A Manual of Human Culture 1866 this book has been considered by academicians and scholars of great significance and value to literature this forms a part of the knowledge base for future generations so that the book is never forgotten we have represented this book in a print format as the same form as it was originally first published hence any marks or annotations seen are left intentionally to preserve its true nature

A Manual of Mechanics 1886 get a comprehensive overview of the intricacies of medical practice with this indispensable manual written with students in mind this book covers everything from the basic principles of medicine to cutting edge research perfect for medical students aspiring physicians and anyone interested in the field of medicine this work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it this work is in the public domain in the united states of america and possibly other nations within the united states you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public we appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant

A Manual of Etymology 1879 this is a new release of the original 1907 edition

A Manual of English Meters 1978 excerpt from a manual of pharmacology the present edition of this manual has been to a great extent rewritten this change was rendered necessary by the increase of knowledge of the mode of action of drugs which has been obtained during the last few years several new tracings and figures have been introduced into the present volume either to explain new facts or the modern interpretation of facts long ascertained my best thanks are due to professor ransom and dr inchley for valuable suggestions and criticisms about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at forgottenbooks.com this book is a reproduction of an important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

A Manual of General History 1870 excerpt from a manual of marching the value of marching from a normal standpoint is becoming increasingly evident the increased demand for a useful textbook has made a fifth edition of mr cornell s manual a necessity in this edition the general changes adopted for the fourth edition have been retained first the material has been largely rearranged using a topical scheme bringing similar movements together rather than the strictly formation scheme of previous editions it is believed that this has made the material more readily accessible to untechnical tacticians second a number of movements and maneuvers have been added particularly facings while on the march designed to be executed in a small space and yet give training in alertness this phase is particularly emphasized in school work about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at forgottenbooks.com this book is a reproduction of an important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

A Manual of universal History and Chronology for the use of schools 1835 this is a reproduction of the original artefact generally these books are created from careful scans of the original this

allows us to preserve the book accurately and present it in the way the author intended since the original versions are generally quite old there may occasionally be certain imperfections within these reproductions we re happy to make these classics available again for future generations to enjoy

A Manual of Psychology 1915 reprint of the original first published in 1871

A Manual of Harmony 1893 reprint of the original first published in 1875

~Aœ manual of mathematics 1960 digicat publishing presents to you this special edition of a manual of clinical diagnosis by james campbell todd digicat publishing considers every written word to be a legacy of humankind every digicat book has been carefully reproduced for republishing in a new modern format the books are available in print as well as ebooks digicat hopes you will treat this work with the acknowledgment and passion it deserves as a classic of world literature

A Manual of the Mechanics of Engineering and of the Construction of Machines 1878 reprint of the original first published in 1859

A Manual of Style 1969 unlike some other reproductions of classic texts 1 we have not used ocr optical character recognition as this leads to bad quality books with introduced typos 2 in books where there are images such as portraits maps sketches etc we have endeavoured to keep the quality of these images so they represent accurately the original artefact although occasionally there may be certain imperfections with these old texts we feel they deserve to be made available for future generations to enjoy
