my interest in the history of the struve family is long standing but lay dormant until 1972 when i found myself organizing a symposium of the international astronomical union in memory of the second otto struve to satisfy my own curiosity i

investigated the precise relationships of the famous astronomers in the family and published an account of them based mainly on secondary sources the exercise made me aware that there was no biography in english of the first and probably still the greatest astronomer in the clan friedrich georg wilhelm struve wilhelm s son the first otto wrote an account in german of his father s life intended primarily for family and close friends and though printed not generally available through the kindness of a family member i have a copy from which i have been able to work the soviet historian of science z k sokolovskaya wrote a biography in russian in 1964 to mark the centenary of wilhelm s death this had a limited edition and my efforts to obtain a copy failed neither work has in its entirety been translated into english although michael meo of oakland california and kevin krisciunas of hilo hawaii have kindly made available to me their unpublished translations of some sections of the latter in the of a complete copy however when i decided to attempt an english absence language biography i thought it best to do so independently of sokolovskaya s
