language is always changing no one knows where it is going but the best way to future cast is to look at the past john simpson animates for us a tradition of researching and editing showing us both the technical lexicography needed to understand a word and the careful poetry needed to construct its definition he challenges both the idea that dictionaries are definitive and the notion that language is falling apart with a sense of humour an ability to laugh at bureaucracy and an inclination to question the status quo john simpson gives life to the colourful characters at the oed and to the english language itself he splices his stories with entertaining and erudite diversions into the history and origin of words such as kangaroo hot dog pommie bicycle not ignoring those swearwords often classed as anglo saxon the book will speak to anyone who uses a dictionary word people history lovers students and parents

### ***The Word Detective***

## **The Greatest Works of G. K. Chesterton**

2023-12-09

this book begins with a history of the detective genre coextensive with the novel itself identifying the attitudes and institutions needed for the genre to emerge in its mature form around 1880 the theory of the genre is laid out along with its central theme of the getting and deployment of knowledge sherlock holmes the english classic stories and their inheritors are examined in light of this theme and the balance of two forms of knowledge used in fictional detection cool or rational and warm or emotional the evolution of the genre formula is driven by changes in the social climate in which it is embedded these changes explain the decay of the english classic and its replacement by noir hardboiled and spy stories to end in the cul de sac of the thriller and the nostalgic neo classic possible new forms of the detective story are suggested
