## **The American Way of War 1977**

a strong and stimulating book it has no rival in either scope or quality for libraries history buffs and armchair warriors it is a must for political science students career diplomats and officers in the armed services its reading should be required history a particularly timely account kansas city times it reads easily but is not a popularized history nor does the book become a history of battles weigley s analyses and interpretations are searching competent and useful perspective

## **The First Way of War 2005-01-31**

this 2005 book explores the evolution of americans first way of war to show how war waged against indian noncombatant population and agricultural resources became the method early americans employed and ultimately defined their military heritage the sanguinary story of the american conquest of the indian peoples east of the mississippi river helps demonstrate how early americans embraced warfare shaped by extravagant violence and focused on conquest grenier provides a major revision in understanding the place of warfare directed on noncombatants in the american military tradition and his conclusions are relevant to understand us special operations in the war on terror

## **Aspects Of War In American History 1997-02-01**

the story of the u s could be told in terms of the frequency impact of war by the changes that occurred in the years after the cessation of hostilities in this analysis of some of the conflicts that have engaged amer gov ts pres contributors present case studies which study both the phenomenon of war its foreign domestic implications includes the origins of the colonial militia in va the war of 1812 as a turning point in the history of the u s three of the most prominent gen in the civil war a comparison of the aftermath of the two world wars espec regarding the mil establishment naval policy the campaign for compulsory health insur the role of non gov t agencies in ww2 the vietnam war as Ôthe long shadow over american life

## **War, the American Way 2009**

war the american way studies the common patterns in how america thinks of and conducts its wars after a general view of the morphology of war the book analyzes the recurring themes in most american wars from among others with the native americans the mexican war the civil war the spanish american war world wars i and ii vietnam iraq and afghanistan the recurring theme is how america seems capable of fighting only holy wars for universal principles of american democracy and recently aiming at nation building to make the world safe for democracy

## ***American Way of War 1973***

details key issues and events that have governed the development of military strategy and policy making in the united states since colonial days

## **The Longest Year 2016-11-29**

a meticulous exploration of one of the most important years in american history the d day invasion launched on june 6 1944 is widely referred to as the longest day of world war two historian victor brooks argues that 1944 was in effect the longest year for americans of that era both in terms of casualties and in deciding the outcome of war itself brooks also argues that only the particular war events of 1944 could have produced the reshuffling of the cards of life that in essence changed the rules for most of the 140 million americans in some fashion rather than focusing on military battles and strategy alone the author chronicles the year as a microcosm of disparate military political and civilian events that came together to define a specific moment in time as war was raging in europe americans on the home front continued to cope with some prospering as us forces launched an offensive against the japanese in the mariana islands and palau folks at home enjoyed morale boosting movies and songs such as to have and have not and g i jive and as american troops invaded the island of leyte launching the largest naval battle during the war president franklin d roosevelt and thomas e dewey were in the home stretch leading up to the election of 1944 it has been said that the

arc of history is long throughout american history however some years have been truly momentous the longest year makes the case that 1944 was one such year skyhorse publishing as well as our arcade imprint are proud to publish a broad range of books for readers interested in history books about world war ii the third reich hitler and his henchmen the jfk assassination conspiracies the american civil war the american revolution gladiators vikings ancient rome medieval times the old west and much more while not every title we publish becomes a new york times bestseller or a national bestseller we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home

## **Toward an American Way of War 2004-03-31**

understanding of the american approach to warfare begins with historian russell weigley s classic work the american way of war he concluded that the american style of waging war centered primarily on the idea of achieving a crushing military victory over an opponent americans not unlike many of their european counterparts considered war an alternative to bargaining rather than part of an ongoing bargaining process as in the clausewitzian view their concept of war rarely extended beyond the winning of battles and campaigns to the gritty work of turning military victory into strategic success and hence was more a way of battle than an actual way of war unfortunately the american way of battle has not yet matured into a way of war the subject is important not just for academic reasons but for policy ones as well assumptions about how american political and military leaders conceive of war and approach the waging of it tend to inform their decisions in matters of strategic planning budgeting and concept and doctrine development the assumptions underpinning defense transformation for example appear to have more to do with developing an ever exquisite grammar than they do with serving war s logic a way of war uniquely american much of what weigley said about the american way of war would apply to the german french or british methods of warfare as well yet the picture he presents is incomplete hence one would do well to consider max boot s savage wars of peace which contends that americans actually practiced another way of war with regard to history s small wars such as the boxer rebellion and the philippine insurrection that did not necessarily involve wars for the complete overthrow of an opponent in the final analysis

