to what extent can music be employed to shape one culture's understanding of another in the american imagination japan has represented the most alien nation for over 150 years this perceived difference has inspired fantasies of both desire and repulsion through which japanese culture has profoundly impacted the arts and industry of the u s while the influence of japan on american and european painting architecture design theater and literature has been celebrated in numerous books and exhibitions the role of music has been virtually ignored until now w anthony sheppard's *Extreme Exoticism* offers a detailed documentation and wide ranging investigation of music's role in shaping american perceptions of the japanese the influence of japanese music on american composers and the place of japanese americans in american musical life presenting numerous american encounters with and representations of japanese music and japan this book reveals how music functions in exotic representation across a variety of genres and media and how japanese music has at various times served as a sign of modernist experimentation a sounding board for defining american music and a tool for reshaping conceptions of race and gender from the tin pan alley songs of the russo-japanese war period to weezer's pinkerton album music has continued to inscribe japan as the land of extreme exoticism

## ***The Encyclopedia of Contemporary Japanese Culture***

2009

grounded in the fields of ethnomusicology anthropology popular music studies and japanese studies this book explores the underground tokyo hardcore scene ultimately asking what play as resistance through performance of the scene tells us about japanese society in general matsue highlights the complicated positioning of young adult japanese in contemporary japan as they negotiate both increasing social demands and increasing problems in society at large further drawing on theories of play identity building and the construction of gender all informed by the increasingly influential field of performance studies the book offers a highly interdisciplinary look at the importance of musical scenes for expressing resistance at the turn of the 21st century within the underground tokyo hardcore scene this resistance is expressed through play with individual and collective identity in intimate and potentially illicit spaces with an arguably challenging sound and performance style

1978

gary karr life on the g string chronicles the extraordinary international career of a double bass soloist launched in 1962 by leonard bernstein in a young people s concert at carnegie hall viewed on television by seven million people karr quickly gained legendary status for his virtuosity and inimitable lyricism his infectious sense of humour and the pioneering spirit that led him to found in 1967 the international society of bassists and he continues to perform and record at age seventy five in this account of karr s professional and personal development his own words punctuate the narrative and engage the reader in a lively revealing conversation emotional surprising and entertaining his story will appeal not only to his many fans and fellow bassists but to all musicians music lovers and biography enthusiasts

## Guide to the Euphonium Repertoire

2010-12-16

in compiling this landmark sourcebook finnish guitarists hannu annala and heiki matlik consulted more than 70 music texts as well as dozens of composer resumes acquired from the musical information centers of several countries during the writing process which lasted for more than three years they received additional information from many modern composers including leo brouwer and reginald smith brindle among others in addition several internationally renowned performing guitarists provided valuable information these include magnus andersson sweden remi boucher canada margarita escarpa spain aleksander frauchi russia and david tanenbaum usa among others the authors aim was to write a well structured book with separate chapters for each instrument such as the renaissance and baroque guitar the renaissance and baroque lute the vihuela etc this unique structure enables the reader to easily discover which composers wrote for a certain instrument during any given period in addition to the composers one would expect to find in such a comprehensive listing the book documents several historical and modern composers for whom little previous information has been available the book s list of more than 400 guitar and lute concertos dating from the baroque era to the present day is a totally unprecedented short introductions regarding guitar and lute like instruments as well as their basic histories are provided at the beginning of the book the authors hope that the handbook of guitar and lute composers will serve as a practical guide for both amateurs and professionals encouraging further study of the history of these instruments and expanding the repertoire heard on today s concert stage
