a new history of the world s most embattled idea today democracy is the world s only broadly accepted political system and yet it has become synonymous with disappointment and crisis how did it come to this in can democracy work james miller the author of the classic history of 1960s protest democracy is in the streets offers a lively surprising and urgent history of the democratic idea from its first stirrings to the present as he shows democracy has always been rife with inner tensions the ancient greeks preferred to choose leaders by lottery and regarded elections as inherently corrupt and undemocratic the french revolutionaries sought to incarnate the popular will but many of them came to see the people as the enemy and in the united states the franchise would be extended to some even as it was taken from others amid the wars and revolutions of the twentieth century communists liberals and nationalists all sought to claim the ideals of democracy for themselves even as they manifestly failed to realize them ranging from the theaters of athens to the tents of occupy wall street can democracy work is an entertaining and insightful guide to our most cherished and vexed ideal merg has become convinced that a sea change in economic policy is essential to generate growth in the next few years it can demonstrate that its proposed policy framework is both coherent and affordable the merg proposals offer a radically different vision of the future of south africa they have been designed to address the current imbalances through direct intervention in a way which would benefit all sections of the south african population within a short period of time merg took the objectives of the democratic movement as its starting point the aim of the merg framework is therefore to secure a rapid improvement in the quality of the daily lives of south africa s poorest most oppressed and disadvantaged people the strategy stresses programmes to initiate job creation and training programmes for the unemployed improve the status of the poorest women in the rural areas improve the availability and quality of education health housing and electrification raise the level of wages of low income workers and dramatically improve the skills of employed workers charged with the responsibility of interpreting the constitution the supreme court has the awesome power to strike down laws enacted by our elected representatives why does the public accept the court s decisions as legitimate and follow them even when those decisions are highly unpopular what must the court do to maintain the public s faith how can it help make our democracy work in this groundbreaking book justice stephen breyer tackles these questions and more offering an original approach to interpreting the constitution that judges lawyers and scholars will look to for many years to come

how institutional engineering affects the life of democracies in democracy at work readers will learn about another side of the american government both past and present sidebars include thought provoking trivia and ask questions about current events as well as the readers own lives questions in the backmatter ask for text dependent analysis photos a glossary and additional resources are included in his most important book to date daniel yankelovich the dean of american public research offers a prescription for strengthening the public s hand in its silent power struggle with the experts with insight gained from over thirty years of research into how public opinion is formed yankelovich focuses on an issue of rising concern to us all the american public s eroding ability to influence its own future his ten rule for resolution offer leaders and the media hard hitting pragmatic suggestions for how to present the nation s problems to the american people and equally important for how to listen to what the people have to say back cover a deepening crisis in accountability in developing democracies has triggered much debate on accountability and the mechanisms needed for overcoming deficiencies of democracy this book analyzes a wide variety of contemporary efforts to reform accountability systems in developing countries

an urgent and deeply resonant case for the power of workplace democracy to restore balance between economy and society what happens to a society and a planet when capitalism outgrows democracy the tensions between democracy and capitalism are longstanding and they have been laid bare by the social effects of covid 19 the narrative of essential workers has provided thin cover for the fact that society s lowest paid and least empowered continue to work risky jobs that keep our capitalism humming democracy has been subjugated by the demands of capitalism for many work has become unfair in democratize work essays from a dozen social scientists all women articulate the perils and frustrations of our collective moment while also framing the current crisis as an opportunity for renewal and transformation amid mounting inequalities tied to race gender and class and with huge implications for the ecological fate of the planet the authors detail how adjustments in how we organize work can lead to sweeping reconciliation by treating workers as citizens treating work as something other than an asset and treating the planet as something to be cared for a better way is attainable building on cross disciplinary research democratize work is both a rallying cry and an architecture for a sustainable economy that fits the democratic project of our societies contributors include alyssa battistoni barnard college of columbia university adelle blackett mcgill university julia cagé sciences po neera chandhoke university of delhi lisa herzog university of groningen imge kaya sabanci ie business school sara lafuenta european trade union institute hélène landemore yale university flávia máximo universidade federal de ouro preto brazil and pavlina r tcherneva levy economics institute of bard college in the countries of the global north workplace democracy may be thought of as a thing of the past increasingly working relations are regulated primarily by contract workforces are fissured and fragmented

