Revelation 2012 scholars have traditionally identified two fundamental and somewhat separate discourses in isaiah 1 39 in what might be labelled the social critical discourse we supposedly encounter a prophet who condemns the jerusalemite elite for their complacent attitudes and decadent life style in general and for their more or less systematic oppression of the less fortunate in particular this lack of social justice isaiah emphasises will indeed be punished by yhwh in the discourse that might preferably be labelled foreign political scholars have found that the

prophet repeatedly discourages judahite participation in anti assyrian rebellions since such strategies are offensive to yhwh and their plans will therefore come to nothing olof backersten presents an attempt to question the existence of a social critical discourse in isaiah 1 39 he argues that the texts that have been proffered as proofs for such a discourse relate instead with surprisingly few although notable exceptions to the critique of judah s anti assyrian policy the result of this investigation has implications for our understanding of the book of isaiah as a whole a social critical emphasis can only be detected in isaiah 1 and isaiah 56 66 whereas isaiah 2 39 55 provides variations on a foreign political theme in the sense that the focus falls on the relationship between nations in general and judah s position on the international arena in particular

The Layperson's Library 2003-11-19 contemporary traditional divisive words particularly when referring to methods of worship unhappily the whole controversy about worship styles has degenerated into arguments based on personal preference given the intensity of this worship controversy that is increasingly dividing professedly bible believing churches into distinctive camps i have felt inclined to make my contribution to the concern i am convinced that the bible does establish clear guidelines for both what we are to believe issues of faith and what we are to practice issues of obedience and that this direction includes matters of worship if there is any overriding biblical truth that must circumscribe every worship practice it is that worship is all about god and not about us there is little hope of worshipping in a manner that is pleasing to the lord if we do not start with the bible and stress what it stresses the beauty of holiness is a guide to what the bible says about the object manner and the heart of worship we must never shy away from what the bible says regardless of how out of sync with culture it seems to be god's word not culture whether modern or medieval defines the way of worship