boot rounds out the picture of the american approach to warfare thereby augmenting weigley's thesis rather than overturning it a way of battle while these two interpretations approach the american tradition of warfare from different perspectives they agree in one very critical respect the american way of war tends to shy away from thinking about the complicated process of turning military triumphs whether on the scale of major campaigns or small unit actions into strategic successes this tendency is symptomatic of a persistent bifurcation in american strategic thinking though by no means unique to americans in which military professionals concentrate on winning battles and campaigns while policymakers focus on the diplomatic struggles that precede and influence or are influenced by the actual fighting this bifurcation is partly a matter of preference and partly a by product of the american tradition of subordinating military command to civilian leadership which creates two separate spheres of responsibility one for diplomacy and one for combat in other words the weigley and boot interpretations are both important for implicitly revealing that the american style of warfare amounts to a way of battle more than a way of war

## ***The Routledge Introduction to American War Literature*** **2018-05-11**

war and violence have arguably been some of the strongest influences on literature but the relation is complex more than just a subject for story telling war tends to reshape literature and culture modern war literature necessarily engages with national ideologies and this volume looks at the specificity of how american literature deals with the emotional intellectual social political and economic contradictions that evolve into and out of war raising questions about how american ideals of independence and gender affect representations of war while also considering how specifically american experiences of race and class interweave with representations of combat this book is a rich and coherent introduction to these texts and critical debates

## **The War to End All Wars 1998-01-01**

the war to end all wars is considered by many to be the best single account of america s participation in world war i covering famous battles the birth of the air force naval engagements the war department and experiences of the troops this indispensable volume is again available in paperback for students and general readers

## **Men of War 2015-06-09**

in the grand tradition of john keegan s enduring classic the face of battle comes a searing unforgettable chronicle of war through the eyes of the american soldiers who fought in three of our most iconic battles bunker hill gettysburg and iwo jima this is not a book about how great generals won their battles nor is it a study in grand strategy men of war is instead a riveting visceral and astonishingly original look at ordinary soldiers under fire drawing on an immense range of firsthand sources from the battlefield alexander rose begins by re-creating the lost and alien world of eighteenth century warfare at bunker hill the bloodiest clash of the war of independence and reveals why the american militiamen were so lethally effective against the oncoming waves of british troops then focusing on gettysburg rose describes a typical civil war infantry action vividly explaining what union and confederate soldiers experienced before during and after combat finally he shows how in 1945 the marine corps hurled itself with the greatest possible violence at the island of iwo jima where nearly a third of all marines killed in world war ii would die as rose demonstrates the most important factor in any battle is the human one at bunker hill gettysburg and iwo jima the american soldier as much as any general proved decisive to an unprecedented degree men of war brings home the reality of combat and just as important its aftermath in the form of the psychological and medical effects on veterans as such the book makes a critical contribution to military history by narrowing the colossal gulf between the popular understanding of wars and the experiences of the soldiers who fight them praise for men of war a tour de force strikingly vivid well observed and compulsively readable the daily beast military history at its best this is indeed war up close as those who fought it lived it and survived it if they could men of war is deeply researched beautifully written the wall street journal a brilliant

riveting unique book men of war will be a classic general david h petraeus u s army retired the fact is that men of war moves and educates with the reader finding something interesting and intriguing on virtually every page national review this is a book that has broad value to a wide audience whether the reader aims to learn what actually happens in battle draw on the military lessons within or wrestle with what actually defines combat men of war is a valuable addition to our understanding of this all too human experience the new criterion a highly recommended addition to the literature of military history rose writes vividly and memorably with a good eye for the telling detail or anecdote kirkus reviews starred review using the firsthand accounts of brave soldiers who fought for freedom rose sheds new light on viewpoints we haven't heard as widely before it's a welcome perspective in an era where most people have no military experience to speak of the washington times rose poignantly captures the terror and confusion of hand to hand combat during the battle the dallas morning news if you want to know the meaning of war at the sharp end this is the book to read james mcpherson pulitzer prize winning author of the war that forged a nation

