Geographies of Children, Youth and Families 2012-02-21

often treated as background figures throughout their history italian women of the lower and working classes have always struggled and toiled alongside men and this did not change following emigration to america through numerous oral history narratives farms factories and families documents the rich history of italian american working women in connecticut as farming women they could keep up with any man as entrepreneurs they started successful businesses they joined men on production lines in connecticut s factories and sweatshops and through the strength of the neighborhood networks they created they played a crucial role in union organizing empowered as foreladies union officials and shop stewards they saved money for future generations of italian american women to attend college and achieve dreams they themselves could never realize the book opens with the voices of elderly italian american women who reconstruct daily life in italy s southern regions at the turn of the twentieth century raised to be caretakers and nurturers of families these women lived by the culturally claustrophobic dictates of a patriarchal society that offered them few choices the storytellers of farms factories and families reveal the trajectories of immigrant women who arrived in connecticut with more than dowries in their steam trunks the ability to face adversity with quiet inner strength the stamina to work tirelessly from dawn to dusk the skill to manage the family economy and adherence to moral principles rooted in the southern italian code of behavior second and third generation italian american women who attended college and achieved professional careers on the wings of their italian born mothers and grandmothers have not forgotten their legacy and though italian american immigrant women lived by a script they did not write farms factories and families gives them the opportunity to tell their own stories in their own words

Healing Stress in Military Families 2004-06-01

by linking the experiences of immigrant families with the increased reliance on cheap and flexible workers for care and domestic work in southern europe this study documents the lived experiences of neglected actors of globalization migrant women as well as the transformations of western families more generally however while describing in detail the structural and cultural contexts within which these women have to operate the book questions dominant paradigms about women as passive victims of patriarchal structures and brings out instead their agency and the creative ways in which they take control of their lives in often difficult circumstances based on extensive ethnographic fieldwork and interviews the author offers a valuable dual comparison between two southern european countries on the one hand and between two migrant groups one christian and one muslim on the other thus bringing to light unique detailed data on migration decision making settlement and on the multiple ways in which different women cope with the consequences of their transnational lives

Treating Families and Children in the Child Protective System 2001

this book fills a significant gap for a practical textbook that considers communication theory policy and ethics in an innovative and engaging way

Families as We are 2020-11-09

resilience and wellbeing in young children their families and communities unpicks the theme of resilience and wellbeing through diverse contexts circumstances populations and life stories in order to explore its complexity globally current societal events have brought forward a need for understanding how to best support and create environments with conditions that promote children s holistic wellbeing violence in all its facets poverty political conflict and the recent pandemic are among the major realities threatening children and this demands attention to how resilience can be supported to effectively safeguard children s lived experiences this book explores resilience from a range of perspectives research projects and practical support mechanisms for young children families educators and communities it starts with theoretical conceptualizations and goes on to present specific research projects and applied initiatives and how these can be used in application to praxis for young children and their families being of interest to educators and human services striving to advocate for and enhance young children s wellbeing this book will serve as both a useful overview of the many approaches to supporting resilience in

young children while providing a sound theoretical perspective that is accessible for all

Reset Families 2024-05-22

in the past forty years american families have become more racially and ethnically diverse than ever before different family forms and living arrangements have also multiplied with single parent families cohabiting couples with children divorced couples with children stepfamilies and newly visible same sex families during the same period socioeconomic inequality among families has risen to levels not seen since the 1920s this second edition of american families offers several benefits clear conceptual focus new attention to the historical origins of contemporary family diversity well chosen essays by leading names from across the curriculum explores the interactions between race ethnicity class gender and sexuality in shaping family life ccompletely updated and expanded bibliography of related sources new companion website with student and instructor resources to enhance learning leading off with a comprehensive and teachable introduction to the topic this completely updated revised and expanded second edition of stephanie coontz s classic collection american families remains the best resource available on family diversity in america for additional information and classroom resources please visit the american families companion website at routledge com textbooks 9780415958219

Family Money Guidance 2014-05-08

this book looks at how families can support and increase bilingualism through planned strategies one such strategy is the one person one language approach where each parent speaks his or her language over a hundred families from around the world were questioned and thirty families were interviewed in depth about how they pass on their language in bilingual or trilingual families

***Farms, Factories, and Families* 2010-02-01**

the internet cell phones and other technologies have changed the ways in which people conduct their family lives raise children and navigate the blurry boundary between work and home private life is colonized by employers teachers corporations family time is taken up by work homework and shopping what it means to be parents and children has changed dramatically this book shows how the nurturance of family has increasingly become a willful radical idea in

an era of pervasive technology the authors analyze important trends including the acceleration and attenuation of childhood and offer a children s bill of rights and accompanying parental responsibilities

Transnational Families, Migration and Gender 2013-08-01

written for researchers practitioners and students in advanced courses this book furthers our understanding of the complexity of contemporary families seven types of families are the focus of this book based on the research available and the challenges they present for mental health professionals the family forms discussed are adoption foster care interracial families family members with special needs with a focus on autism families with lgbtq members grandparent headed families family members with chronic medical conditions the volume establishes an innovative format that fits the new age of evidence based practice each chapter is written by a collaborative team of authors consisting of researchers and practitioners the former address the prevalence and characteristics of the family form and then present the research findings most relevant to clinical practice the latter use this as the foundation for their portion of the chapter in which they discuss strategies for good therapeutic intervention representing a true integration of science and practice readers learn about relevant research findings regarding each family described as well as gain explicit instruction and case material for which to augment therapeutic efforts with these populations

Communicating With Children And Their Families: Responding To Need And Protection 2024-04-26

the importance of partnerships between professionals and the parents of children with special needs disability is well established in childcare legislation but is it reflected in practice written for practitioners and those in training this book recognises that forming partnerships can be a fraught process involving dissent as well as cooperation naomi dale draws on case histories from her own experience to examine key partnership issues such as consent confidentiality and diagnosis delivery she combines up to date theory and research with practice to provide a wealth of suggestions and ideas for effective family work working with families of children with special needs features useful exercises with each chapter making it an excellent resource book and practice manual for multidisciplinary professionals
