power they now wield using leaked documents and previously unpublished archival material lalka takes readers inside big tech s worst exploitations and abuses alongside many good intentions and moral compromises but this story remains unfinished and the venture alchemists ultimately offers hope from the people who decades ago warned about the risks of the emerging internet their insights illuminate a path toward more responsible innovations so that technologies aren t dangerous weapons but valuable tools that ensure progress improve society and enhance our daily lives

Student Power, Participation and Revolution 1971

the crisis founded by w e b du bois as the official publication of the naacp is a journal of civil rights history politics and culture and seeks to educate and challenge its readers about issues that continue to plague african americans and other communities of color for nearly 100 years the crisis has been the magazine of opinion and thought leaders decision makers peacemakers and justice seekers it has chronicled informed educated entertained and in many instances set the economic political and social agenda for our nation and its multi ethnic citizens

We Are Worth Fighting For 2022-04

a timely reconsideration of the history of the profession outside literary studies investigates how midcentury black writers built a critical practice tuned to the struggle against racism and colonialism this striking contribution to black literary studies examines the practices of black writers in the mid twentieth century to revise our understanding of the institutionalization of literary studies in america andy hines uncovers a vibrant history of interpretive resistance to university based new criticism by black writers of the american left these include well known figures such as langston hughes and lorraine hansberry as well as still underappreciated writers like melvin b tolson and doxey wilkerson in their critical practice these and other black writers levied their critique from outside venues behind the closed doors of the senate permanent subcommittee on investigations in the classroom at a communist labor school under fbi surveillance and in a host of journals from these vantage black writers not only called out the racist assumptions of the new criticism but also defined

black literary and interpretive practices to support communist and other radical world making efforts in the mid twentieth century hines s book thus offers a number of urgent contributions to literary studies it spotlights a canon of black literary texts that belong to an important era of anti racist struggle and it fills in the pre history of the rise of black studies and of ongoing black dissent against the neoliberal university

The Venture Alchemists 2024-05-14

the 250th anniversary of the founding of rutgers university is a perfect moment for the rutgers community to reconcile its past and acknowledge its role in the enslavement and debasement of african americans and the disfranchisement and elimination of native american people and culture scarlet and black volume three concludes this groundbreaking documentation of the history of rutgers s connection to slavery which was neither casual nor accidental nor unusual like most early american colleges rutgers depended on slaves to build its campuses and serve its students and faculty it depended on the sale of black people to fund its very existence this final of three volumes concludes the work of the committee on enslaved and disenfranchised population in rutgers history this latest volume includes essays about black and puerto rican students experiences the development of the black unity league the conklin hall takeover the divestment movement against south african apartheid anti racism struggles during the 1990s and the don imus controversy and the 2007 scarlet knights women s basketball team to learn more about the work of the committee on enslaved and disenfranchised population in rutgers history visit the project s website at scarletandblack.rutgers.edu

College Education and the Campus Revolution 1969

these essays from scholars in history sociology film and media studies interrogate roots assessing the ways that the book and its dramatization recast representations of slavery labor and the black family reflected on the promise of freedom and civil rights and engaged discourses of race gender violence and power

The Crisis 1969-04

first published in 1996 routledge is an imprint of taylor francis an informa company

Outside Literary Studies 2022-05-13

an intense battle is raging for the hearts and minds of america s 33 million teenagers the largest generation of teens in u s history these teens have an enemy he has crafted an offensive strategy stealth tactics sophisticated reconnaissance and subtle propaganda you only have to turn on your tv talk to your teen s friends go to the movies or listen to the radio to catch a glimpse of his destructive campaign ron luce is sounding the battle cry calling parents and christian leaders to wake up to the war against america s teens are you willing to reject quiet christianity and make a world shaking difference by dreaming new dreams to recreate our culture now is the time to use your god given creativity and claim this generation for christ because a generation that the world cannot change is a generation that can change the world

Scarlet and Black, Volume Three 2021-05-20

even at the height of the civil rights movement in the 1960s when the clarion call for equality and justice echoed around the country few volunteers ventured into clarke county mississippi fewer still remained located just south of neshoba county where three civil rights workers had been murdered during 1964 s freedom summer clarke lay squarely in what many considered mississippi s and thus america s meanest corner ward traces a legacy of violence that reflects the american experience of race from the depths of jim crow through to the growing power of the naacp and national awareness of what was taking places even in the country s bleakest racial landscapes

The Campus and the Microcomputer Revolution 2001-06-01

roth and trauma the problem of history in the later works 1995 2010 moves beyond a critical reception of philip roth s recent fiction that has focused primarily on an interest in post wwii america by contrast aimee pozorski argues that these novels grapple more comprehensively with us history in their fascination with america s traumatic beginnings and the legacy of the american revolution drawing on close readings and trauma theory roth and trauma reveals the problem of history in roth s later works to be the unexpected and repeated appearance of historical trauma that links the still unfinished american dream with the nightmarish quality of our recent history

Reconsidering Roots 2017

in the logistic revolution richard vahrenkamp discusses the political and economic factors which have led to the rise of logistics in europe in the context of the mass consumption society not only does he show the ascent of truck transport in the 1920s to satisfy consumer needs and the importance of the european motorway infrastructure for the development of modern logistics he also sheds light on the dimension that freight transport has acquired in europe and on the organizations that have been created in europe to enable and facilitate cross border goods transports other than in the us the national transport markets in europe were initially uncoordinated it was only in the process of european unification that transport markets for truck freight and associated logistics systems became europe wide this change was accompanied by the struggle between rail and truck

Radical Democracy 1996

this volume begins with the origins and consequences of the medieval myth of the reich which was to experience so fateful a renaissance in the 20th century and ends with the collapse of the first german democracy the author offers a synthesis of complex events and illuminates them with fresh insights

Re-Create 2010-12-27

zeiger reveals why the generation born between 1981 and 1988 is uniquely positioned to carry on the conservatism faith and optimism of former president ronald reagan