what are the consequences of this how should we respond ruth dukes and wolfgang streeck argue that the time is ripe to restate the principles of industrial democracy and citizenship for the post industrial era considering developments within political economy employment relations and labour law since the postwar decades they trace the rise of globalization and the dualization of labour markets the emergence of a core and periphery of workers and the progressive insulation of working relations from democratic governance what these developments amount to they argue is an urgent need for political intervention to tame the new world of gigging and other forms of highly precarious work this according to the authors will require far reaching institution building designed to fill legal concepts such as employment with political substance this eloquent call for a reimagining and renewal of the institutional and material conditions of freedom of association and the reinvention of industrial democracy will be crucial reading for anyone interested in work in the twenty first century this book focuses on andrew arato s democratic theory and its relevance to contemporary issues such as processes of democratization civil society constitution making and the modern executive andrew arato is both globally and disciplinarily a prominent thinker in the fields of democratic theory constitutional law and comparative politics influencing several generations of scholars this is the first volume to systematically address his democratic theory including contributions from leading scholars such as dick howard ulrich preuss hubertus buchstein janos kis uri ram leonardo avritzer carlos de la torre and nicolás lynch this book is organized around three major areas of arato s influence on contemporary political and social thought the first section offers a comprehensive view of arato s scholarship from his early work on critical theory and western marxism to his current research on constitution making and its application the second section shifts its focus from the previous comprehensive approach to a much more specific one arato s widespread influence on the study of civil society in democratization processes in latin america the third section includes a previously unpublished work a conceptual history of dictatorship and its rivals one of the few systematic interrogations on the meaning of a political form of fundamental relevance in the contemporary world critical theory and democracy will be of interest to critical and social theorists and all arato scholars

the evidence is clear to see in reduced turnout party membership in opinion surveys this book argues that the failures of politicians have played their part but equally important are the political stances styles adopted by many citizens this elegant essay on the justice of work focuses on the fit between who we are and the kind of work we do russell muirhead shows how the common hope for work that fulfills us involves more than personal interest it also points to larger understandings of a just society we are defined in part by the jobs we hold and muirhead has something important to say about the partial satisfactions of the working life and the increasingly urgent need to balance the claims of work against those of family and community against the tendency to think of work exclusively in contractual terms muirhead focuses on the importance of work to our sense of a life well lived our notions of freedom and fairness are incomplete he argues without due consideration of how we fit the work we do muirhead weaves his argument out of sociological economic and philosophical analysis he shows among other things how modern feminism s effort to reform domestic work and extend the promise of careers has contributed to more democratic understandings of what it means to have work that fits his account of individual and social fit as twin standards of assessment is original and convincing it points both to the unavoidable problem of distributing bad work in society and to the personal importance of finding fulfilling work these themes are pursued through a wide ranging discussion that engages thinkers from plato to john stuart mill to betty friedan just work shows what it would mean for work to make good on the high promise so often invested in it and suggests what we both as a society and as individuals might do when it falls short how civic literacy underpins effective democracies cover in the face of authoritarian divisive trends and multiplying crises when politics as usual is stymied awakening democracy through public work shows it is possible to build foundations for a democratic awakening grounded in deep american traditions of a citizen centered commonwealth awakening democracy through public work begins with the story of public achievement a youth civic education and empowerment initiative with roots in the civil rights movement it describes public achievement s first home in st bernard s a low income catholic elementary school in st paul minnesota and how the program spread across the country and then abroad giving birth to the larger concept of public work in public achievement young people practice citizen politics as they tackle issues ranging from bullying racism and sexual harassment to playground improvements curriculum changes and better school lunches they develop everyday political skills for working across differences and making constructive change such citizen politics more like jazz than a set piece of music involves the interplay and negotiation of diverse interests and views sometimes contentious sometimes harmonious public achievement highlights young people s roles as co creators builders of schools communities and democratic society they are not citizens in waiting but active citizens who do public work awakening democracy through public work also describes how public work can find expression in many kinds of work from education and health to business and government it is relevant across the sweep of society people have experimented with the idea of public work in hundreds of settings in thirty countries from northern ireland and poland to ghana and japan in burundi it birthed a national initiative to rework relations between villagers and police in south africa it helped people in poor communities to see themselves as problem solvers rather than simply consumers of government services in the us at denison university public work is being integrated into dorm life at maxfield school in st paul it is transforming special education in rural missouri

