Back to 'Things in Themselves' 2013-10-08 in an enlightening dialogue with descartes kant husserl and gadamer professor seifert argues that the original inspiration of phenomenology was nothing other than the primordial insight of philosophy itself the foundation of philosophia perennis his radical rethinking of the phenomenological method results in a universal objectivist philosophy in direct continuity with plato aristotle and augustine in order to validate the classical claim to know autonomous being the author defends husserl s methodological principle back to things themselves from empiricist and idealist critics including the later husserl and replies to the arguments of kant which attempt to discredit the knowability of things in themselves originally published in 1982 this book culminates in a phenomenological and critical unfolding of the augustinian cogito as giving access to immutable truth about necessary essences and the real existence of personal being

Palimpsests of Themselves 2022-07-19 a free open access ebook is available upon publication learn more at luminosa.org palimpsests of themselves is an intervention in current discussions about the fate of philosophy in postclassical islamic intellectual history asad q ahmed uses as a case study the most advanced logic textbook of muslim south asia the ladder of the sciences presenting in english its first full translation and extended commentary he offers detailed assessments of the technical contributions of the work explores the social and institutional settings of the vast commentarial response it elicited and develops a theory of the philosophical commentary that is internal to the tradition these approaches to the commentarial text complicate presuppositions upon which questions of islam s intellectual decline are erected as such ahmed offers a unique and powerful opportunity to understand the transmission of knowledge across the islamic world

Things Themselves, The 1955 this book is concerned with the strivings satisfactions hopes and heartaches that pervade the teacher s life and work it is based in part on a study of more than 1000 teachers and students of education professor jersild writes with disarming lucidity about many abstruse conceptions he has the courage to discuss forthrightly important topics that are generally skirted in discussions about education i believe that when teachers face themselves will help any but the most recalcitrant reader to face himself more realistically from the foreword by stephen m corey director horace mann lincoln institute of school experimentation

When Teachers Face Themselves 2022-06-20 the book is an easily readable book which shows that the english translation of dolos slave as servant diakonos is incorrect the argument put forth is well documented researched and clearly presented to those of any religious or non religious persuasion and academic level interpretation is an explanation of what is not immediately plain in the bible because of the multifaceted character of the bible and its interpretation takes a variety of forms a basic requirement for the understanding of these documents is the grammatico historical interpretation or exegesis bringing out of the text the meaning the writer intended to convey and which their readers were expected to gather from it the meaning of the text for hearers today must be related to its meaning for the hearers to whom it was first addressed f f bruce scholars who deal seriously with literary texts have a name for texts that do not correspond to the actual words of an author such a text is called a corrupt text it is defined as a text that has been changed from its original and reliable form to something different from that standard a text that has been altered from the original intentionally or unintentionally leland ryken *They Called Themselves Slave* 1986 this important new work by roy wagner

is about the autonomy of symbols and their role in creating culture its argument anticipated in the author s previous book the invention of culture is at once symbolic philosophical and evolutionary meaning is a form of perception to which human beings are physically and mentally adapted using examples from his many years of research among the daribi people of new guinea as well as from western culture wagner approaches the question of the creation of meaning by examining the nonreferential qualities of symbols such as their aesthetic and formal properties that enable symbols to stand for themselves

Symbols that Stand for Themselves 1997-08-04 for generations of anthropologists the baining people have presented a challenge because of their apparent lack of cultural or social structure this group of small scale horticulturists seems devoid of the complex belief systems and social practices that characterize other traditional peoples of papua new guinea their daily existence is mundane and repetitive in the extreme articulated by only the most elementary familial relationships and social connections the routine of everyday life however is occasionally punctuated by stunningly beautiful festivals of masked dancers which the baining call play and to which they attribute no symbolic significance in a new work sure to evoke considerable repercussions and debate in anthropological theory jane fajans courageously takes on the baining problem arguing that the baining define themselves not through intricate cosmologies or social networks but through the meanings generated by their own productive and reproductive work

Great Contemporary Pianists Speak for Themselves 2005-04-13 surveys the theoretical foundations for a philosophy of development including the work of albert hirschman paolo freire john dewey and soren kierkegaard the author offers a practical suggestion of how goals of development can be better set and met he shifts the locus of initiative from the would be helpers to the doers

Helping People Help Themselves 2009 the question of whether arendt s distinction of the private public and society can be applied to the japanese cultural context will be examined it will be argued that repressed needs for equality plurality and independence have made their way back through increased civil political participation and that this process is driven by the renaissance of the pre meiji samurai principle of ethical individualism

