Kennedy The American Presidency The Power of the Presidency The Presidency in a Separated System The Presidency and the Political System The President Office and Powers, 1787-1948 The American Presidency Aspects of the Presidency A History of the Presidency American Presidents and the Presidency The American President To End a Presidency Organizing the Presidency The Presidency The Presidency The Politics of the Presidency

*Thinking About the Presidency* 2015-03-22 how the search for power defines the american presidential office all american presidents past and present have cared deeply about power acquiring protecting and expanding it while individual presidents obviously have other concerns such as shaping policy or building a legacy the primacy of power considerations exacerbated by expectations of the presidency and the inadequacy of explicit powers in the constitution sets presidents apart from other political actors thinking about the presidency explores presidents preoccupation with power distinguished presidential scholar william howell looks at the key aspects of executive power political and constitutional origins philosophical underpinnings manifestations in contemporary political life implications for political reform and looming influences over the standards to which we hold those individuals elected to america s highest office howell shows that an appetite for power may not inform the original motivations of those who seek to become president rather this need is built into the office of the presidency itself and quickly takes hold of whoever bears the title of chief executive in order to understand the modern presidency and the degrees to which a president succeeds or fails the acquisition protection and expansion of power in a president s political life must be recognized in policy tools and legislative strategies the posture taken before the american public and the disregard shown to those who would counsel modesty and deference within the white house thinking about the presidency assesses how the search for and defense of presidential powers informs nearly every decision made by the leader of the nation in a new preface howell reflects on presidential power during the presidency of barack obama

The Presidency Then and Now 2000 in the presidency then and now leading political scientists and historians assess the development of the presidency and its role in today s political landscape the questions addressed in this wide ranging volume include how has the doctrine of separation of powers evolved how have presidential campaigns and presidential oratory influenced the constitutional character of the institution how does the scandal driven press coverage of the post vietnam and post watergate presidency compare with the partisan press of the early republic among other topics the contributors examine the early precedents and modern manifestations of the executive veto executive privilege and presidential use of force doctrine and chart the shift from a constitutionally circumspect and constrained chief executive toward the modern notion of a plebiscitary presidency the presidency then and now assesses several key trends in presidential leadership including the recent movement toward a policy centered presidency in which detailed policy development has at times supplanted broad vision and historically informed judgment other essays address such topics as the transformation of the cabinet from a body whose members possessed stature equal to the president to a largely symbolic group that has been replaced in its advisory capacity by the white house staff the presidency then and now makes a case for returning to constitutional reasoned deliberation and replacing modern fixation on celebrity status with the founders notion of stature by drawing comparisons between the old and the new the presidency then and now offers timely and incisive insights that will appeal not only to scholars of the presidency but to historians and general readers interested in the constitutional foundations philosophical debates and key political developments that have affected the presidential office over

time

The President, the Pope, And the Prime Minister 2006-11-25 the president the pope and the prime minister is a sweeping dramatic account of how three great figures changed the course of history all of them led with courage but also with great optimism the pope helped ordinary poles and east europeans banish their fear of soviet communism convincing them that liberation was possible the prime minister restored her country s failing economy by reviving the vigorous virtues of the british people the president rebuilt america s military power its national morale and its pre eminence as leader of the free world together they brought down an evil empire and changed the world for the better no one can tell their intertwined story better than john o sullivan former editor of national review and the times of london who knew all three and conducted exclusive interviews that shed extraordinary new light on these giants of the twentieth century

