The Cumulative Book Index 1997

this book explores how people interact online through anonymous communication in encrypted hidden or otherwise obscured online spaces beyond the dark itself this book examines how the concept of dark social broadens the possibilities for examining notions of darkness and sociality in the age of digitality and datafied life the authors take into account technical moral ethical and pragmatic responses to ourselves and communities seeking to belong in of the dark scholarship on the darknet and dark social spaces tends to focus on the uses of encryption and other privacy enhancing technologies to engender resistance acts such understandings of the dark social are naturally in tension with social and political theories which argue that for politics and acts to matter they must appear in the public light they are also in tension with popular narratives of the dark recesses of the web which are disparaged by structural powers who seek to keep their subjects knowable and locatable on the clear web the binary of dark versus light is challenged in this book the authors provocation is that practices of dark resistance motility and power are enacted by emerging data cultures this book draws together scholarship activism and creativity to push past conceptual binary positions and create new approaches to darknet and dark social studies the dark social online practices of resistance motility and power will be a key resource for academics researchers and advanced students of media studies cultural studies communication studies research methods and sociology this book was originally published as a special issue of continuum journal of media cultural studies

Lineal List of Commissioned and Warrant Officers of the Marine Corps Reserve 1964

with over 5 200 entries this volume remains one of the most extensive annotated bibliographies on the usa s fight against japan in the second world war including books articles and declassified documents up to the end of 1987 the book is organized into six categories part 1 presents reference works including encyclopedias pictorial accounts military histories east asian histories hisotoriographies part 2 covers diplomatic political aspects of the war against japan part 3 contains sources on the economic and legal aspects of the war against japan part 4 presents sources on the military apsects of the war embracing land air and sea forces religious aspects of the war are covered in part 5 and part 6 deals with the social and cultural aspects including substantial sections on the treatment of japanese minorities in the usa hawaii canada and peru

Cumulated Index to the Books 1999

the 4 volumes in this set originally published between 1980 and 1983 bring to light and focus on the conflict between japan and australia and japan and the usa timothy hall s volumes richly illustrated with black white photographs used highly contentious documents as their sources and give fascinating insights into a period of australian history which is sometimes less than gloious john j sbrega s tour de force is not only one of the most extensive annotated bibliographies on the usa and japan in world war 2 ever published but it also provides invaluable information on lesser known but no less important aspects of the conflict

Books In Print 2004-2005 2004

this second edition covers recent developments around the world with contributors from 33 different countries it widens the handbook s scope by including ecological design consideration of cultural dimensions of the use and conservation of urban nature the roles of government and civil society and the continuing issues of equity and fairness in access to urban greenspaces new features include an emphasis on the biophilic design of homes and workplaces demonstrating the value of nature in order to counter the still prevalent attitude among many developers that nature is a constraint rather than a value the volume explores great practical achievements that have occurred since the first edition with many governments increasingly recognizing and legislating on urban nature and green infrastructure matters since cities play a major role in adapting to change particularly to climate crisis new topics such as the ecological role of light at night and human microbiota in the urban ecosystem are introduced additional attention is given to food production in cities particularly the multiple roles of urban agriculture and household gardens in different contexts from wealthy communities to the poorest informal settlements in deprived communities the emphasis is on demonstrating what can be achieved and what is already being done the book aims to help scholars and graduate students by providing an invaluable and up to date guide to current urban ecological thinking across the range of disciplines such as geography ecology environmental science studies planning and urban studies that converge in the study of towns and cities and urban design and living it will also assist practitioners and civil society members in discovering the ways different specialists and thinkers approach urban nature

The Haynes Computer Codes & Electronic Engine Management Systems Manual 1994

the period from 1913 to 1933 is not often seen as a coherent entity in the history of the united states it is more often viewed in terms of two distinct periods with the pre war era of political engagement idealism and reform known as progressivism separated by world war i from the materialism conservatism and disengagement of the prosperous 1920s to many postwar observers and later historians the entry of the united states into the european conflict in 1917 marked not just a dramatic departure in foreign relations but also the end of an era of reform this second edition of historical dictionary from the great war to the great depression covers the history of this period through a chronology an introductory essay appendixes and an extensive bibliography the dictionary section has more than 700 cross referenced entries on important personalities politics economy foreign relations religion and culture this book is an excellent access point for students researchers and anyone wanting to know more about a vital period in u s history

The Dark Social 1857

a fascinating encyclopedic survey of the spanish cuban american war the philippine war and the small wars between 1899 and the end of the occupation of haiti in 1934 the name changes themselves are instructive the usage of spanish american war ignores the fact that the war in cuba had been largely won by the cuban revolutionaries before us intervention hence the new title spanish cuban american war the use of philippine insurrection is replaced by philippine war since the philippine forces had taken much of the islands from spain before us ground forces arrived and guerillas or revolutionaries have replaced bandits the term used by the us to discredit oppositional forces annotation