it led to the empoweru initiative of the heartland foundation encouraging thousands of young people to stay in the region in eau claire wisconsin it generated clear vision a program providing government support for citizen led community improvements public work has expanded into the idea of citizen professionals working with other citizens not on them or for them it has also generated the idea of civic science in which scientists see themselves as citizens and science as a resource for civic empowerment awakening democracy through public work shows that we can free the productive powers of people to work across lines and differences to build a better society and create grounded hope for the future this book proposes a radical transformation of labour institutions in order to lay the foundation for the democratization of society rather than capitalist accumulation using an empirical analysis of the contemporary world of work alexis cukier examines the democratic meaning of today s critique of work organization and questions the theoretical models linked to class struggles and to industrial democracy to conceive of a democratic work considering particular historical experiments such as cooperatives self management worker s councils that try to realize democracy at work this book also analyzes the political issue of democratic work in relation to issues such as labour law feminist struggles and political ecology ultimately this book proposes some institutional paths that could overtake the divide between the rights of the citizens and the rights of the workers arguing finally if we really want to radicalize democracy we should begin with democratizing work this report focuses on how to make democracy work for pro poor development and on development policies that in themselves uphold and promote democratic values it argues that development and democracy are not only goals in their own right but must also be mutually reinforcing it says that governments the private sector civil society and the international community all have a vital role to play in delivering development and democracy and calls for responsibility partnership and concrete actions the report contains recommendations for action at both national and international levels it is of interest to policy makers multilateral and bilateral agencies the private sector civil society organisations and all those committed to development democracy and the achievement of the millennium development goals the first study of a neglected tradition of participatory democracy in modern india the authors of this volume sift through the accumulating evidence to assess how well decentralization has fared focusing on consequences rather than causes their goal is to inform future interventions in support of decentralized governance by showcasing some of the important trade offs that it has generated so far

democracy in america volume one is probably the most well known work of alexis de tocqueville a french author and philosopher it is the author s examination of the social and political systems of the united states tocqueville s book was a major success upon its release and immediately became popular in both europe and the united states it is still considered one of the greatest pieces of political science literature ever written about the united states and is a foundational text for the further study of the subject matter it is a well written and highly readable book the author had visited america on assignment to investigate the penal system and while conducting his assigned research tocqueville took a great interest in the larger political system of america the book is divided into chapters which each focus on a different aspect of the american political and social system the author approaches his subject matter thematically highlighting major themes including the distinct spheres of american life the influence of the country s puritan foundation and the importance of the federal constitution on daily life tocqueville is largely complementary of the american system and frequently draws on his knowledge of the french system for comparisons democracy in america volume one remains an important piece of writing nearly two hundred years after its initial publication students of political science particular in the united states owe it to themselves to become familiar with tocqueville s work anybody interested in the social and political history of the united states is encouraged to add this work to their library about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at forgottenbooks com this book is a reproduction of an important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works this book argues that both liberal democracy and state capacity need strengthening to deliver effective development this book presents a comprehensive overview of the contemporary experiences of democracy in india it explores the modes by which democracy as an idea and as a practice is interpreted enforced and lived in india s current political climate the book employs case studies as a methodological vantage point to evolve an innovative conceptual framework for the study of democracy in india the chapters unpack a diverse range of themes such as democracy and dalits agriculture new sociality and communal violence in rural areas changing nature of political communication in india role of anti nuclear movements in democracies issues of subaltern citizen s voice impaired governance and the development paradigm free speech and segregation in the public sphere and the surveillance state and indian democracy these thematic explorations are arranged in an engaging sequence to offer a multifaceted narrative of indian democracy especially in relation to the recent debates on citizenship and constitutionalism a key critical intervention on contemporary politics in south asia this book will be essential reading for scholars and researchers of political studies political science political sociology comparative government and politics sociology social anthropology public administration public policy and south asia studies it will also be of immense interest to policymakers journalists think

1989 in the countries of the global north workplace democracy may be thought of as a thing of the past increasingly working relations are regulated primarily by contract workforces are fissured and fragmented what are the consequences of this how should we respond ruth dukes and wolfgang streeck argue that the time is ripe to restate the principles of industrial democracy and citizenship for the post industrial era considering developments within political economy employment relations and labour law since the postwar decades they trace the rise of globalization and the dualization of labour markets the emergence of a core and periphery of workers and the progressive insulation of working relations from democratic governance what these developments amount to they argue is an urgent need for political intervention to tame the new world of gigging and other forms of highly precarious work this according to the authors will require far reaching institution building designed to fill legal concepts such as employment with political substance this eloquent call for a reimagining and renewal of the institutional and material conditions of freedom of association and the reinvention of industrial democracy will be crucial reading for anyone interested in work in the twenty first century

Making Democracy Work and Grow 1948 this book focuses on andrew arato s democratic theory and its relevance to contemporary issues such as processes of democratization civil society constitution making and the modern executive andrew arato is both globally and disciplinarily a prominent thinker in the fields of democratic theory constitutional law and comparative politics influencing several generations of scholars this is the first volume to systematically address his democratic theory including contributions from leading scholars such as dick howard ulrich preuss hubertus buchstein janos kis uri ram leonardo avritzer carlos de la torre and nicolás lynch this book is organized around three major areas of arato s influence on contemporary political and social thought the first section offers a comprehensive view of arato s scholarship from his early work on critical theory and western marxism to his current research on constitution making and its application the second section shifts its focus from the previous comprehensive approach to a much more specific one arato s widespread influence on the study of civil society in democratization processes in latin america the third section includes a previously unpublished work a conceptual history of dictatorship and its rivals one of the few systematic interrogations on the meaning of a political form of fundamental relevance in the contemporary world critical theory and democracy will be of interest to critical and social theorists and all arato scholars

