Lexus 2007 a behind the scenes look at lexus s surprising twenty year success story in a revised new edition in the 1980s german brands bmw and mercedes benz dominated the luxury car market and had little reason to fear competition from japan but in 1989 toyota entered the market with the lexus ls 400 a car that could compete with the germans in every category but price it was us 30 000 cheaper within two years lexus had overtaken mercedes benz in the united states and made a stunning success of toyota s brave foray into the global luxury market lexus the relentless pursuit reveals why toyota decided to take on the german automakers and how the new brand won praise and success for its unparalleled quality unforgettable advertising and unprecedented customer service from the first boardroom planning session to lexus s entry into the mega luxury supercar market this is the complete and compelling story of one of the world s most admired brands includes a new foreword by legendary designer erwin lui an afterword with updates since the first edition and a new coda by leading japanese automotive journalist hisao inoue covers the racetrack triumph and tragedy behind the new us 375 000 lexus lfa supercar offers important business lessons for brand managers and executives for car enthusiasts business leaders and anyone interested in branding and marketing lexus the relentless pursuit offers an amazing story of excellence and innovation in the automotive industry

Handbook of Transformative Cooperation 1995 transformative cooperation tc presents new ways for individuals and organizations to partner to create a more sustainable future and take people to a higher stage of moral development this handbook invites readers to consider how businesses can partner with organizations in other sectors of society including governments and nonprofits to address global concerns and improve the lives of all it documents the need for and early examples of cooperative efforts that have transformed the relationships between corporations and the communities in which their employees live and work the editors begin by issuing a call for tc explaining the economic and social reasons for working across traditional organization national and international boundaries the book then goes on to explain the dynamics of transformative cooperation exploring the leadership characteristics that facilitate the transformation and its social benefits throughout this handbook the editors present some of the best designs in transformative cooperation and conclude by explaining transformative cooperation as a generative possibility overall the editors and contributors argue that tc is about the search for the best in people their organizations and the world around them
