Dreaming the Graphic Novel

2020-01-17

winner of the best book award in comics history from the grand comics database honorable mention 2019 2020 research society for american periodicals book prize the term graphic novel was first coined in 1964 but it wouldn't be broadly used until the 1980s when graphic novels such as watchmen and maus achieved commercial success and critical acclaim what happened in the intervening years after the graphic novel was conceptualized yet before it was widely recognized dreaming the graphic novel examines how notions of the graphic novel began to coalesce in the 1970s a time of great change for american comics with declining sales of mainstream periodicals the arrival of specialty comics stores and at least initially a thriving underground comix scene surveying the eclectic array of long comics narratives that emerged from this fertile period paul williams investigates many texts that have fallen out of graphic novel history as he demonstrates the question of what makes a text a graphic novel was the subject of fierce debate among fans creators and publishers inspiring arguments about the literariness of comics that are still taking place among scholars today unearthing a treasure trove of fanzines adverts and unpublished letters dreaming the graphic novel gives readers an exciting inside look at a pivotal moment in the art form's development

The Making of a Graphic Novel

2006

graphic novels are changing the face of media now the making of a graphic novel is here to explain the creation of a graphic novel in a way that springs organically from the very concept it includes an entire new 86 page graphic novel by master of the genre prentis rollins the novel is preceded by rollins's own clear straightforward text explaining how to conceive write and finally draw ink and letter a graphic novel tasks are broken down into manageable pieces that can be understood even by beginners the unique process allows readers to look over the shoulder of an artist as he creates and then read the final masterwork the making of a graphic novel is sure to make a sensation among the many admirers of graphic novels as well as everyone who appreciates fine storytelling and fine art

Champion: The Graphic Novel

2017-04-25

the final book in marie lu's best selling legend trilogy draws to a thrilling conclusion in this vibrant graphic novel adaptation june and day have sacrificed so much for the people of the republic and each other and now their country is on the brink of a new existence june is back in the good graces of the republic working within the government's elite circles as princeps elect while day has been assigned a high level military position but neither could have predicted the circumstances that will reunite them once again just when a peace treaty is imminent a plague outbreak causes panic in the colonies and war threatens the republic's border cities this new strain of plague is deadlier than ever and june is the only one who knows the key to her country's defense but saving the lives of thousands will mean asking the one she loves to give up everything he has