Coming to Public Judgment 1991

Reinventing Accountability 2004-12-16

2013-07 a tide of discontent is posing a major crisis for systems of mass democracy the evidence is clear to see in reduced turnout party membership in opinion surveys this book argues that the failures of politicians have played their part but equally important are the political stances styles adopted by many citizens

Making Democracy Work in the Fourth Republic 1993 this elegant essay on the justice of work focuses on the fit between who we are and the kind of work we do russell muirhead shows how the common hope for work that fulfills us involves more than personal interest it also points to larger understandings of a just society we are defined in part by the jobs we hold and muirhead has something important to say about the partial satisfactions of the working life and the increasingly urgent need to balance the claims of work against those of family and community against the tendency to think of work exclusively in contractual terms muirhead focuses on the importance of work to our sense of a life well lived our notions of freedom and fairness are incomplete he argues without due consideration of how we fit the work we do muirhead weaves his argument out of sociological economic and philosophical analysis he shows among other things how modern feminism s effort to reform domestic work and extend the promise of careers has contributed to more democratic understandings of what it means to have work that fits his account of individual and social fit as twin standards of assessment is original and convincing it points both to the unavoidable problem of distributing bad work in society and to the personal importance of finding fulfilling work these themes are pursued through a wide ranging discussion that engages thinkers from plato to john stuart mill to betty friedan just work shows what it would mean for work to make good on the high promise so often invested in it and suggests what we both as a society and as individuals might do when it falls short

German Democracy at Work 1955 how civic literacy underpins effective democracies cover

Democratize Work 2022-05-06 in the face of authoritarian divisive trends and multiplying crises when politics as usual is stymied awakening democracy through public work shows it is possible to build foundations for a democratic awakening grounded in deep american traditions of a citizen centered commonwealth awakening democracy through public work begins with the story of public achievement a youth civic education and empowerment initiative with roots in the civil rights movement it describes public achievement s first home in st bernard s a low income catholic elementary school in st paul minnesota and how the program spread across the country and then abroad giving birth to the larger concept of

public work in public achievement young people practice citizen politics as they tackle issues ranging from bullying racism and sexual harassment to playground improvements curriculum changes and better school lunches they develop everyday political skills for working across differences and making constructive change such citizen politics more like jazz than a set piece of music involves the interplay and negotiation of diverse interests and views sometimes contentious sometimes harmonious public achievement highlights young people's roles as co-creators builders of schools communities and democratic society they are not citizens in waiting but active citizens who do public work awakening democracy through public work also describes how public work can find expression in many kinds of work from education and health to business and government it is relevant across the sweep of society people have experimented with the idea of public work in hundreds of settings in thirty countries from northern ireland and poland to ghana and japan in burundi it birthed a national initiative to rework relations between villagers and police in south africa it helped people in poor communities to see themselves as problem solvers rather than simply consumers of government services in the us at denison university public work is being integrated into dorm life at maxfield school in st paul it is transforming special education in rural missouri it led to the empoweru initiative of the heartland foundation encouraging thousands of young people to stay in the region in eau claire wisconsin it generated clear vision a program providing government support for citizen led community improvements public work has expanded into the idea of citizen professionals working with other citizens not on them or for them it has also generated the idea of civic science in which scientists see themselves as citizens and science as a resource for civic empowerment awakening democracy through public work shows that we can free the productive powers of people to work across lines and differences to build a better society and create grounded hope for the future

Democracy at work 1977 this book proposes a radical transformation of labour institutions in order to lay the foundation for the democratization of society rather than capitalist accumulation using an empirical analysis of the contemporary world of work alexis cukier examines the democratic meaning of today's critique of work organization and questions the theoretical models linked to class struggles and to industrial democracy to conceive of a democratic work considering particular historical experiments such as cooperatives self management worker's councils that try to realize democracy at work this book also analyzes the political issue of democratic work in relation to issues such as labour law feminist struggles and political ecology ultimately this book proposes some institutional paths that could overtake the divide between the rights of the citizens and the rights of the workers arguing finally if we really want to radicalize democracy we should begin with democratizing work

Democracy at Work 2022-10-12 this report focuses on how to make democracy work for pro-poor development and on development policies that in themselves uphold and promote democratic values it argues that development and democracy are not only goals in their own right but must also be mutually reinforcing it says that governments the private sector civil society and the international community all have a vital role to play in delivering development and democracy and calls for responsibility partnership and concrete actions the report contains recommendations for action at both national and international levels it is of interest to policy makers multilateral and bilateral agencies the private sector civil society organisations and all those committed to development democracy and the achievement of the millennium development goals