### ***Providing for the Casualties of War 2013-04-29***

war has always been a dangerous business bringing injury wounds and death and until recently often disease what has changed over time most dramatically in the last 150 or so years is the care these casualties receive and who provides it this book looks at the history of how humanity has cared for its war casualties and veterans from ancient times through the aftermath of world war ii

### ***Working-Class War 2000-11-09***

no one can understand the complete tragedy of the american experience in vietnam without reading this book nothing so underscores the ambivalence and confusion of the american commitment as does the composition of our fighting forces the rich and the powerful may have supported the war initially but they contributed little of themselves that responsibility fell to the poor and the working class of america senator george mcgovern reminds us of the disturbing truth that some 80 percent of the 2.5 million enlisted men who served in vietnam

out of 27 million men who reached draft age during the war came from working class and impoverished backgrounds deals especially well with the apparent paradox that the working class soldiers families back home mainly opposed the antiwar movement and for that matter so with few exceptions did the soldiers themselves new york times book review appy s treatment of the subject makes it clear to his readers almost as clear as it became for the soldiers in vietnam that class remains the tragic dividing wall between americans boston globe

## Arming the Nation for War 2014-05-15

a decorated world war i veteran federal judge robert p patterson knew all too well the needs of soldiers on the battlefield he was thus dismayed by america s lack of military preparedness when a second great war engulfed europe in 1939 40 with the international crisis worsening patterson even resumed military training as a forty nine yearold private before being named assistant secretary of war in july 1940 that appointment set the stage for patterson s central role in the country s massive mobilization and supply effort which helped the allies win world war ii in arming the nation for war a previously unpublished account long buried among the late author s papers and originally marked confidential patterson describes the vast challenges the united states faced as it had to equip in a desperately short time a fighting force capable of confronting a formidable enemy brimming with data and detail the book also abounds with deep insights into the myriad problems encountered on the domestic mobilization front including the sometimes divergent interests of wartime planners and industrial leaders along with the logistical difficulties of supplying far flung theaters of war with everything from ships planes and tanks to food and medicine determined to remind his contemporaries of how narrow the allied margin of victory was and that the war s lessons not be forgotten patterson clearly intended the manuscript which he wrote between 1945 and 47 when he was president truman s secretary of war to contribute to the postwar debates on the future of the military establishment that passage of the national security act of 1947 to which patterson was a key contributor answered many of his concerns may explain why he never published the book during his lifetime a unique document offering an insider s view of a watershed historical moment patterson s text is complemented by editor brian waddell s extensive introduction and notes in addition robert m morgenthau former manhattan district attorney and

a protégé of patterson s for four years prior to the latter s death in a 1952 plane crash offers a heartfelt remembrance of a man the new york herald tribune called an example of the public spirited citizen

## **The Longest Year 2016-11-29**

a meticulous exploration of one of the most important years in american history the d day invasion launched on june 6 1944 is widely referred to as the longest day of world war two historian victor brooks argues that 1944 was in effect the longest year for americans of that era both in terms of casualties and in deciding the outcome of war itself brooks also argues that only the particular war events of 1944 could have produced the reshuffling of the cards of life that in essence changed the rules for most of the 140 million americans in some fashion rather than focusing on military battles and strategy alone the author chronicles the year as a microcosm of disparate military political and civilian events that came together to define a specific moment in time as war was raging in europe americans on the home front continued to cope with some prospering as us forces launched an offensive against the japanese in the mariana islands and palau folks at home enjoyed morale boosting movies and songs such as to have and have not and g i jive and as american troops invaded the island of leyte launching the largest naval battle during the war president franklin d roosevelt and thomas e dewey were in the home stretch leading up to the election of 1944 it has been said that the arc of history is long throughout american history however some years have been truly momentous the longest year makes the case that 1944 was one such year skyhorse publishing as well as our arcade imprint are proud to publish a broad range of books for readers interested in history books about world war ii the third reich hitler and his henchmen the jfk assassination conspiracies the american civil war the american revolution gladiators vikings ancient rome medieval times the old west and much more while not every title we publish becomes a new york times bestseller or a national bestseller we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home

