cathleen schine meets lucinda rosenfeld in this wonderfully written debut novel about a woman struggling to make sense of her past in order to create a meaningful future kara caine lawson has worked hard to become the woman she is wife mother and successful shop owner having survived a turbulent childhood kara understands that life could ve just as easily gone another way and even if she isn t gliding through the trials of lost library books entitled customers and routine date nights at least she s not sipping a dewar s all day like her mother did but then kara unexpectedly encounters paintings by her now famous college boyfriend just as she s beginning to suspect that her daughter henny s difficulties may be the sign of something serious and all of her past decisions are thrown into dramatic relief kara s narration at turns heartbreaking and hilarious captures the imperfect thoughts we have about ourselves and those around us rebecca land soodak s debut novel asks the difficult questions about the choices we make while revealing the minute details that end up defining our lives

## ***On the Couch***

2002

after going for more than a year without a date a record in new york city marlowe riddle has finally met a broodingly sexy sharply intelligent man who is clearly interested in making more than polite conversation the only problem joseph kain is an nypd detective clearly under the mistaken impression that marlowe is a call girl but while marlowe does take money for spending time with strangers in her expensive upper west side apartment she s a psychologist not manhattan s answer to the mayflower madam a fact she has no intention of telling joe at least not until she finishes her research project on the behavioral effects of disguising identity but marlowe s not the only one trying to secretively gain information and it s becoming increasingly unclear who is seducing whom because sometimes the only way to learn what a man really wants is to get him on the couch

## **Henny on the Couch**

2012-03-27

how the couch became an icon of self knowledge and self reflection as well as a site for pleasure transgression and healing the peculiar arrangement of the psychoanalyst s office for an analytic session seems inexplicable the analyst sits in a chair out of sight while the patient lies on a couch facing away it has been this way since freud although as nathan kravis points out in on the couch this practice is grounded more in the cultural history of reclining posture than in empirical research kravis himself a practicing psychoanalyst shows that the tradition of recumbent speech wasn t dreamed up by freud but can be traced back to ancient greece where guests reclined on couches at the symposion a gathering for upper class males to discuss philosophy and drink wine and to the roman convivium a banquet at which

men and women reclined together from bed to bench to settee to chaise longue to sofa kravis tells how the couch became an icon of self knowledge and self reflection as well as a site for pleasure privacy transgression and healing kravis draws on sources that range from ancient funerary monuments to furniture history to early photography as well as histories of medicine fashion and interior decoration and he deploys an astonishing array of images of paintings monuments sculpture photographs illustrations new yorker cartoons and advertisements kravis deftly shows that despite the ambivalence of today s psychoanalysts some of whom regard it as infantilizing the couch continues to be the emblem of a narrative of self discovery recumbent speech represents the affirmation in the presence of another of having a mind of one s own

## **Tales from the Couch**

2022-08-01

drawing upon a vast literature in psychoanalytic journals and either upon shakespeare's characters themselves or alluding to those characters in the course of other topics this book discusses eight of shakespeare's plays and the relationships between the main characters in them psychoanalytic and literary approaches sometimes diverge but they can also concur in seeing characters either as true examples of different psychological states and types of relating or as symbolic of aspects of the personality the chapters contain many references to psychoanalytic interpretations from freud onwards although these cannot be proved and in some cases are over

stretched there will be times when psychoanalytic criticism rings bells in the reader the importance of this book lies in its drawing together from a large number of disparate sources many of which will be inaccessible to those who do not have access to the journals or psychoanalytic databases it is nonetheless relevant for counsellors and therapists as well as for those interested in literature particularly in shakespearean studies

## **From Couch Potato to Endurance Athlete**

2003-08

barbra streisand has been a show business staple for decades from funny girl and hello dolly to the way we were and more recently the fockers franchise whether gracing a stage screen or album cover barbra s iconic silhouette is a globally familiar image we know barbra the star but how well do we know barbra the woman in dr alma h bond s latest installment of her on the couch series dr darcy dale a renowned new york city psychiatrist whose expertise has been sought by such larger than life women as jacqueline onassis kennedy marilyn monroe and hillary clinton is confronted by barbra dismayed after 30 years of minimally successful therapy over the course of a year dr dale conducts an intimate psychoanalysis breaking through ego defense mechanisms and repressions to go deep into the heart and mind of one of america s last remaining superstars

2011-06-07

in this widely ranging collection of essays a group of contemporary psychoanalyst authors turn their finely honed listening skills and clinical experience to plumb the depths and illuminate themes of character drama myth culture and psychobiography in some of the world s most beloved operas the richly diverse chapters are unified by a psychoanalytic approach to the nuances of unconscious mental life and emotional experience as they unfold synergistically in opera s music words and drama opera creates a unique bridge between thought and feeling mind and body and conscious and unconscious that offers fertile ground for psychological exploration of profound human truths each piece is written in a colorful and non technical manner that will appeal to mental health professionals musicians academics and general readers wishing to better understand and appreciate opera as an art form

## **On the Couch 2004**

2008

ever since freud put religion on the couch in the future of an illusion there has been an uneasy peace with occasional skirmishes between these two great disciplines of subjectivity as prime meaning givers god and the unconscious have vied for supremacy in our thinking about ourselves especially our thinking about our human nature

our moral stature and our destiny freud in his bold manner found projection fear and denial to be the wellspring of religion s domination over man in analogous fashion those giving primacy to the soul over the unconscious have long dismissed psychoanalysis as mechanistic reductionistic and hence inadequate to the examination of spirituality soul on the couch is premised on the belief that discourse about the soul and discourse from the couch can inform and not simply ignore one another it brings together scholars and psychoanalysts at the forefront of an interdisciplinary dialogue that is vitally important to the growth of both disciplines their essays are not only models of reflective inquiry they also illuminate the syntheses that emerge when analysts and scholars of religion bridge the gap that has long separated them and speak to one another
