examines the public s influence on foreign policy through case studies including the formosa straits crisis intervention at dien bien phu the sputnik launch the new look defense strategy the panama canal treaties the soviet invasion of afghanistan the strategic defense initiative the beirut marine barracks bombing german reunification the gulf war and intervention in somalia and bosnia the u s detention center at guantánamo bay has long been synonymous with torture secrecy and the abuse of executive power it has come to epitomize lawlessness and has sparked protracted legal battles and political debate for too long however guantánamo has been viewed in isolation and has overshadowed a larger interconnected global detention system that includes other military prisons such as bagram air base in afghanistan secret cia jails and the transfer of prisoners to other countries for torture guantánamo is simply and alarmingly the most visible example of a much larger prison system designed to operate outside the law habeas corpus after 9 11 examines the rise of the u s run global detention system that emerged after 9 11 and the efforts to challenge it through habeas corpus a petition to appear in court to claim unlawful imprisonment habeas expert and litigator jonathan hafetz gives us an insider s view of the detention of enemy combatants and an accessible explanation of the complex forces that keep these systems running in the age of terrorism some argue that habeas corpus is impractical and unwise hafetz advocates that it remains the single most important check against arbitrary and unlawful detention torture and the abuse of executive power investigates security clearance given william wieland his meetings with fidel castro and activities as a state dept official both before and after castro s takeover of cuba also considers questionable state dept security practices how the nsf became an important yet controversial patron for the social sciences influencing debates over their scientific status and social relevance in the early cold war years the u s government established the national science foundation nsf a civilian agency that soon became widely known for its dedication to supporting first rate science the agency s 1950 enabling legislation made no mention of the social sciences although it included a vague reference to other sciences nevertheless as mark solovey shows in this book the nsf also soon became a major albeit controversial source of public funding for them reprint of the original first published in 1865 english for