**Unmaking the Presidency** 2020-01-21 this is a book for everyone who has developed an unexpected nostalgia for political norms during the trump years other books on the trump white house expertly detail the mayhem inside this book builds on those works to detail its consequences carlos lozada one of twelve books to read to understand what s going on perhaps the most penetrating book to have been written about trump in office lawrence douglas the times literary supplement the definitive account of how donald trump has wielded the powers of the american presidency the extraordinary authority of the u s presidency has no parallel in the democratic world today that authority resides in the hands of one man donald j trump but rarely if ever has the nature of a president clashed more profoundly with the nature of the office unmaking the presidency tells the story of the confrontation between a person and the institution he almost wholly embodies from the moment of his inauguration trump has challenged our deepest expectations of the presidency but what are those expectations where did they come from and how great is the damage as editors of the invaluable the new york times lawfare website susan hennessey and benjamin wittes have attracted a large audience to their hard hitting and highly informed commentary on the controversies surrounding the trump administration in this book they situate trump era scandals and outrages in the deeper context of the presidency itself how should we understand the oath of office when it is taken by a man who may not know what it means to preserve protect and defend something other than himself what aspects of trump are radically different from past presidents and what aspects have historical antecedents when has he simply built on his predecessors misdeeds and when has he invented categories of misrule entirely his own by setting trump in the light of history hennessey and wittes provide a crucial and durable account of a presidency like no other

**Thinking about the Presidency** 2013 all american presidents past and present have cared deeply about power acquiring protecting and expanding it while individual presidents obviously have other concerns such as shaping policy or building a legacy the primacy of power considerations exacerbated by expectations of the presidency and the inadequacy of explicit powers in the constitution sets presidents apart from other political actors thinking about the presidency explores presidents preoccupation with power distinguished presidential scholar william howell looks at the key aspects of executive power political and constitutional origins philosophical

underpinnings manifestations in contemporary political life implications for political reform and looming influences over the standards to which we hold those individuals elected to america s highest office howell shows that an appetite for power may not inform the original motivations of those who seek to become president rather this need is built into the office of the presidency itself and quickly takes hold of whomever bears the title of chief executive in order to understand the modern presidency and the degrees to which a president succeeds or fails the acquisition protection and expansion of power in a president s political life must be recognized in policy tools and legislative strategies the posture taken before the american public and the disregard shown to those who would counsel modesty and deference within the white house thinking about the presidency assesses how the search for and defense of presidential powers informs nearly every decision made by the leader of the nation

**Guide to the Presidency 4th Ed** 2008 the imperiled presidency presidential leadership in the 21st century calls for a dramatic re evaluation of the american president s role within the separation of powers system in contrast with claims by academics pundits media and members of congress this provocative new book argues that the contemporary american presidency is too weak rather than too strong cal mackenzie offers the contrarian argument that the real constitutional crisis in contemporary american politics is not the centralization and accumulation of power in the presidency but rather that effective governance is imperiled by the diminished role of the presidency the product of more than three years of research and writing and nearly four decades of the author s teaching and writing about the american presidency the imperiled presidency is the first book length treatment of the weaknesses of the modern presidency written to be accessible to undergraduates and interested citizens alike it engages with a wide range of literature that relates to the presidency including electoral politics budgetary politics administrative appointments and the conduct of foreign affairs it would be a useful complement to courses that rely primarily on a single textbook as well as courses that are built around more specific readings from a range of books and articles

The President and the Presidency 2012-05-01 this is a comprehensive and illustrative work on the historical and contemporary perspective on presidential powers guiding readers through the presidency as a constitutional office with many updated features from the previous edition

*The Imperiled Presidency* 2016-03-03 a bold new history of the american presidency arguing that the successful presidents of the past created unrealistic expectations for every president since jfk with enormously problematic implications for american politics in the impossible presidency celebrated historian jeremi suri charts the rise and fall of the american presidency from the limited role envisaged by the founding fathers to its current status as the most powerful job in the world he argues that the presidency is a victim of its own success the vastness of the job makes it almost impossible to fulfill the expectations placed upon it as managers of the world s largest economy and military contemporary presidents must react to a truly globalized world in a twenty four hour news cycle there is little room left for bold vision suri traces america s disenchantment with our recent presidents to the inevitable mismatch between presidential promises and the structural limitations of the office a masterful

reassessment of presidential history this book is essential reading for anyone trying to understand america's fraught political climate

**The Powers of the Presidency** 2012-11-06 in 1986 a unique symposium in the history of american politics took place eight former white house chiefs of staff representing six different presidents from eisenhower to carter gathered to talk about twenty five years of the presidency the original transcripts have been edited to provide annotations when necessary without impeding the flow of this lively and candid debate in 1986 a unique symposium in the history of american politics took place eight former white house chiefs of staff representing six different presidents from eisenhower to carter gathered to talk about twenty five years of the presidency the original transcripts have been edited to provide annotations when necessary without impeding the flow of this lively and candid debate

