The Curious Case of Dr. Castaneda's Twelve Pages of Field Notes 2023-01-05

my previous book about the author carlos castaneda making sense of the life and works of carlos castaneda f lawrence fleming published 2018 was an attempt to show that although evidence appears to show that castaneda did actually work with a yaqui indian sorcerer the publications concerning his fieldwork were largely fraudulent in this present book i shall attempt to show what sort of person the character don juan in the books by carlos castaneda may have been in real life and how his remarkable personal philosophy can be inferred from what i assert is castaneda s grossly corrupted version of the teachings of don juan in his published works

the writings presented in this volume shed tremendous light both on the character of t e lawrence and the current situation in the middle east despite being written more than seventy years ago the thoughts of lawrence of arabia remain remarkably pertinent this collection includes lawrence s wartime reports from the desert along with later writings in which lawrence attempts to cope with the consequences of war in the circumstances of peace many of the pieces have previously only been issued in limited editions

A Dictionary of Books Relating to America 1878

this book considers the presence of media illiteracy in a world in which we are supposedly consumed by media live a media life in a media ecosystem surrounded by mediated communication unpacking this paradoxical situation the author proposes that before venturing into media literacy we must first understand the workings of how mystification occurs departing from the idea that aesthetics work on an agreed set of principles between art and society the author applies this ideology of aesthetics to news based narration using empirical cases from india the author proposes demystification as a possible methodology to approach media illiteracy and recommends completely transformed media literacy programs that deliver to communities drawing from the construct of critical pedagogy the book offers the possibilities for a collectivistic non western postcolonialist model of learning by using the very collective and hierarchical identities of societies that must be critiqued this vital and innovative book will be an important resource for scholars and students in the areas of media literacy and critical media literacy media education journalism mass communication aesthetics and media technology
