1960s and the early 1970s the continuing trend toward market consolidation the proliferation of sizes and nameplates and the need for speed characterized this period loosely labeled as the muscle car era this is an exhaustive reference work to american made cars of model years 1960 1972 organized by year and summarizing the market annually it provides a yearly update on each make s status and production figures then details all models offered for that year model listings include available body styles base prices engine and transmission choices power ratings standard equipment major options and their prices curb weight and dimensions interior and exterior paint color choices changes from the previous year s model and sales figures also given are assembly plant locations and historical overviews of each model nameplate the book is profusely illustrated with 1 018 photographs the codes guidebook for interiors sixth edition is the standards reference of choice for designers and architects and the only guide devoted exclusively to codes applicable to interiors the interior codes and standards reference of choice for designers and architects updated for the 2018 and 2021 codes if you are involved with the design or management of buildings and spaces it is important to remain up to date on the ever evolving codes and standards that keep communities safe with over 80 000 copies sold the codes guidebook for interiors continues to provide comprehensive explanations of the major codes and standards applicable to commercial and residential interior projects the easily navigable format gives clear perspective to how these often confusing concepts and requirements are integrated into real world practice helping designers incorporate the relevant standards into their projects updated with the most recent changes and insights to the codes and standards of the icc nfpa ansi ada and other standards the eighth edition provides unparalleled and integrated guidance on building safety accessibility sustainability energy efficiency and more updates to the eighth edition include explanations of code requirements highlighting the latest changes in the 2018 and 2021 icc codes including the international building code and the nfpa s life safety code clarifications to how and when the ada aba and the icc ansi accessibility requirements will apply to a
