EXPERIENCE HISTORY 2013

in experience history we suggest a bit of the substance and flavor of the process by examining some of the debates and disagreements around a particular historical question we place the reader in the role of historical detective provided by publishers

Experience History 2019

introduction to public history interpreting the past engaging audiences is a brief foundational textbook for public history it is organized around the questions and ethical dilemmas that drive public history in a variety of settings from local community based projects to international case studies this book is designed for use in undergraduate and graduate classrooms with future public historians teachers and consumers of history in mind the authors are practicing public historians who teach history and public history to a mix of undergraduate and graduate students at universities across the united states and in international contexts this book is based on original research and the authors first hand experiences offering a fresh perspective on the dynamic field of public history based on a decade of consultation with public history educators about what they needed in an introductory textbook each chapter introduces a concept or common practice to students highlighting key terms for student review and for instructor assessment of student learning the body of each chapter introduces theories and basic conceptual building blocks intermixed with case studies to illustrate these points footnotes credit sources but also serve as breadcrumbs for instructors who might like to assign more in depth reading for more advanced students or for the purposes of lecture development each chapter ends with suggestions for activities that the authors have tried with their own students and suggested readings books and websites that can deepen student exposure to the topic

Experience History 2011

a survey and interpretive study of one of the defining issues in america s past americans have vigorously debated and interpreted the role of slavery in american life for as long as enslaved people and their descendants have lived in north america contemporaries and later writers and scholars up to the present day have explored the meaning of slavery as a system of labor an ideological paradox in a free political and social order a violent mode of racial exploitation and a global system of human commodification and trafficking to fully understand the various ways in which slavery has been depicted and described is a difficult task like any other important historical issue this requires a thorough grasp of the underlying history methodological developments over time and the contemporary politics and culture of historians own times and the case of slavery is further complicated of course by changes in the legal and political status of african americans in the 20th and 21st centuries slavery interpreting american history like other volumes in the interpreting american history series surveys interpretations of important historical eras and events examining both the intellectual shifts that have taken place and various catalysts that drove those shifts while the depth of americans historiographical engagement with slavery is not surprising given the turbulent history of race in america the range and sheer volume of writing on the subject spanning more than two centuries can be overwhelming editors aaron astor and thomas buchanan together with a team of expert contributors highlight here the key debates and conceptual shifts that have defined the field the volume will be an especially helpful guide for advanced undergraduate and graduate students professional historians new to the field and other readers interested in the study of american slavery

Experience History 2018-11-15

this study is the first interpretive text for the study of american exceptionalism and the first overall assessment of geographic political economic social and cultural aspects of the american past written from a global perspective russo argues that life in the united states can be better understood if it is examined from either a wider perspective the english speaking world the western hemisphere western civilization or a narrower perspective regional and local variations even when the americans were innovative in their multi ethnic and multi racial society in their egalitarian social beliefs in their political democracy their innovations were soon copied by others therefore russo argues they are no longer distinctly american using nations as the basis for fields of study can both reveal and distort the historical record when one considers different perspectives america s uniqueness recedes in importance american culture was a variant of a wider western culture the american economy was an extension of western capitalism whether agrarian commercial or industrial american society was a western society with racial castes and multi ethnic additions to the population american government functioned like other western governments even with innovative forms republican then democratic the american past is thus seen to be far less distinctive than previous syntheses have assumed

Introduction to Public History 2017-03-06

this reader provides students with key documents from colonial american history including new english translations of non english documents the documents in this collection take the reader beyond the traditional story of the english colonies readers explore the spanish french dutch russian german and even icelandic colonial efforts throughout north america including california new mexico texas the great plains louisiana florida virginia pennsylvania and new england throughout the collection provides not only the perspectives of europeans but also of native americans and africans by looking beyond traditional sources students see the power and diversity of native americans and learn that european domination of the continent was not inevitable they see different forms of slavery and ways that slaves dealt with their captivity by considering multiple perspectives students learn that colonial history was largely the attempts of various peoples to understand strangers and adapt them to their own will

author of the virtues of liberalism

An Interpretation of American History 1968

in this pioneering work sixteen historians analyse individual films for deeper insight into us institutions values and lifestyles linking all of the essays is the belief that film holds much of value for the historian seeking to understand and interpret american history and culture this title will be equally valuable for students and scholars in history using film for analysis as well as film students and scholars exploring the way social and historical circumstances are reflected and represented in film

Interpreting and Teaching American History 2012-03-01

playing ourselves explores the ongoing trend for reconstructed historic sites to broaden their interpretation of early america by adding native american interpreters to staffs that formerly presented from a primarily european perspective examining the reasons behind this shift and the effects it has on visitors and performers peers uses her detailed observations of five historic reconstructions to both examine the theoretical aspects of their cultural performance and advise interpreters and their managers on how to more effectively present the inclusive history to which they aspire

Interpreting and Teaching American History 1961

a collection of primary documents which help chronicle the history of colonial america providing information on the era s people politics activities and culture

America Past and Present 2006-10

imagining histories of colonial latin america teaches imaginative and distinctive approaches to the practice of history through a series of essays on colonial latin america it demonstrates ways of making sense of the past through approaches that aggregate more than they dissect and suggest more than they conclude sidestepping more conventional approaches that divide content by subject source or historiographical turn the editors seek to take readers beyond these divisions and deep into the process of historical interpretation the essays in this volume focus on what questions to ask what sources can reveal what stories historians can tell and how a single source can be interpreted in many ways

Interpreting American History 1970

by combining the study of films with the text based primary sources screening america gives students clear guidance in studying interpreting and understanding the motion picture s significance as a primary source in investigating u s history students will come to understand history as not only the record of what governments did but also the way in which people lived their lives experienced the wider world and engaged in leisure pursuits from which we can learn much about the society in which they lived