How the Japanese Became Foreign to Themselves 2016-12-05 march 1998 saw byzantinists gathering together at the university of sussex in brighton for the annual symposium held by the society for the promotion of byzantine studies their aim was to consider the question of the byzantine outsider some categories of outsiders appear clear and simple those marked out by class race sex religion but these categories are not universals today historians of all periods are examining the ways in which we analyse the divisions in our societies which can determine how we look at societies in the past there is no consensus on who forms the outsider class in modern society it should come as no surprise that there was no consensus in byzantium as to who the outsiders were what they had done to deserve that status and what the result of their attaining it should have been the papers in this collection drawn from the large number presented at the xxxii spring symposium continue the debate about the idea of the byzantine outsider the scholars within theologians historians literary critics and art historians present differing approaches to different aspects of the problem the volume does not aim to have the last word but rather to provoke debate and to open the field any examination of society that uses the concept of the outsider has implicitly within it a concept of the insider by looking at those on the margins it becomes easier to see who were or at least thought they were on the inside

Strangers to Themselves: The Byzantine Outsider 2009-03-26 singing for themselves essays on women in popular music is a fresh look at a topic that has attracted increasing interest in recent years in this collection scholars from a number of disciplines look at various artists and movements and come to some new conclusions about the ways in which female artists have contributed to the past four decades of pop rock blues and punk from new looks at major artists etta james laura nyro and patti smith to later figures ferron björk and melissa etheridge these chapters suggest new ways to view and hear music that is already part of our culture essays on the indigo girls dixie chicks and destiny s child prove that the girl groups tradition is alive and well but with

additional new dimensions and a three essay section on joan jett and the riot grrrls phenomenon sheds new light on their implications for feminist artistic expression the final piece an annotated bibliography of academic writing on women in rock helps make this collection a useful addition to the library of students of popular music while the solid research and accessibility of the text make this a good choice for the general reader as well as the seasoned scholar if you think that adoration of certain pop music is a guilty pleasure not worthy of higher intellectual aspirations then singing for themselves offers absolution it s far from trivial to ponder the tao of canadian singer ferron the classical allusions of laura nyro s lyrics the postfeminist booty shaking of destiny s child or the historical milieu that turned jamesetta hawkins into blues great etta james reading these essays made me want to go right back to the music feeling wiser yes but also validated in the desire to go as deep as any song or singer can take me michele kort author of soul picnic the music and passion of laura nyro and senior editor at ms magazine i ve read singing for themselves essays on women in popular music and am happy to provide an endorsement singing for themselves is a consistently interesting collection of new essays on women and popular music the collection is all the more welcome for being so current it mixes essays on recent phenomena such as electronic punk group le tigre and the dixie chicks stirring of political controversy with new perspectives on canonical figures like patti smith or etta james the essays gathered here are written with clear commitments but all are marked by care and scholarly rigour i found the interdisciplinary breadth of singing for themselves refreshing new avenues for research are opened up here and new theoretical paradigms are explored will straw phd acting director mcgill institute for the study of canada associate professor department of art history and communication studies opening this book was like opening the door onto a surprise party everyone i ve ever wanted to meet was in there including myself ferron

Singing for Themselves 2002-09-04 an inquiry into improvisation as practiced by richard bull and his contemporaries

Dances that Describe Themselves 1957-05-15 the philosophic search for truth has been evident in all ages and among all peoples the developments of each generation require new philosophies and the recasting of old ones the eighteenth century was no exception and the scientific advances of the times brought about many innovations in philosophic thought at a time when scientists were reducing certain phenomena of the natural world to expressions of a few simple mathematical laws men such as berkeley hume and kant were trying to discover how far and on what basis human reason could be applied with similar success in other fields the selections in this book preceded by short biographical sketches document this philosophic search the selections are liberal and well chosen indeed only an examination of the table of contents will give an adequate idea of the value of this volume how better can one become a modern thinker than by reading and studying at first hand the writings that have made modern thought possible roger w holmes the philosophical review

Philosophers Speak for Themselves 2016-03-31 learn how to use mock trials to bring history and literature to life when students take on the roles of lawyers and witnesses in historical or literary trials they develop greater investment in the topics they learn rigorous close reading and questioning techniques and they are able to deeply explore and reflect upon themes of justice and responsibility in this new book from award winning teacher david sherrin you ll find out how this lively

