grade school teacher and aspiring author peregrine long sees a chinese family on board a ship in his morning tea the image inspires him to write the story of this family but then a woman turns up at his door claiming that he s writing her family history exactly as it happened she doesn t like it but she has one question what happened to the little boy of the family her long lost uncle throughout the course of a month long tempest that begins to wash the peninsula out from beneath them peregrine searches modern day san francisco and its surroundings and through his continued writing southern china and the pacific immigration experience of a century ago for the missing boy the clues uncovered lead peregrine to question not only the nature of his writing but also his knowledge of his own past and his understanding of his identity

## **Collected Papers in Elasticity and Mathematics**

2021-04-27

this book gives an overview of different factors involved in the emergence and change in early urban societies in fourth millennium mesopotamia and egypt pre shang china classic horizon central mexico oaxaca and the maya area and middle horizon societies in the andean region these factors range from centralized storage and redistributive economies agromanagement models mercantile network control conflict and conquest conversion of military

commanders into administrators political power through monumental cosmic reproduction and elite power through ideological change it discusses specific archaeological data useful in theoretical construction in the introduction a discussion of different developmental processes of urban societies is made the eastern anatolian example emphasizes the role played by interregional exchange networks linking the mesopotamian plains with the syro anatolian regions the emergence of an elite is related with the control of the movement of craft goods and raw materials more than with the appropriation of subsistence goods the chinese example stresses the importance of conflict provoked by demographic pressures on resources the mesoamerican cases relate to vast urban developments and manufacturing centers ideological importance of monumental planning and changing behavior of elites the andean cases are related either to the transformation of theocratic leadership into military administrators or to the agricultural intensification model

powerful occupational therapists examines the life and times of a small group of occupational therapy leaders and scholars in a post 1950s america to market their profession as one of increasing importance participating in the 1950s rehabilitation the 1960s equal rights and the 1970s women s movements these innovators being primarily women aimed to define themselves as having professional and scientific authority that was distinct from the male dominated medical model the community of therapists faced challenges such as that of retaining the appearance of being ladylike whilst doing unladylike tasks this book describes the personal experiences of 12 differing occupational therapists and it identifies how a group of them strengthened and developed the profession in the face of diverse challenges this volume would be of interest to those studying occupational therapy women and medicine and the history of medicine this book was originally published as a special issue of occupational therapy in mental health

## **Indian Antiquary**

1978

this book provides fresh insights into how the british press affected both british perceptions of decolonisation in africa and british policy towards it during the wind of change period it also reveals for the first time the extent to which british newspaper coverage was of relevance to african and white settler readerships british newspapers informed the political strategies and civic cultures of african activists nationalists liberal whites in africa the staunchest of white settler communities and the first governments of independent african states and their opponents the british press british public opinion and british journalists became etched into the lived experiences of the end of empire affecting

anglo african and anglo settler relations to this day arguing that the press cast a transnational web of influence over the decolonisation process in africa the author explores the relationships between the british african and settler public and political spheres and highlights the mediating power of the british press during the late 1950s the book draws from a range of british newspapers official government documents newspaper archives interviews memoirs autobiographies and articles printed in african and white settler papers it will be of interest to historians of decolonisation africa the media and the british empire

like a number of netherlanders in the post world war ii era inez hollander only gradually became aware of her family s connections with its dutch colonial past including a creole great grandmother for the most part such personal stories have been if not entirely silenced at least only whispered about in holland where society has remained uncomfortable with many aspects of the country s relationship with its colonial empire unlike the majority of memoirs that are soaked in nostalgia for tempo dulu hollander s story sets out to come to grips with her family s past by weaving together personal records with historical and literary accounts of the period she seeks not merely to locate and preserve family memories but also to test them against a more disinterested historical record hers is a complicated and sometimes painful personal journey of realization unusually mindful of the ways in which past memories and present considerations can be intermingled when we seek to understand a difficult past silenced voices is an important contribution to the literature on how dutch society has dealt with its recent colonial history
