nazi ufos tells the strange tale of how following the first alleged flying saucer sightings made in the usa in 1947 a series of fantasists and neo fascists came forward to create a media myth that the nazis may have invented these incredible

craft as a means for winning the second world war a plan which was tantalisingly close to completion before the allies conquered berlin in 1945 today the fantasy of nazi ufos has grown into an entire mythology in books on tv and online did germany back engineer anti gravity craft and even a full blown time machine by stripping technology from a crashed alien saucer did the ss secretly invent green technology for use in their star ship engines and was this planet saving discovery later suppressed at the behest of a sinister big oil conspiracy did himmler try to develop lightning weapons for use in aerial combat by contrasting the fake military industrial pseudo histories of nazi ufo theorists with details of real life nazi aerospace achievements the author demonstrates both how this modern day mythology came about and how it cannot possibly be more than fractionally true for the first time this fake alternative military history is laid out in full this book features an appealing cast of con men and spies complete madmen real life nazis and completely made up ones operating right across the globe from south america to wartime europe and japan a good example may be the mad professor viktor schauberger who actually genuinely did manage to gain a personal audience with adolf hitler in order to try and convince him that he had discovered and then exploited some amazing new source of natural free energy which could make objects such as saucers in the opinion of some float hitler dismissed his plan but it does nonetheless show how close some bizarre schemes came to being implemented in nazi germany

alien abduction over a century ago the story was related to a catholic priest by an elderly man on his deathbed the man claimed that as a boy he was part of a posse searching for stolen cattle in the mountains south of tucson arizona in 1899 when a huge silver bowl in the sky flew ahead of the posse the lawman in charge ordered the group to split up the witness said a tiny man in silver colored clothes confronted him with a hollow tube the boy drew his revolver and fired six shots into the creature the little man flickered like a candle flame and disappeared the boy rejoined the posse and the lawman set off alone to investigate about an hour later the silver bowl rose into the air and took off when the posse rode to the area where they d seen the ufo ascend they found the lawman s horse but no sign of the man himself an apache tracker with the group said the depth of the animal s hoofprints showed the man had left the horse at a certain point however there were no bootprints at the spot indicating he d dismounted and proceeded on foot the posse searched the area for several days but found no trace of the missing lawman

this riveting work of investigative reporting and history exposes classified government projects to build gravity defying aircraft which have an uncanny resemblance to flying saucers the atomic bomb was not the only project to occupy government scientists in the 1940s antigravity technology originally spearheaded by scientists in nazi germany was another high priority one that still may be in effect today now for the first time a reporter with an unprecedented access to key sources in the intelligence and military communities reveals suppressed evidence that tells the story of a quest for a discovery that could prove as powerful as the a bomb the hunt for zero point explores the scientific speculation that a zero point of gravity exists in the universe and can be replicated here on earth the pressure to be the first nation to harness gravity is immense as it means having the ability to build military planes of unlimited speed and range along with the most deadly weaponry the world has ever seen the ideal shape for a gravity defying vehicle happens to be a perfect disk making antigravity tests a possible explanation for the numerous ufo sightings of the past 50 years chronicling the origins of antigravity research in

the world s most advanced research facility which was operated by the third reich during world war ii the hunt for zero point traces u s involvement in the project beginning with the recruitment of former nazi scientists after the war drawn from interviews with those involved with the research and who visited labs in europe and the united states the hunt for zero point journeys to the heart of the twentieth century s most puzzling unexplained phenomena
