Technics speaker technology dynamism and quiescence the next generation of direct drive turntable systems grand class g700 series grand class turntables speaker system sb g90m2 grand class su gx70 premium class the new sa c600 premium class network cd receiver visit the support page explore the technics reference class turntables discover features of technics sp 10r reference class turntable system with coreless direct drive motor and heavyweight platter for stable rotation featuring a separate control unit to suppress the effects of unwanted noise on the main unit explore the technics premium class turntables discover features of technics sl 1500c the sl 1500c offers outstanding functionality usability and a wealth of features for vinyl lovers a pre mounted cartridge and integrated phono eq provide supremely simple setup while an automatic tonearm lift ensures precious lps remain in pristine explore the technics grand class turntables discover features of technics sl 1210gr2 introducing our cutting edge motor drive circuit featuring the revolutionary $\Delta\Sigma$ drive delta sigma drive a breakthrough innovation designed to seamlessly eliminate even the tiniest vibrations originating from the motor technics s mission is to elevate ep record adaptor balance weight auxiliary weight cartridge spacer head shell overhang gauge screw set for cartridge phono cable phono earth lead ac power supply cord owner s manual see all product specifications for technics sl 1210gr2 grand class turntables check detailed functions features and more on this page explore the technics premium class c100 series discover features of technics sa c100 the network cd receiver sa c100 brings you a wealth of music content with a single device everything from records cds and radio to music streaming and more besides with a luxurious audio environment courtesy of technics superior sound get support for direct drive turntable system sl 1200gr visit the support page explore the technics grand class discover features of technics sl 1200gr the new standard model inheriting the technology of the sl 1200g which was developed as a reference direct drive turntable for the next generation the sl g700m2 uses a high speed switching power supply of approximately 300 khz which is also used for the analogue circuits of the su r1000 reference class integrated amplifier by increasing the switching frequency the interference of noise on the music playback bandwidth is reduced and a highly responsive power supply is achieved see all product specifications for technics sa c100 premium class c100 series check detailed functions features and more on this page for the sl 1200mk7 a new coreless direct drive motor was developed this motor employs a coreless stator the removal of the core iron core from the stator eliminated the root cause of cogging furthermore the magnetic force of the rotor magnets was improved to the highest possible level and the gap between the coreless stator and this eliminates interference between circuit blocks thus achieving clear sound quality in addition to the three section construction the su g700m2 comes with a bottom chassis featuring a two layer construction with 1.2 mm thick and 2 mm thick steel plates a top panel made of a 1.6 mm thick steel plate and a 7 mm thick aluminium front panel the su r1000 uses separate power supply units for the analogue circuits and digital circuits in the pre amp stage it also uses separate power supply units for the right and left channels in the power amp stage that requires large electrical power with the four independent power supply units the su r1000 prevents power line induced space tune the sc c70mk2 features space tune auto to achieve optimally balanced sound easily with the press of a button this function measures test tones played through a mic that is built into the sc c70mk2 to analyse the distance to walls and the effect of reflections it then automatically optimises the sound field see all product specifications for technics sc c70mk2 ottava f check detailed functions features and more on this page turntable slipmat slipsheet dust cover ep record