## **The Spanish-American War 1901**

outstanding the best short history i have read of america s role in world war ii stoler and michelmore draw on a judicious selection of historical documents to provide a concise readable history the historiography of the war is well covered and explained it is no small task to delineate the many sometimes heated debates over the conduct of the war and in this volume the many sides of the historical debate are fairly and evenly treated for a single volume study the book is remarkably comprehensive it addresses major events and decisions yet it also covers the political and policy driven strategic and operational and social and cultural aspects of the war the development of key technologies such as the atomic bomb and intelligence capabilities are explained finally this book also covers topics that are often neglected in histories of the war including racism in america the american response to the holocaust and the evolving role of women in the workforce adrian lewis the university of kansas author of the american culture of war the history of u s military forces from world war ii to operation enduring freedom routledge 2nd ed 2012

## **The United States in World War II 2018-10-15**

the book finds that the most important consideration for the public is the expectation of success if the public believes that a mission will succeed the public will support it even if the costs are high when the public does not expect the mission to succeed even small costs will cause the withdrawal of support providing a wealth of new evidence about american attitudes toward military conflict paying the human costs of war offers insights into a controversial timely and ongoing national discussion

## ***Paying the Human Costs of War 2009***

this ground breaking work explores the lives of average soldiers from the american revolution through the 21st century conflicts in afghanistan and iraq what was life really like for u s soldiers during america s wars were they conscripted or did they volunteer what did they eat

wear believe think and do for fun most important how did they deal with the rigors of combat and coming home this comprehensive book will answer all of those questions and much more with separate chapters on the american revolution the war of 1812 the mexican american war the civil war the indian wars the spanish american war world war i world war ii in europe world war ii in the pacific the cold war the korean war the vietnam war the persian gulf war the afghanistan war and war on terror and the iraq war each chapter includes such topical sections as conscription and volunteers training religion pop culture weaponry combat special forces prisoners of war homefront and veteran issues this work also examines the role of minorities and women in each conflict as well as delves into the disciplinary problems in the military including alcoholism drugs crimes and desertion selected primary sources bibliographies and timelines complement the topical sections of each chapter

## **Daily Life of U.S. Soldiers [3 volumes] 2019-06-14**

contains approximately one hundred alphabetized cross referenced articles on the impact of war on american society between 1946 and 2004 and includes photos and illustrations sidebars a chronology a glossary and twenty two primary source documents

## **Americans at War 2005**

this is a curated and comprehensive collection of the most important works covering matters related to national security diplomacy defense war strategy and tactics the collection spans centuries of thought and experience and includes the latest analysis of international threats both conventional and asymmetric it also includes riveting first person accounts of historic battles and wars some of the books in this series are reproductions of historical works preserved by some of the leading libraries in the world as with any reproduction of a historical artifact some of these books contain missing or blurred pages poor pictures errant marks etc we believe these books are essential to this collection and the study of war and have therefore brought them back into print despite these imperfections we hope you enjoy the unmatched breadth and depth of this collection from the historical to the just published works

## **True to the Old Flag 2015-02-24**

in the turbulent history of america each era has been delineated by a war although world war ii has been the backdrop for most of his writing perhaps no other historian has focused on modern america at war so strikingly as st

## **Americans at War 1997**

this compelling account charts the historical emergence of vicarious warfare and its contemporary prominence it contrasts its tactical advantages with its hidden costs and potential to cause significant strategic harm

## **History of War Book of the American Civil War 2016**

american war stories asks readers to contemplate what traditionally constitutes a war story and how that constitution obscures the normalization of militarism in american culture the book claims the traditionally narrow scope of war story as by a combatant about his wartime experience compartmentalizes war casting armed violence as distinct from everyday american life broadening war story beyond the specific genres of war narratives such as war films war fiction or war memoirs american war stories exposes how ingrained militarism is in everyday american life a condition that challenges the very democratic principles the united states is touted as exemplifying

