The Politics of Association in Europe 1979 in the centre of the whole educational cosmos stands the pupil the student he or she has rights sanctioned by a national and international judicial apparatus the freedoms of parents teachers and education establishments are functional in the service of the rights of the user of education as is the government's assignment they hold a joint responsibility with regard to the right of a young person to be educated and a fortiori of the school age young person the context in which education takes place is nevertheless undergoing major change in recent times schools have been presenting themselves more as brittle social institutions sensitive to internal and external conflicts if every education establishment is a crossroads of legal relationships this does not leave the pupil or student untouched he or she can seek recourse to fundamental rights but against these can be set certain obligations and in the first place the obligation to take account of the rights of fellow pupils and students educational sociologists have for some time been interested in the relationship between the behaviour of pupils and the quality and effectiveness of the school i practitioners of law in general and education law in particular could not ignore the legal status of the education user it immediately became apparent how interwoven education is with a diversity of disciplines within the legal domain as well as with other scientific disciplines

Integration of the Baltic Sea Countries to the Common Agricultural Policy of the EU 2002 good legislation is a central concern of every state and every society this book is a collection of the proceedings from the 7th congress of the european association of legislation it illustrates from a scientific as well as a practical perspective those actions which have to be taken in order to enhance the quality of european legislation

Economic Transition and the Greening of Policies 1998 this book is based on the proceedings of the annual meeting of the european association of tax law professors eatlp held in cambridge from 10-12 july 2008 isbn 978 90 816475 1 9

The Legal Status of Pupils in Europe 2014-08-23 in the past two decades conflict archaeology has become firmly established as a promising field of research as reflected in publications symposia conference sessions and fieldwork projects it has its origins in the study of battlefields and other conflict related phenomena in the modern era but numerous studies show that this theme and at least some of its

methods techniques and theories are also relevant for older historical and even prehistoric periods this book presents a series of case studies on conflict archaeology in ancient europe based on the results of both recent fieldwork and a reassessment of older excavations the chronological framework spans from the neolithic to late antiquity and the geographical scope from iberia to scandinavia along key battlefields such as the tollense valley baecula alesia kalkriese and harzhorn the volume also incorporates many other sources of evidence that can be directly related to past conflict scenarios including defensive works military camps battle related ritual deposits and symbolic representations of violence in iconography and grave goods the aim is to explore the material evidence for the study of warfare and to provide new theoretical and methodological insights into the archaeology of mass violence in ancient europe and beyond

Inter-regional Contacts During the First Millenium B.C. in Europe 2017 the book of abstracts represents the main publication of the 50th annual meeting of the european association for animal production in zurich switzerland from 22 26 august 1999 it contains abstracts of the invited papers and contributed presentations including posters the meeting has sessions in the fields of animal genetics animal nutrition animal management and health animal physiology cattle production sheep and goat production pig production and horse production in addition joint sessions on topics related to several disciplines or species are included in total 1765 authors contributed to this publication which resulted in 715 abstracts book jacket title summary field provided by blackwell north america inc all rights reserved