*The Presidents on the Presidency* 1970 excerpt from the presidency today today's presidency is tridimensional it embraces leadership of the people in social and economic reform an activity that transcends state lines and ignores state rights it signalizes the elevation of the presidential office into a position of international indeed planetary significance at the same time it connotes a household presence friendly and familiar about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at forgottenbooks.com this book is a reproduction of an important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

*The Impossible Presidency* 2017-09-12 this book contains a collection of stephen hess's best essays on the presidency written over a fifteen year period the essays selected are just as relevant today as when they were first published each essay says something useful about the office of the presidency or a specific president the book includes presidential qualities originally published when richard nixon was president addresses the characteristics we should want in a chief executive regardless of whether or not we agree with him why great men are not chosen presidents lord bryce revisited asks whether changes in the process by which we select presidential candidates would result in different kinds of people seeking office toward a more functional presidency written after watergate rethinks the appropriate role of the president and offers a job description

Chief of Staff 1986-01-01 the state of the presidency is a fresh and comprehensive interpretation of the modern american presidency it is a political analysis of the promise and problems in this troubled institution based on extensive interviews with more than 100 white house aides and an equal number of cabinet officers and departmental personnel it is also based in part on tom cronin's personal experience as a white house aide his involvement in congress and his work for a cabinet member book cover

**The Presidency Today (Classic Reprint)** 2017-10-31 an outgrowth of a 54 program cbs television series entitled the

american presidency the men and the office

*Presidents & the Presidency* 1995-12-01 an accessible and comprehensive main text for courses on the presidency this text argues that to be a successful presidential leader one must effectively manage the enormous institutional and personal resources or the keys to power using the keys to power theme warshaw argues that the presidency is far more powerful today than in past generations the book offers the most coverage in the market on the structures that provide the president with such power as a result there are discrete chapters dedicated to the vice president the president s cabinet the white house staff and the executive office of the president standard topics such as the president and the economy are still covered but are integrated throughout the chapters

The State of the Presidency 1980 the presidency a to z is an invaluable tool for understanding the presidency both historically and today and for appraising how it and the executive branch have responded to the challenges facing the nation it provides readers with quick information and in depth background on the presidency through a comprehensive encyclopedia of over 300 easy to read entries readers will find biographies of every president and many others important to the office explanations of broader concepts and powers relating to the presidency discussions of relations with congress the supreme court the bureaucracy political parties the media interest groups and the public the presidency a to z includes all the features that made earlier editions so popular charts tables lists photographs cartoons indexes a bibliography and cross references

The Presidency 2001 excerpt from a history of the presidency the basis of this book is the history of presidential elec tions originally published in 1884 in the preparation of that work the meagreness and comparative inaccessibility of material concerning the early elections made the chapters that deal with that period somewhat barren increasing abundance of material and greater familiarity with the political history of more recent times caused a broadening of the plan and led to the result that the later chapters of the original work and still more the chapters added in subsequent editions in 1888 1892 and 1896 were much more than a history of the elections i have thought that the usefulness of the book might be greatly enhanced by rewriting a large part of it supplying deficiencies by a more diligent search for and study of the facts relating to the presidency in the early days of the gov ernment and enriching it throughout with new personal explanatory and other enlightening matter thus making the whole work uniform in method this has enabled me to introduce a fuller discussion of some of the political problems to which the constitutional provisions regarding the presiden tial office have given rise more important still the revision and expansion of the work have given me a much desired opportunity to modify some opinions expressed in the original book which a more careful and thorough examination of origi nal sources of information has led me to regard as not well founded the last consideration has the more weight in view of the use that has been made of the book in the history depart ments of our colleges about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at forgottenbooks com this book is a reproduction of an important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in

rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

Power and the Presidency 1976 at a time when the institution of the presidency seems in a state of almost permanent crisis it is particularly important to understand what sort of an institution the framers of the constitution thought they were creating founding the american presidency offers a first hand view of the minds of the founders by bringing together extensive selections from the constitutional convention in philadelphia as well as representative selections from the subsequent debates over ratification organized topically the book focuses on those issues of executive power that most deeply concerned and often sharply divided the founders including the electoral college and impeachment the presidential term and reeligibility the veto power and war powers the power of appointment and the power of pardon ellis judicious selections mean that teachers and students no longer need to settle for the meager rations of a federalist paper or two supplemented by a quick summary of the founders thoughts before being fast forwarded to the contemporary presidency pointed discussion questions provoke students to consider new perspectives on the presidency ideal for all courses on the presidency the book is also important for all citizens who want to understand not only the past but the future of the american presidency

**The Keys to Power** 2015-09-25 the presidency of john f kennedy continues to fascinate even as it also continues to inspire heated debates between admirers and detractors of camelot s fallen king now readers can gain a new appreciation of jfk in this thoroughly revised and updated edition of james giglio s bestselling study widely acclaimed as the best and most balanced book on jfk s white house years giglio incorporates the voluminous archival materials made available in the last fifteen years including the declassified documents on crucial foreign policy affairs and white house medical records that contradict the image of kennedy s youth and vigor he stresses the extent to which domestic and foreign policies were interconnected at a time when the cold war dominated national life and reveals his new appreciation for jfk s prudence in his handling of such enormous challenges as the cuban missile crisis and the emerging war in vietnam giglio shows kennedy to be the most medicated one of the most courageous and perhaps the most self absorbed of our presidents he reviews the physical ailments and heavy prescriptions that were kept out of the public eye and catalogs sexual indiscretions ranging from marilyn monroe and socialite florence pritchett to low level white house employees and even virtual strangers surveying this field of conquest giglio suggests that jfk s sexual obsession could easily have affected his presidency even more during a second term his work also amplifies coverage of key issues like civil rights the cuban missile crisis and vietnam and reevaluates many of the questions surrounding the assassination maintaining that even with the existence of a conspiracy still doubtful the case is far from closed like the first edition this new edition provides a sharp and thoughtful analysis of both domestic and foreign affairs and underscores that despite his undeniably brief tenure in office the state of the nation actually did improve on kennedy s watch featuring an expanded bibliographical essay and twenty two photos from the jfk library the presidency of john f

kennedy remains the definitive appraisal of camelot s kingdom

*The Presidency: the Power and Glory* 1973 the american presidency examines the constitutional foundation of the executive office and the social economic political and international forces that have reshaped it authors sidney m milkis and michael nelson broadly examine the influence of each president focusing on how these leaders have sought to navigate the complex and ever changing terrain of the executive office and revealing the major developments that launched the modern presidency at the dawn of the twentieth century by connecting presidential conduct to the defining eras of american history and the larger context of politics and government in the united states this award winning book offers vital perspective and insight on the limitations and possibilities of presidential power the eighth edition examines recent events and developments including the latter part of the obama presidency the 2016 election the first twenty months of the trump presidency and updated coverage of issues involving race and the presidency

**Beyond the Presidency** 1976 the american presidency is the most powerful political office in the world but this impressive statement serves only to raise a whole series of fundamental questions what is the scope of presidential powers and what are its limits can the president use all the authority of his office or is that authority more formal than effective does the presidency have sufficient power to meet today s needs or do the problems of the modern age demand a more powerful executive is there a danger of dictatorship in the growth of political authority or will the presidency remain an office of constitutional democratic leadership this book explores such questions by presenting a wide range of views on presidential power from a variety of sources original supporters and opponents of the office presidents themselves supreme court decisions and professional students of the presidency

**The Presidency A to Z** 2012-06-15 charles o jones explains that focusing exclusively on the presidency can lead to a seriously distorted picture of how the national government works the role of the president varies widely depending on his resources advantages and strategic position public expectations often far exceed the president s personal political institutional or constitutional capacities for achievement

*A History of the Presidency (Classic Reprint)* 2017-12-02 the presidency and the political system now in an updated edition incorporates the most recent research and scholarship on the presidency exploring important aspects of the relationship between the presidency and the other components of our political system this thought provoking collection of 20 essays written expressly for this volume by leading political and presidential scholars provides readers with the most balanced accessible and compelling material available on our nation s highest office