## **Americans at War 2020**

american women have had a sterling tradition of courage sacrifice and dedication in support roles in the armed services in times of war and as spies guerrilla leaders and frontline correspondents most of their heroics and deeds have largely gone unreported even though many have been killed in the line of duty died of diseases or accidents or suffered as prisoners of war 1 1 focusing on human drama this riveting book tells vividly of women s achievements in

uniform going back to world war i it also relates in compelling style the heated controversy over sending women into combat a dispute that contributed to the suicide of admiral jeremy boorda in 1996 the gulf war of 1991 saw 37 000 women serve in uniform who like their predecessors performed admirably and demonstrated courage under fire this war and the subsequent tailhook scandal renewed the call by feminist groups and their supporters in congress to have the military remove once and for all the restrictions barring women from direct combat while some saw this struggle as a quest for equality and opportunity in uniform others fought just as vigorously to keep women out of combat the 1990s saw women assigned to ships to aircraft and to jobs previously denied them due to an easing of the long standing combat restrictions this resulted in a nationwide debate which many allege contributed to the suicide of admiral jeremy boorda in 1996 1 1 allowing women to serve in the military during wartime has been a subject of controversy since world war i when for the first time in history thousands answered the same patriotic call to duty as the men and volunteered unlike the men however these pioneers were targets of gossip and branded as camp followers by some since that time some 3 5 million american women have served their country as spies nurses guerrillas or war correspondents many of these volunteers were wounded or died in the line of duty others suffered as prisoners of war all with little or no recognition during world war ii the military actively recruited women to fill support roles in an effort to free more able bodied men for combat duty this resulted in the creation of women s branches of the armed services which enabled women to take on even greater challenges and more diversified roles than previously allowed these new organizations included 1 waacs later wacs army 1 waves navy 1 spars coast guard 1 marine corps women s reserve 1 wasps ferrying airplanes 1 these groups attracted more than 350 000 volunteers the tradition of volunteering continued on through conflicts in korea and vietnam and each time american women met their challenges with honor and distinction 1 1 iwar and american women r brings to life the compelling story of the ordinary and extraordinary women who served their country in times of war their largely unreported and unacknowledged acts of heroism are vividly recounted by an author whose style has been described by ithe new york times r as vintage hemingway

## ***Vicarious Warfare 2023-01-10***

eyewitness accounts of what american soldiers thought felt saw heard and tried to do in world war ii

## ***War and American Women 1997-02-11***

this book provides the most comprehensive examination of american expeditionary forces aef combat doctrine and methods ever published it shows how aef combat units actually fought on the western front in world war i it describes how four aef divisions the 1st 2nd 26th and 77th planned and conducted their battles and how they adapted their doctrine tactics and other operational methods during the war general john pershing and other aef leaders promulgated an inadequate prewar doctrine with only minor modification as the official doctrine of the aef many early american attacks suffered from these unrealistic ideas that retained too much faith in the infantry rifleman on the modern battlefield however many aef divisions adjusted their

doctrine and operational methods as they fought preparing more comprehensive attack plans employing flexible infantry formations and maximizing firepower to seize limited objectives

## **The Greatest War 1999**

multi million copy bestselling historian kenneth c davis sets his sights on war stories in the hidden history of america at war in prose that will remind you of the best teacher you ever had people magazine davis brings to life six emblematic battles revealing untold tales that span our nation s history from the revolutionary war to iraq along the way he illuminates why we go to war who fights the grunt s eye view of combat and how these conflicts reshaped our military and national identity from the battle of yorktown 1781 where a fledgling america learned hard lessons about what kind of military it would need to survive to fallujah 2004 which epitomized the dawn of the privatization of war hidden history of america at war takes readers inside the battlefield introducing them to key characters and events that will shatter myths misconceptions and romanticism replacing them with rich insight

