History of the Greek Revolution 1832

reprint of the original first published in 1860

The Etymology of the Words of the Greek Language 2022-07-20

includes pictures of important places and historic art depicting Zeus and other Greek gods explains the historical origins of the god and the mythological tales about him includes a bibliography for further reading I will sing of Zeus chiefest among the gods and greatest all seeing the lord of all the fulfiller who whispers words of wisdom to Themis as she sits leaning towards him be gracious all seeing son of Cronos most excellent and great the hymn to Zeus attributed to Homer Zeus is a god of apparent paradox sublimely regal yet ridiculously fickle a giver of laws but a slave to his own passions a being of incredible power who is desperate to possess that which he cannot have as the leader of the Greek pantheon on Mount Olympus Zeus was the god of kingship and the associated elements of law oaths the state and the protection of property and the god of storms controlling lightning wind and thunder in many ways one of ancient Greece's most complex gods is also the most understandable since he seems so human and because there is plenty of information about him that survived including the original legends about his birth his early deeds and his many relationships with other gods lovers and humans furthermore scholars have been able to analyze the historical roots of Zeus as a concept identifying what gods he is related to among other cultures where the legends of Zeus originated and what this information says about the ancient Greeks one of the reasons Zeus remains one of the most recognizable gods in history is because of the spread of his influence due to the conquests of Alexander the Great Zeus was brought along with other elements of Hellenization to Egypt and the Near East and a few centuries later Rome all but adopted him as their own chief god Jupiter from there he was exported around the Roman Empire and fused with numerous other local gods in the process ultimately Zeus was a prominent god from the period of pre-recorded history until the Christianization of Greece which was complete by the early 7th century and it is difficult for modern observers to understand how a hot-headed sex-obsessed god could command the love and admiration of so many Greeks not to mention their cultural heirs throughout the Roman Empire what did the worship of this god provide for his worshipers how did belief in his existence fulfill their spiritual needs how was he different from other members of his pantheon this book explores the figure of Zeus including his origins the stories told about him the way he was worshiped and how he is remembered today along with pictures and a bibliography you will learn about the Greek god like you never have before in no time at all

The Decrees of the Greek States 1997

includes pictures includes ancient descriptions of Apollo includes online resources and a bibliography for further reading foolish mortals and poor drudges are you that you seek cares and hard toils and straits easily will I tell you a word and set it in your hearts though each one of you with knife in hand should slaughter sheep continually yet would you always have abundant store even all that the glorious tribes of men bring here for me but guard you my temple and receive the tribes of men that gather to this place and especially show mortal men my will and do you keep righteousness in your heart Apollo's history is a confusing one said the renowned poet and mythologist Robert Graves this notion is also illustrated in the above quote from the 6th century BCE Homeric Hymn to Apollo which gives the reader a brief glimpse into the confusion surrounding Apollo's multi-faceted nature the quote comes from the end of an episode in which Apollo is traversing the known world looking for a place to build a temple to himself once he lands upon a place of his liking however he realizes that he needs to populate it with priests who would guard and care for its ceremonies rather than depend upon those glorious tribes to supply his temple with sycophants Apollo has no patience for chance and flies down to a Cretan merchant ship landing on it in the form of a timber-shaking dolphin after terrifying the merchants he tells them that their lives in the sea trade are over and they are to be priests at his temple from then on cautioning the merchants to eschew piracy and keep righteousness in their hearts while simultaneously confronting and sequestering them captures the youthful god's capricious character quite well of course the rest of the ancient Greek gods were certainly not above hypocrisy the adultery of Zeus alone demonstrates that but Apollo was a brash contrarian in the face of all divine order unlike many of the other Olympian gods Apollo's nature changed dramatically at the closing of

his adolescence his twin sister artemis in direct comparison with apollo immediately leapt to her mother s aide as midwife to her brother after she was born artemis would continue to be a goddess of midwives while apollo s role would continue to evolve over centuries naturally there are many approaches to greek myth and many variant opinions and strategies for unearthing truths in the mythological canon for the purpose of unveiling the origins development and contemporary views of apollo it is necessary to see his myths firstly as remnants of the movements and actions of ancient peoples this memory of myth can provide the modern reader with an analogous view of the history of a place and of a character much of greek mythology is politico religious history and exploring how the episodes in these myths tie in with episodes in the historical record can reveal certain fascinating aspects of an often frustratingly murky past ultimately any 21st century study of a mythological being must gather together as many strands of learning as possible in order to formulate a useful hypothesis in the case of apollo these strands are expansive permeative and international and at first blush they can seem very confusing indeed an important thing to bear in mind when approaching apollo is that his role in the ancient greek pantheon was eclectic even by contemporary standards and the expansion of greek culture to other parts of the mediterranean only served to compound his identity even further the story of apollo is an excellent example of how stories and characters can change when they re beloved across centuries and it is for this reason that reading about the god is so enjoyable

Zeus 2013-10-04

charles freeman s the greek achievement traces the entire course of ancient greek history across thousands of years from the mycenaean and minoan civilizations of the bronze age through the archaic classical hellenistic and roman periods this brilliant account celebrates the incredible range of greek achievement the architectural marvels of the athenian acropolis the birth of drama and the timeless tragedies of aeschylus euripides and sophocles homer s epics the philosophical revolutions of plato and aristotle and the conquests of alexander the great lavishly illustrated with photographs and maps the greek achievement paints a sweeping panorama of the ancient greeks world and provides a rich contemporary overview of their enduring contribution to world civilization

An Historical Outline of the Greek Revolution 1826

reprint of the original first published in 1916

Apollo 2017-03-14

a magnificent evocation of the greeks from homer to the fall of athens in 404bc with a kind of brilliant imaginative sympathy and knowledge he evokes the life the thought the ideals the philosophy the virtues and the faults of these extraordinary people rose macaulay one has the compelling impression on closing the book of having finished a masterpiece patrick leigh fermor

Report on the Present State of the Greek Confederation and on Its Claims to the Support of the Christian World 1823

this is a new release of the original 1904 edition

The Greek Achievement 2000-09-01

reproduction of the original

Some Aspects of the Greek Genius 2022-10-29

excerpt from a grammar of the greek language with the hope of remedying these faults the following work was undertaken the extreme difficulty of which the compiler was by no means aware of but he soon discovered that without a familiar acquaintance with the principal writers of the greek language and whatever has been published to elucidate them no one could be qualified to compose a full clear

and accurate system of its grammar wherein the rules and observations should be properly exemplified and their respective importance attached to them and accordingly with a labor to be appreciated by those only who are conversant with such studies to say nothing of extraneous impediments of no ordinary character he collected and perused every work which seemed likely to afford any thing of service to his undertaking about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at forgottenbooks.com this book is a reproduction of an important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
