

Power Farming in Australia and New Zealand Technical Manual

1982

Power Farming in Australia and New Zealand Technical Manual
This manual provides a comprehensive overview of power farming techniques and equipment used in Australia and New Zealand. It covers various aspects of farm power, including tractor operation, maintenance, and the use of power for different farm activities. The manual is designed to be a practical guide for farmers and farm workers, offering detailed instructions and safety information. It is a valuable resource for anyone involved in modern farming operations.