## **REPORT TO THE SECRETARY OF WAR 2016-08-29**

the gi s war contains eyewitness accounts from ordinary young men farm hands and factory workers who had war thrust upon them and in the process became veteran soldiers their unsparing narratives presented in their own words capture the many emotions evoked by war gis and their commanding officers speak freely and movingly of becoming soldiers of enduring the ordeals of the various campaigns and of fighting for their lives and their country vividly personal and compelling this book puts the reader on the front lines

## **The AEF Way of War 2006-11-20**

how the west s greatest spy in asia tried to stop the new american way of war and the steep price he paid for failing jim thompson landed in thailand at the end of world war ii a former american society dilettante who became an asian legend as a spy and silk magnate with access

to thai worlds outsiders never saw as the cold war reached thailand america had a choice should it as thompson believed help other nations build democracies from their traditional cultures or as his ex oss friend willis bird argued remake the world through deception and self serving alliances in a story rich with insights and intrigue this book explores a key cold war episode that is still playing out today highlights a pivotal moment in cold war history that set a course for american foreign policy that is still being followed today explores the dynamics that put thailand at the center of the cold war and the fighting in neighboring laos that escalated from sideshow to the largest covert operation america had ever engaged in draws on personal recollections and includes atmospheric details that bring the people events and the thailand of the time to life written by a journalist with extensive experience in asian affairs who has spent years investigating every aspect of this story including thompson s tragic disappearance

## **The Politics of War 1968**

chronicles the rise of the american military and the role it played in winning world war i from the declaration of war in 1917 to the social changes that occurred on the home front

## **The Hidden History of America at War 2015-05-05**

using original documents from the u s army military history institute including extracts from letters and diaries of serving soldiers as well as from official reports and papers this book recalls the experiences of americans who fought in the first world war individual chapters cover different periods from enlistment to victory in a chronological fashion the book also features topics such as weaponry medical services and entertainment

## **The GI's War 2000-08-08**

on a hot august night in 1944 a soldier s body was discovered hanging by a rope from a cable spanning an obstacle course at seattle s fort lawton the body was identified as private

guglielmo olivotto one of the thousands of italian prisoners of war captured and brought to america the murder stunned the nation and the international community under pressure to respond quickly the war department convened a criminal trial at the fort charging three african american soldiers with the lynching and firstdegree murder of private olivotto forty other soldiers were charged with rioting accused of storming the italian barracks on the night of the murder all forty three soldiers were black there was no evidence implicating any of these men leon jaworski later the lead prosecuter at the watergate trial was appointed to prosecute the case and seek the death penalty for three men who were most assuredly innocent through his access to previously classified documents and the information gained from extensive interviews journalist jack hamann tells the whole story behind world war ii s largest army court martial a story that raises important questions about how justice is carried out when a country is at war

### **The Ideal Man 2011-10-31**

describes the pivotal contributions of the japanese american 100th battalion 442d regimental combat team of world war ii a segregated unit of japanese american soldiers that became the nation s most decorated unit

### **Over There 2000**

the puritans condemned war profiteering as a provoking evil george washington feared that it would ruin the revolution and franklin d roosevelt promised many times that he would never permit the rise of another crop of war millionaires yet on every occasion that american soldiers and sailors served and sacrificed in the field and on the sea other americans cheerfully enhanced their personal wealth by exploiting every opportunity that wartime circumstances presented in warhogs stuart d brandes masterfully blends intellectual economic and military history into a fascinating discussion of a great moral question for generations of americans can some individuals rightly profit during wartime while others sacrifice their lives to protect the nation drawing upon a wealth of manuscript sources newspapers contemporary periodicals government reports and other relevant literature brandes traces how

each generation in financing its wars has endeavored to assemble resources equitably to define the ethical questions of economic mobilization and to manage economic sacrifice responsibly he defines profiteering to include such topics as price gouging quality degradation trading with the enemy plunder and fraud in order to examine the different guises of war profits and the degree to which they have existed from one era to the next this far reaching discussion moves beyond a linear narrative of the financial schemes that have shaped this nation s capacity to make war to an in depth analysis of american thought and culture those scholars students and general readers interested in the interaction of legislative economic social and technological events with the military establishment will find no other study that so thoroughly surveys the story of war profits in america