instructional strategy will make learning a more immersive engaging and memorable experience for your middle school and high school students the book includes a clear how to guide to get the most out of mock trials in your class ready made units and lessons to get you started right away complete with sample scripts primary source documents scaffolding worksheets and assessment rubrics templates and step by step instructions to help you design your own mock trials the pre made units which sherrin spent years refining in his classroom cover historical topics such as the nuremberg trials and the inquisitions of martin luther and galileo you ll also find fun and interactive mock trials based on the literary works the pearl and to kill a mockingbird these lessons will help students at all ability levels to become better readers public speakers and critical thinkers for even more engaging lessons try out sherrin s companion book on role plays the classes they remember using role plays to bring social studies and english to life *Judging for Themselves* 2004 this book makes the radical claim that rather than interpreting the constitution from on high the court should be reflecting popular will or the wishes of the people themselves *The People Themselves* 2001-01-01 from its origins in the victorian era as a marginal and somewhat shady enterprise the advertising trade in canada changed radically after the turn of the century rising quickly to a position of influence and respectability in this book russell johnston tells the story of the people who made it so johnston s setting is the dynamic intersection of business and culture during the early decades of the twentieth century during this period he argues magazines and newspapers grew increasingly dependent on sales of advertising space and this precipitated a widespread restructuring of the publishing industry ultimately this affected the range and content of canadian periodicals setting the parameters for a newly invigorated though still fragile canadian magazine industry johnston charts this process by exploring the lives goals and ideas of a new breed of solicitor the ad agent and shows how agencies began to draw on the disciplines of psychology and economics to promote their products thus initiating the modern market research industry the only thorough analysis of the forces shaping advertising in canada prior to 1930 this study documents the emergence in canada of a key component of the modern culture of consumption *Selling Themselves* 1840 grossman examines the narrative form of paradise lost to discover milton s thoroughly modern concept of self banished from paradise the epic poem s protagonists become authors to themselves in all both what they judge and what they choose left to create their own story in relation to the story already written by god grossman believes the resulting structure of the poem must be understood in the context of seventeenth century historical and theological developments specifically bacon s notion of history as progress and protestant theology s notion of the inner voice the book draws upon recent works in hermeneutics and analytic history to develop the argument that there is a common structure to the experience of time in action and in narrative in developing this thesis grossman draws on the work stephen greenblatt ricoeur toodorov genette derrida and lacan to construct an original reading of paradise lost that will fascinate miltonists specialists in seventeenth century literature and readers concerned with narrative theory

Who are the Infidels, those who call themselves Socialists, or followers of Robert Owen, or those who call themselves Christians, or followers of Jesus Christ? Third edition 1864 the nature of jewish christian relations at the end of the first century has been a subject of serious study and considerable debate the time between 70 and 150 ce is held to

be a volatile time in that jewish christian relations were quickly although not uniformly deteriorating this is a time referred to as the partings of the ways when the church was emerging as a religion apart from judaism although it has often been neglected in this study of particular interest is the apocalypse of john since it was written in this dark and turbulent time in jewish christian relations john who is a jewish christian is writing to what are likely predominantly gentile churches at first he appears to deny the very name jew to his ethnic kin while accusing them of belonging to satan 2 9 3 9 nevertheless he does not abandon his own jewish background and theology he makes broad use of the hebrew scriptures and jewish cultic imagery while maintaining a christian understanding that jesus is the fulfillment of god s redemptive plan what is of particular interest is how he adopts and adapts this imagery and language and applies it to the church it is john s mix of jewish imagery with a christian message that may provide some insight into his perspective on the relationship between these two increasingly polarized sects what exactly this perspective is constitutes the subject of the present discussion

On the Inspiration of the Scriptures, Shewing the Testimony which They Themselves Bear as to Their Own Inspiration 1987 neuroscience has found that neuroplasticity of brain cells allows brains to invent themselves remodeling of brains can be facilitated by schools and universities what may be done to accelerate that positive inventing so as to prepare for rapidly accelerating change as an ibm advertisement reads it is time to ask smarter questions this book helps the reader do that what is worse than being blind to something being blind to your blindness says eric haseltine who has worked for both disney and the national security agency being blind to what our brains can do is slowly changing brain researchers recently found that we can now be our own subjects of brain experimentation research shows how one can change one s brain by changing one s mind in her 2010 high school valedictorian speech erica goldson courageously said the majority of students are put through the same brainwashing techniques in order to create a complacent labor force working in the interests of large corporations and secretive government and worst of all they are completely unaware of it this book shows professors teachers parents and interested citizens how students can become aware and reach higher levels of consciousness

Authors to Themselves 2006-08-01 the main objective of this paper is to provide estimates of the cost of moving out of subsistence for madagascar s farmers the analysis is based on a simple asset return model of occupational choice estimates suggest that the entry sunk cost associated with moving out of subsistence can be quite large somewhere between 124 and 153 percent of a subsistence farmer s annual production our results make it possible to identify farm characteristics likely to generate large gains if moved out of subsistence yielding useful information for the targeting of trade adjustment assistance programs world bank web site

"Those Who Call Themselves Jews" 2012-01-01 erich kahler renowned author of man the measure the tower and the abyss and the meaning of history aims in these essays to establish the meaning of certain basic concepts that have developed in the course of human evolution and to examine in what respect they may still be valid in our present circumstances the essays all deal from different aspects with the relation between what may be considered permanent in man and what changes with the expansion of political units the technological transformation of our ways of life the unification of our globe and the enlargement of human consciousness