**The Presidency Today** 1956 this is a thoroughly revised in depth analysis of the american presidency by a major scholar in the field the main goal of the text is to explain how the president s ability to implement policy is circumscribed by several major factors the madisonian separation of powers the decentralized power structure in congress the number of cross party coalitions needed to pass legislation a slow moving federal bureaucracy and the powerful influence of special interest groups opposed to many presidential initiatives included in this second

edition is coverage of the first two years of the clinton presidency and a special chapter on the emergence of the presidential branch the white house staff and its displacement of the cabinet and the executive departments as the foremost decision making agents in the federal government a unique chapter not found in other texts since highly unstable relations between the president and congress have become the hallmark of our national government especially in this era of divided government a new chapter on the president and congress has been added to the text the growing role of the vice president an original chapter in the first edition has been expanded and updated to include the gore vice presidency the chapter on proposed reforms of the presidency received wide approval in the first edition in the second edition special attention is devoted to the proposal to abolish the electoral college and replace it with direct election of the president this edition focuses heavily on the activist presidential leadership of the modern presidency but notes its perishable nature high presidential approval ratings as george bush demonstrated cannot be stockpiled or deposited in the bank to be drawn upon later along the way the author makes several major points 1 the excessive demands that the american public imposes on its presidents threaten to turn the nation s highest office into a series of one term presidents 2 the decline of political parties as vehicles for mobilizing presidential support has forced the nation s chief executive to go over the heads of congress and directly to the public to solicit support for his policies and 3 the emerging dangers of electronic democracy and national referenda and the potential rise of a plebiscitary president all pose more imminent threats to our shared powers system than most presidential watchers have been willing to concede

**Founding the American Presidency** 1999 contains 2 parts harry s truman first published in the new yorker 1950 1951 and gerald r ford which was originally published in 1975 under title the president

**The Presidency of John F. Kennedy** 2006 unlike some other reproductions of classic texts 1 we have not used ocr optical character recognition as this leads to bad quality books with introduced typos 2 in books where there are images such as portraits maps sketches etc we have endeavoured to keep the quality of these images so they represent accurately the original artefact although occasionally there may be certain imperfections with these old texts we feel they deserve to be made available for future generations to enjoy

The American Presidency 2019-01-24 explores the lives of the presidents and the evolution of the presidency

**The Power of the Presidency** 2017-07-26 as congress prepares articles of impeachment of president trump read the definitive book on presidential impeachment and how it should be used today impeachment is our ultimate constitutional check against an out of control executive but it is also a perilous and traumatic undertaking for the nation in this authoritative examination laurence tribe and joshua matz rise above the daily clamor to illuminate impeachment s proper role in our age of broken politics to end a presidency is an essential book for anyone seeking to understand how this fearsome power should be deployed

The Presidency in a Separated System 1994 when franklin d roosevelt was inaugurated in march 1933 the white house staff numbered fewer than fifty people in the ensuing years as the united states became a world power and both the foreign and domestic duties of the president grew more complex the white house staff has increased twentyfold this

books asks how best to manage a presidency that itself has become a bureaucracy in the third edition of organizing the presidency stephen hess with the assistance of james p pfiffner surveys presidential organizations from roosevelt s to george w bush s examining the changing responsibilities of the executive branch jobs and their relationships with one another capitol hill and the permanent government he also describes the kinds of people who have filled these positions and the intentions of the presidents who appointed them

*The Presidency and the Political System* 1990 the united states has only one chief executive the president who serves as both the country s head of state and head of government in this volume young historians will read about the jobs of the president at home and abroad in times of peace and in times of war readers will also learn about the history of the presidency what it takes to get elected president the transfer of power from one president to the next the vice presidency and life in the white house special sections feature information on the electoral college impeachment and the role of the first lady in american life detailed tables list u s presidents and vice presidents as well as the differences between popular and electoral votes in past presidential elections of particular interest are discussions of notable presidents during key moments in u s history
